

UTAH INLAND PORT AUTHORITY

RESOLUTION 2025-12

A RESOLUTION OF THE UTAH INLAND PORT AUTHORITY BOARD APPROVING AND ADOPTING THE SKYLINE CORRIDOR INLAND PORT PROJECT AREA PLAN

WHEREAS, pursuant to §11-58-301(1) Utah Code Annotated as amended (“UCA”), the Utah Inland Port Authority (“Authority”) is “governed by a board which shall manage and conduct the business and affairs of the Authority”; and

WHEREAS, the Authority heretofore approved the creation of the Skyline Corridor Inland Port Project Area to facilitate and fund regional economic development opportunities and maximize the long-term economic benefit of the region; and

WHEREAS, pursuant to §11-58-501(2a) UCA, the “The board may adopt a project area plan for land that is outside the authority jurisdictional land,”; