VII. Policy

This policy applies to the procurement of supplies and services. It shall apply to every expenditure of public funds by UIPA and to any public purchase irrespective of the source of the funds. If the procurement involves the expenditure of federal assistance or grant funds, the procurement shall be conducted in accordance with any mandatory applicable federal law and regulation and this policy. Nothing in this policy shall prevent UIPA from complying with the terms and conditions of any grant, gift, or bequest that is otherwise consistent with law. All procurement types require a separation of duties so that the individual requesting and/or approving the purchase is not the same individual who is authorizing to sign for the good or service. All UIPA must comply with the UIPA Segregation of Duties and the UIPA Contracts Policy as it relates to procurement and acquisition of goods and services.

VIII. Purchase Types

Minimal Purchases

Minimal Purchases are purchases having an aggregate total value with a single vendor of no more than \$5,000.00 annually within the fiscal year. So long as funds used for such purchases are part of the annual approved budget, UIPA staff may make a Minimal Purchase request without following any formal process set forth in this Policy. Notwithstanding this exception, the purchaser shall make a reasonable effort to identify and utilize the lowest responsible provider of the purchase.

Small Purchases

Small Purchases are purchases having an aggregate total value with a single vendor of no more than \$50,000.00 annually within the fiscal year. So long as funds are used for such purchases are part of the annual approved budget, UIPA staff may make a Small Purchase request so long as two or more competitive quotes are received.

State Cooperative Contract Purchasing

Any item or service that is on a State Cooperative Contract may be purchased without following the Invitation for Bids or RFP requirements set forth in this Policy.

Designated Professional Services

UIPA may procure Professional Services including but not limited to financial, legal, architects, engineers, accountants, physicians, and construction managers and other similar Professional Services. These Services may be procured via competitive sealed bid based on demonstrated competence and qualification at a fair and reasonable price.

UIPA may engage with vendors for a concession agreement that gives the vendor the right to operate a specific business within UIPA owned or leased ground or property.

Contracting with Other Governmental Agencies

Where it is demonstrated that such services provide optimal value, UIPA may contract with a government agency through the use of an interlocal agreement without utilizing the formal procurement procedures set forth in this Policy.

Sole Source Procurement

Sole Source Procurement may arise when UIPA requires a Supply or Service of a unique or specialized nature, and to the best of the requester's knowledge and belief, based

upon thorough research, only one known supplier is reasonably available to meet the need; or when specific parts, accessories, equipment, material, Services, proprietary items, or other items are necessary to meet UIPA's needs and there are no comparable items reasonably available; or items are procured for resale. Sole source procurement is not to be used to avoid competition.

UIPA may utilize sole source procurement in lieu of the formal procurement requirements set forth in this Policy when the Executive Director determines that its use is appropriate. This approval must be in writing and stored with the Chief Risk & Compliance Officer.

Emergencies, Public Threats, and Unforeseen Conditions

- the interest of the UIPA; or
- fair competition.

Limited Addenda

After the deadline for submitting proposals, UIPA may, at the discretion of the procurement official, issue a request for proposals addendum that has limited application only to offerors that have submitted proposals, if the addendum does not change the request for proposals in a way that, in the opinion of the procurement official, would likely have affected the number of proposals submitted in response to the request for proposals had the addendum been included in the original request for proposals.

Discussions with a Person Who Submits a Proposal

UIPA may have discussions with an offeror to obtain a more complete understanding of whether the offeror is responsible or the offeror's proposal is responsive. UIPA may reject a proposal following discussions with an offeror if the UIPA determines that the offeror is not responsible or the proposal is not responsive.

Evaluation

UIPA will follow the [Evaluation Committee](#) section for evaluations.

Best & Final Offers

1. The best and final offer process may be used only in a request for proposals process, whether the request for proposals process is used

independently or after the establishment of an approved vendor list through the approved vendor list process; and may not be used in any other standard procurement process, whether the other standard procurement process is used independently or after the establishment of an approved vendor list through the approved vendor list process.

2. Subject to Subsection (3), UIPA may request best and final offers from responsible offerors only with the approval of the procurement official; and if:
 - a. no single proposal adequately addresses all the specifications stated in the request for proposals;
 - b. all proposals are unclear or deficient in one or more respects;
 - c. all cost proposals exceed the identified budget or the procurement unit's available funding; or
 - d. two or more proposals receive an identical evaluation score that is the highest score.
3. UIPA may request a best and final offer from, and a best and final offer may be submitted to the UIPA by, only a responsible offeror that has submitted a responsive proposal that meets the minimum mandatory criteria stated in the request for proposals required to be considered in the stage of the procurement process at which best and final offers are being requested.
4. The best and final offer process may not be used to change a determination that an offeror is not responsible to a determination that the offeror is responsible or a determination that a proposal is not responsive to a determination that the proposal is responsive.
5. This Subsection (5) applies if a request for best and final offers is issued because all cost proposals exceed the identified budget or the UIPA's available funding.

UIPA may, in the request for best and final offers:

BP-07 PROCUREMENT

- a. specify the scope of work reductions the procurement unit is making in order to generate proposals that are within the identified budget or the procurement unit's available funding; or
- b. invite offerors submitting best and final offers to specify the scope of work reductions being made so that the reduced cost proposal is within the identified budget or the procurement unit's available funding.

UIPA is not required to accept a scope of work reduction that an offeror has specified in the offeror's best and final offer.

A best and final offer submitted with a reduced cost proposal shall include an itemized list identifying specific reductions in the offeror's proposed scope of work that correspond to the offeror's reduced cost proposal.

A reduction in the scope of work may not:

- a. eliminate a component identified in the request for proposals as a minimum mandatory requirement; or
 - b. alter the nature of the original request for proposals to the extent that a request for proposals for the reduced scope of work would have likely attracted a significantly different set of offerors submitting proposals in response to the request for proposals.
6. If a request for best and final offers is issued because two or more proposals received an identical evaluation score that is the highest score:
- a. the request may be issued only to offerors who submitted a proposal receiving the highest score; and
 - b. an offeror submitting a best and final offer may revise the technical aspects of the offeror's proposal; the offeror's cost proposal, as provided in Subsection (5); or both the technical aspects of the offeror's proposal and, as provided in Subsection (5), the offeror's cost proposal.
7. In a request for best and final offers, the UIPA shall:
- a. clearly specify:

Policy Owner:	Amy Brown Coffin	Approved By:	

BP-07 PROCUREMENT

- i. the issues that the UIPA requests the offerors to address in their best and final offers; and
 - ii. how best and final offers will be evaluated and scored
 - b. establish a deadline for an offeror to submit a best and final offer; and
 - c. if applicable, establish a schedule and procedure for conducting discussions with offerors concerning the best and final offers.
8. In conducting a best and final offer process under this section, a conducting procurement unit shall:
 - a. maintain confidential information the procurement unit receives from an offeror, including any cost information, until a contract has been awarded or the request for proposals canceled;
 - b. ensure that each offeror receives fair and equal treatment; and
 - c. safeguard the integrity of the scope of the original request for proposals, except as specifically provided otherwise in this section.
9. In a best and final offer, an offeror:
 - a. may address only the issues described in the request for best and final offers; and
 - b. may not correct a material error or deficiency in the offeror's proposal or address any issue not described in the request for best and final offers.
10. If an offeror fails to submit a best and final offer, the UIPA shall treat the offeror's original proposal as the offeror's best and final offer.
11. After the deadline for submitting best and final offers has passed, the evaluation committee shall evaluate the best and final offers submitted using the criteria described in the request for proposals.
12. An offeror may not make and the UIPA may not consider a best and final offer that the conducting procurement unit has not requested under this section.

UIPA may use the RFSQ process:

- as one of the stages of a multiple-stage standard procurement process; and
- to identify qualified vendors to participate in other stages of the multiple-stage procurement process.

UIPA shall use the process described in this section as part of the approved vendor list process, if the procurement unit intends to establish an approved vendor list.

UIPA may not:

- award a contract based solely on the process described in this section; or
- solicit costs, pricing, or rates or negotiate fees through the process described in this [Approved Vendor List Procurement](#) process.

The process of identifying qualified vendors in a multiple-stage standard procurement process or of establishing an approved vendor list is initiated by a procurement unit issuing a request for statement of qualifications.

A request for statement of qualifications in a multiple-stage standard procurement process shall include:

1. a statement indicating that participation in other stages of the multiple-stage standard procurement process will be limited to qualified vendors;

Corrections

After the deadline for submitting a statement of qualifications, the procurement official may allow a vendor to correct an immaterial error in a statement of qualifications, as provided in the [Correcting Immaterial Errors](#) section.

- there has been a change in the vendor's circumstances after the vendor submits a statement of qualifications that, if the change had been known at the time the statement of qualifications was evaluated, would have caused the statement of qualifications not to have received a qualifying score; or
- the statement of qualifications:
 - is not responsive; or
 - does not meet the mandatory minimum requirements, evaluation criteria, or applicable score thresholds stated in the request for statement of qualifications.

If UIPA rejects a statement of qualifications, the Solicitation Officer shall:

- make a written finding, stating the reasons for the rejection; and
- provide a copy of the written finding to the vendor that submitted the rejected statement of qualifications.

Evaluation Committee

After the issuance of a request for statement of qualifications, the UIPA shall appoint an evaluation committee according to the [Committee Composition](#) section of this policy. UIPA may reduce the number of individuals appointed to an evaluation committee if the procurement official determines in writing that the evaluation criteria:

- consist of only objective criteria; and
- do not include any subjective criterion that requires analysis, assessment, or deliberation.

An evaluation committee:

- Shall evaluate and score statements of qualifications submitted in response to a request for statement of qualifications using the minimum mandatory requirements, evaluation criteria, and applicable score thresholds set forth in the request for statement of qualifications;
- May not evaluate or score a statement of qualifications using criteria not included in the request for statement of qualifications; and
- May, with the approval of the procurement official, enter into discussions or conduct interviews with or attend presentations by vendors, for the

purpose of clarifying information contained in statements of qualifications.

Vendor Discussion, Interview or Presentation

In a discussion, interview, or presentation, a vendor may only explain, illustrate, or interpret the contents of the vendor's original statement of qualifications; and

Evaluation Completion

After the evaluation committee completes its evaluation and scoring of the statements of qualifications, the evaluation committee shall submit the statements of qualifications and evaluation scores to the procurement official for review and final determination of:

The issuing procurement unit shall review the evaluation committee's scores and correct any errors, scoring inconsistencies, and reported noncompliance this section.

Deliberations

One Qualified Vendor

If only one vendor meets the minimum qualifications, evaluation criteria, and applicable score thresholds set forth in the request for statement of qualifications that the procurement unit is using as part of an approved vendor list process, the conducting procurement unit may:

- cancel the request for statement of qualifications; or
- establish an approved vendor list that includes the one vendor if the procurement unit continues to try to identify more vendors to be included on the approved vendor list by:
 - keeping the request for statement of qualifications open; or
 - immediately reissuing the request for statement of qualifications and repeating the process under this section.

A procurement unit may at any time request a vendor to clarify information contained in a statement of qualifications, as provided in the [Clarifying Information](#) section.

BP-07 PROCUREMENT

After receiving and reviewing the statements of qualifications and evaluation scores submitted by the evaluation committee, the procurement official of the procurement unit using the request for statement of qualifications process under this section as one of the stages of a multiple-stage procurement process shall identify those vendors meeting the minimum mandatory requirements, evaluation criteria, and applicable score thresholds as qualified vendors who are allowed to participate in the remaining stages of the multiple-stage procurement process.

- negotiate contracts for design professional services:
- on the basis of demonstrated competence and qualification for the type of services required; and

Evaluation

After the issuance of a request for statement of qualifications, the UIPA shall appoint an evaluation committee according to the [Committee Composition](#) section of this policy.

An evaluation committee may enter into discussions or conduct interviews with, or attend presentations by, the design professionals whose statements of qualifications are under consideration.

An evaluation committee shall rank the top three highest scoring design professionals, in order of their scores, for the purpose of entering into fee negotiations.

If fewer than three responsible design professionals submit statements of qualifications that are determined to be responsive, the procurement official shall issue a written determination explaining why it is in the best interest of the procurement unit to continue the fee negotiation and the contracting process with less than three design professionals.

Deliberations

Design Professional deliberations will follow the [Deliberations](#) section with the Evaluation Committee.

Determination of Compensation

The procurement officer shall award a contract to the qualified design professional whose statement of qualifications was awarded the highest score by the evaluation committee, at compensation that the procurement officer determines, in writing, to be fair and reasonable to the procurement unit.

In making the determination described in the paragraph above, the procurement officer shall take into account:

- the estimated value, scope, and professional nature of the services; and
- the complexity of the project or services.

If the procurement officer is unable to agree to a satisfactory contract with the highest scoring design professional, at a price the procurement officer

determines to be fair and reasonable to the procurement unit, the procurement officer shall:

- formally terminate discussions with that design professional; and
- undertake discussions with the second highest scoring, qualified design professional.

If the procurement officer is unable to agree to a satisfactory contract with the second highest scoring design professional, at a price the procurement officer determines to be fair and reasonable to the procurement unit, the procurement officer shall:

- formally terminate discussions with that design professional; and
- undertake discussions with the third highest scoring, qualified design professional.

If the procurement officer is unable to award a contract at a fair and reasonable price to any of the highest scoring design professionals, the procurement officer shall:

- select additional design professionals; and
- continue discussions in accordance with this part until an agreement is reached.

XI. Approved Vendor List Procurement

A procurement unit may not establish an approved vendor list unless the procurement unit has first completed the [Statement of Qualifications process](#) described in Section 63G-6a-410.

A procurement unit may not establish an approved vendor list unless the procurement unit has first completed the statement of qualifications process.

UIPA may establish an approved vendor list for:

- a specific, fully defined procurement item; or
- a future procurement item that is not specifically and fully defined, if the request for statement of qualifications contains a general description of:

Document Number:	BP-07	Version:	3.2
Effective Date:	December 2019	Last Revision Date:	
Policy Owner:	Amy Brown Coffin	Approved By:	

BP-07 PROCUREMENT

- the procurement item; and
- the type of vendor that the procurement unit seeks to provide the procurement item.

UIPA may not award a contract to a vendor on an approved vendor list for a procurement item that is outside the scope of the general description of the procurement item contained in the request for statement of qualifications.

After receiving the statements of qualifications and evaluation scores submitted by the [evaluation committee](#), the procurement official of the procurement unit using the [request for statement of qualifications process](#) as part of an approved vendor list process shall:

- include on an approved vendor list those vendors meeting the minimum mandatory requirements, evaluation criteria, and applicable score thresholds; and
- reject any vendor not meeting the minimum mandatory requirements, evaluation criteria, and applicable score thresholds as ineligible for inclusion on the approved vendor list.

A procurement unit shall include approved vendors on a closed-ended approved vendor list or an open-ended approved vendor list. A closed-ended approved vendor list shall expire no later than 18 months after the publication of the closed-ended approved vendor list. A procurement unit shall verify, no less frequently than every 18 months, by a method approved by the procurement official, that each vendor on an open-ended approved vendor list continues to meet the minimum mandatory requirements, evaluation criteria, and applicable score thresholds.

UIPA may:

- using a bidding process, request for proposals process, small purchase process, or design professional procurement process, award a contract to a vendor on an approved vendor list for any procurement item or type of procurement item specified by the procurement unit in the request for statement of qualifications, including procurement items that the procurement unit intends to acquire in a series of future procurements described in the request for statement of qualifications; and
- limit participation in a bidding process, request for proposals process, small purchase process, or design professional procurement process to vendors on an approved vendor list.

BP-07 PROCUREMENT

After establishing an approved vendor list, the solicitation officer shall, before using the approved vendor list, submit the approved vendor list to the Procurement Official.

The procurement official administering an open-ended approved vendor list shall:

- require a vendor seeking inclusion on the approved vendor list to submit a statement of qualifications that complies with all requirements applicable at the time of the initial request for statement of qualifications; and
- if modifying the requirements for inclusion on the approved vendor list, apply any new or additional requirement to all vendors equally, whether a vendor is seeking inclusion on the approved vendor list for the first time or is already included on the approved vendor list.

XII. Request for Information (RFI)

UIPA may issue a request for information to obtain information, comments, or suggestions before issuing a solicitation. A request for information is not a procurement process and may not be used to: negotiate fees; make a purchase; determine whether a procurement may be made; or enter into a contract.

A response to a request for information is not an offer and may not be accepted to form a binding contract.

When UIPA receives pricing information in response to a request for information, the solicitation officer shall ensure that an individual who serves on an evaluation committee to evaluate proposals that include a proposal as to which the pricing information applies does not have access to the pricing information, except when the procurement official signs a written statement indicating why waiving the prohibition is in the best interests of the UIPA.

XIII. Correcting Immaterial Errors

UIPA may allow a vendor to correct an immaterial error in a responsive solicitation response as provided in this section.

Document Number:	BP-07	Version:	3.2
Effective Date:	December 2019	Last Revision Date:	
Policy Owner:	Amy Brown Coffin	Approved By:	

BP-07 PROCUREMENT

In the case that UIPA allows a vendor to correct an immaterial error in a responsive solicitation response shall:

- require the vendor to submit the correction in writing; and
- establish a deadline by which the vendor is required to correct the immaterial error.

A procurement unit may not allow a vendor to correct an immaterial error in a responsive solicitation response after the deadline.

XIV. Clarifying Information

UIPA may at any time make a written request to a vendor to:

- clarify information contained in a responsive solicitation response; or
- provide additional information that the procurement unit determines the procurement unit needs to determine whether the vendor is responsible.

When UIPA requests a vendor to clarify or provide additional information they shall establish a deadline by which the vendor is required to submit the clarifying or additional information. UIPA may not allow a vendor to submit clarifying or additional information after the deadline has passed.

XV. Evaluation Committee

Protocol

The evaluation committee shall evaluate proposals in accordance with the process described in the request for proposals.

To determine which proposal provides the best value to the UIPA, the evaluation committee shall evaluate each responsible offeror's responsive proposal that has not been disqualified from consideration under the provisions of this section, using the evaluation criteria described in the request for proposals.

Criteria not described in the request for proposals may not be used to evaluate a proposal.

BP-07 PROCUREMENT

Committee Composition

The UIPA shall appoint an evaluation committee of at least three members to evaluate proposals received in response to a request for proposals issued by the UIPA.

For each solicitation, the solicitation officer will:

- Appoint evaluation committee members who have at least a general familiarity with or basic understanding of:
 - the technical requirements relating to the type of procurement item that is the subject of the procurement; or
 - the need that the procurement item is intended to address; and
- ensure that the evaluation committee and each individual participating in the evaluation committee process:
 - does not have a conflict of interest with any of the offerors;
 - can fairly evaluate each proposal;
 - does not contact or communicate with an offeror concerning the procurement outside the official evaluation committee process; and
 - conducts or participates in the evaluation in a manner that ensures a fair and competitive process and avoids the appearance of impropriety.

UIPA may authorize an evaluation committee to receive assistance from an expert or consultant, who is not a member of the evaluation committee and does not participate in the evaluation scoring, to better understand a technical issue involved in the procurement.

Special interest groups should be limited to non-scoring committee members.

Redacted Costs

Except as provided in the following paragraph, an evaluation committee member is prohibited from knowing or having access to information relating to the cost of a proposal until after the evaluation committee submits its recommendation to the procurement unit based on the scores of all criteria other than cost.

A procurement official may waive the prohibition of paragraph above by signing a written statement indicating why waiving the prohibition is in the best interests of the UIPA.

BP-07 PROCUREMENT

Deliberations

The deliberations and other proceedings of an evaluation committee may be held in private.

If the evaluation committee is a public body, as defined in Utah Code §52-4-103, the evaluation committee shall comply with Utah Code §52-4-205 in closing a meeting for its deliberations and other proceedings.

Final Recommended Scores

An evaluation committee may not change its final recommended scores after the evaluation committee has submitted those scores to the procurement unit.

At the conclusion of the evaluation process, an evaluation committee shall prepare and submit to the procurement unit a written statement that:

- recommends a proposal for an award of a contract, if the evaluation committee decides to recommend a proposal;
- contains the score awarded to the recommended proposal based on the criteria stated in the request for proposals; and
- explains how the recommended proposal provides the best value to the procurement unit.

Award Exclusions

UIPA is not required to comply with above process for a contract with a construction manager/general contractor if the contract is awarded based solely on:

- the qualifications of the construction manager/general contractor; and
- the management fee to be paid to the construction manager/general contractor.

XVI. Multiple Award Contracts

The UIPA division or an independent procurement unit may enter into multiple award contracts with multiple persons.

Multiple award contracts may be in a procurement unit's best interest if award to two or more bidders or offerors for similar procurement items is needed or desired for adequate delivery, service, availability, or product compatibility.

Document Number:	BP-07	Version:	3.2
Effective Date:	December 2019	Last Revision Date:	
Policy Owner:	Amy Brown Coffin	Approved By:	

BP-07 PROCUREMENT

If UIPA enters into multiple award contracts procurement, UIPA staff shall:

- a. exercise care to protect and promote competition among bidders or offerors when seeking to enter into multiple award contracts;
- b. name all eligible users of the multiple award contracts in the invitation for bids or request for proposals; and
- c. if the UIPA anticipates entering into multiple award contracts before issuing the invitation for bids or request for proposals, state in the invitation for bids or request for proposals that the procurement unit may enter into multiple award contracts at the end of the procurement process.
- d. obtain, under the multiple award contracts, all of its normal, recurring requirements for the procurement items that are the subject of the contracts until the contracts terminate; and
- e. reserve the right to obtain the procurement items described in Subsection (d) separately from the contracts if there is a need to obtain a quantity of the procurement items that exceeds the amount specified in the contracts; or the procurement officer makes a written finding that the procurement items available under the contract will not effectively or efficiently meet a nonrecurring special need of a procurement unit.

XVII. Multiyear Contracts

UIPA may enter into a multiyear contract resulting from an invitation for bids or a request for proposals, if:

- the procurement official determines, in the discretion of the procurement official, that entering into a multiyear contract is in the best interest of the procurement unit; and
- the invitation for bids or request for proposals:
 - states the term of the contract, including all possible renewals of the contract; and
 - states the conditions for renewal of the contract;

In making the determination described above, the procurement official shall consider whether entering into a multiyear contract will:

Document Number:	BP-07	Version:	3.2
Effective Date:	December 2019	Last Revision Date:	
Policy Owner:	Amy Brown Coffin	Approved By:	

BP-07 PROCUREMENT

- result in significant savings to the procurement unit, including:
- reduction of the administrative burden in procuring, negotiating, or administering contracts;
- continuity in operations of the procurement unit; or
- the ability to obtain a volume or term discount;
- encourage participation by a person who might not otherwise be willing or able to compete for a shorter term contract; or
- provide an incentive for a bidder or offeror to improve productivity through capital investment or better technology.
- help retain a critical vendor or process
- stabilize pricing for the duration of the contract

UIPA may not continue or renew a multiyear contract after the end of the multiyear contract term or the renewal periods described in the contract, unless the procurement unit engages in a new standard procurement process or complies with an exception, described in this section, to using a standard procurement process.

Exceptions

A multiyear contract, including any renewal periods, may not exceed a period of five years, unless:

- the procurement official determines, in writing, that:
 - a longer period is necessary in order to obtain the procurement item;
 - a longer period is customary for industry standards; or
 - a longer period is in the best interest of the procurement unit; and
- The written determination described in the above points are included in the file relating to the procurement.

Design or construction of a facility, real estate purchases, or a contract for the financing of equipment is excluded from the five-year limitation.

XVIII. Board Approval

If the board specifically approves within the annual budget specific items for statutory requirements, related projects, and professional services, the UIPA will be able to proceed with obtaining goods and services. However, if a specific good or service is not

approved with an annual or amended budget, then board approval will be needed. In addition, if the board approves a purchase, lease, sublease or sale of real property, the payment of real estate brokerage fees and leasing or other commissions in connection therewith is assumed and authorized without specific authorization in the board approval.

For purchases or contracts > 3 years in term or > \$250,000 cumulative value, the board must approve prior to any purchase.

XIX. Protest

A protest may be filed with the protest officer by a person who:

- has standing; and
- is aggrieved in connection with a procurement or an award of a contract.

Protest Deadlines

A protest may not be filed after:

1. The opening of bids, for a protest relating to a procurement under a bidding process; or
2. The deadline for submitting responses to the solicitation, for a protest relating to another standard procurement process; or
3. The closing of the procurement stage that is the subject of the protest:
 - if the protest relates to a multiple-stage procurement; and
4. The day that is seven days after the day on which the person knows or first has constructive knowledge of the facts giving rise to the protest, if:
 - the protestor did not know and did not have constructive knowledge of the facts giving rise to the protest before:
 - the opening of bids, for a protest relating to a procurement under a bidding process;
 - the deadline for submitting responses to the solicitation, for a protest relating to another standard procurement process; or
 - the closing of the procurement stage that is the subject of the protest, if the protest relates to a multiple-stage procurement; or
 - the protest relates to a procurement process not described above.

Effective Date:	December 2019	Last Revision Date:

BP-07 PROCUREMENT

The deadline for filing a protest may not be modified.

Protest Filing

A protestor shall include in a protest:

- the protestor's mailing address and email address; and
- a concise statement of the facts and evidence:
- leading the protestor to claim that the protestor has been aggrieved in connection with a procurement and providing the grounds for the protestor's protest; and
- supporting the protestor's claim of standing.

Protest Considerations

A protest may not be considered unless it contains facts and evidence that, if true, would establish:

- a violation of this section or other applicable law;
- the procurement unit's failure to follow a provision of a solicitation;
- an error made by an evaluation committee or conducting procurement unit;
- a bias exercised by an evaluation committee or an individual committee member, excluding a bias that is a preference arising during the evaluation process because of how well a solicitation response meets criteria in the solicitation;
- a failure to correctly apply or calculate a scoring criterion; or
- that specifications in a solicitation are unduly restrictive or unduly anticompetitive.

A protest may not be based on:

- The rejection of a solicitation response due to a protestor's failure to attend or participate in a mandatory conference, meeting, or site visit held before the deadline for submitting a solicitation response;
- a vague or unsubstantiated allegation; or
- a person's claim that:
 - a procurement unit that complied with the public notice process within this policy did not provide individual notice of a solicitation to the person; or
 - the person received late notice of a solicitation for which notice was provided in accordance with the public notice process within this policy.

Document Number:	BP-07	Version:	3.2
Effective Date:	December 2019	Last Revision Date:

BP-07 PROCUREMENT

A protest may not include a request for:

- an explanation of the rationale or scoring of evaluation committee members;
- the disclosure of a protected record or protected information in addition to the information provided under the disclosure provisions of this section; or
- other information, documents, or explanations not explicitly provided for in this section.

A person who fails to file a protest within the time prescribed in the Protest Deadline may not:

- Protest to the protest officer a solicitation or award of a contract; or
- File an action or appeal challenging a solicitation or award of a contract before an appeals panel, a court, or any other forum.

XX. Prohibited Conduct and Penalties

BP-07 PROCUREMENT

- One or more of the multiple smaller procurements qualify as a small purchase under this section; and
- the division is done with the intent to:
 - Avoid having to use a standard procurement process, other than the small purchase process, that the person would otherwise be required to use for the single procurement; or
 - Make one or more of the multiple smaller procurements fall below a small purchase expenditure threshold.

An individual is not in violation of prohibited conduct for receiving or accepting, offering or agreeing to receive or accept, or asking for a promise or pledge of a contribution on behalf of the UIPA, unless done with the intent that the UIPA, in exchange:

- award a contract or grant;
- make a procurement decision; or
- take an action relating to the administration of a contract or grant.

A person is not guilty of prohibited conduct for:

 - b. make a procurement decision; or
 - c. take an action relating to the administration of a contract or grant; or
2. giving or offering, promising, or pledging to give something of value to an organization to which a procurement professional or contract administration professional belongs, unless done with the intent to induce the UIPA, in exchange, to:

 - b. make a procurement decision; or
 - c. take an action relating to the administration of a contract or grant.

It is not prohibited for a person to give or receive, offer to give or receive, or promise or pledge to give or ask for a promise or pledge of, a hospitality gift, if:

Your willingness to participate as an RFP evaluation committee member is an integral part of the procurement process. The Utah Inland Port Authority (“UIPA”) truly appreciates your assistance and expertise.

Your designation as an RFP evaluation committee member requires that you fully understand the policies regarding potential conflicts of interest and the confidential nature of the proposals and all that is contained therein. Under the Utah Administrative Code R33-124-101, “unlawful conduct shall be governed in accordance with the requirements set forth in Utah Code §63G-6a-2401 through 2407 [of the Utah Procurement Code].” Rule 33-124 of the Utah Administrative Code provides additional requirements and procedures and must be used in conjunction with the Utah Procurement Code.

Confidentiality

The competitive procurement process and the policies of the UIPA ensures that the competitive process operates in a fair and equitable manner. As an RFP evaluation committee member, you may have access to information not generally available to the public and are charged with special professional and ethical responsibilities. This information may include information about proposers that is to be used only during the evaluation process, and for discussion only with fellow RFP evaluation committee members. You shall not communicate the evaluation, scoring, or status of any proposal or business entity at any time prior to, during, or after the procurement process. You shall not use such information obtained as an RFP evaluation committee member for either personal benefit, pecuniary or otherwise, or copy and/or disseminate any portion of any proposal at any time prior to, during, or after the procurement process.

Conflict of Interest

A conflict of interest or the appearance of a conflict of interest may occur if you are directly or indirectly involved with an organization that has submitted a proposal for evaluation. Prior to reviewing any proposals, you must inform the UIPA of any potential conflicts of interest. If you become aware of any potential conflict of interest as you review a proposal, you must immediately notify the UIPA. other business entity, whether through direct association with contract representatives, indirect associations, through recreational activities or otherwise.

As part of the UIPA Procurement Policy, a conflict of interest includes:

R33-124-104. Socialization with Vendors and Contractors.

(1) A procurement professional shall not:

(a) participate in social activities with vendors or contractors that will interfere with the proper performance of the procurement professional's duties;

(b) participate in social activities with vendors or contractors that will lead to unreasonably frequent disqualification of the procurement professional from the procurement process; or

(c) participate in social activities with vendors or contractors that would appear to a reasonable person to undermine the procurement professional's independence, integrity, or impartiality.

(2) If an executive branch procurement professional participates in a social activity prohibited under R33-124-104(1) or has a close personal relationship with a vendor or contractor, the procurement professional shall promptly notify their supervisor and the supervisor shall take the appropriate action, which may include removal of the procurement professional from the procurement or contract administration process that is affected.

R33-124-105. Financial Conflict of Interests Prohibited.

(1) A procurement conflict of interest is a situation in which the potential exists for an executive branch employee's personal financial interests, or for the personal financial interests of a family member, to influence, or have the appearance of influencing, the employee's judgment in the execution of the employee's duties and responsibilities when conducting a procurement or administering a contract.

(2) In order to preserve the integrity of the State's procurement process, an executive branch employee may not take part in any procurement process, contracting or contract administration decision:

(a) relating to the employee or a family member of the employee; or

(b) relating to any entity in which the employee or a family member of the employee is an officer, director or partner, or in which the employee or a family member of the employee owns or controls 10% or more of the stock of such entity or holds or directly or indirectly controls an ownership interest of 10% or more in such entity.

(3) If a procurement process, contracting or contract administration matter arises relating to the employee or a family member of the employee, the employee must advise his or her supervisor of the relationship, and must be recused from any and all discussions or decisions relating to the procurement, contracting or administration matter. The employee must also comply with all disclosure requirements in Utah Code Title 67 Chapter 16, Utah Public Officers' and Employees' Ethics Act.

R33-124-106. Personal Relationship, Favoritism, or Bias Participation Prohibitions.

(1) Executive branch employees are prohibited from participating in any and all discussions or decisions relating to the procurement, contracting or administration process if they have any type of personal relationship, favoritism, or bias that would appear to a reasonable person to influence their independence in performing their assigned duties and responsibilities relating to the procurement process, contracting or contract administration or prevent them from fairly and objectively evaluating a proposal in response to a bid, RFP or other solicitation. This provision shall not be construed to prevent an employee from having a bias based on the employee's review of a response to the solicitation in regard to the criteria in the solicitation.

(2) If an executive branch employee has a personal relationship, favoritism, or bias toward any individual, group, organization, or vendor responding to a bid, RFP or other solicitation, the employee must make a written disclosure to the supervisor and the supervisor shall take appropriate action, which may include recusing the employee from any and all discussions or decisions relating to the solicitation, contracting or administration matter in question. This provision shall not be construed to prevent an employee from having a bias based on the employee's review of a response to the solicitation in regard to the criteria in the solicitation.

R33-124-107. Professional Relationships and Social Acquaintances Not Prohibited.

(1) It is not a violation for an executive branch employee who participates in discussions or decisions relating to the procurement, contracting or administration process to have a professional relationship or social acquaintance with a person, contractor or vendor responding to a solicitation, or that is under contract with the State, provided that there is compliance with Rule R33-124-105, Rule R33-124-106, the

Utah Public Officers' and Employees' Ethics Act, The Governor's Executive Order (EO 002 2014) "Establishing an Ethics Policy for Executive Branch Agencies and Employees," and other applicable State laws.
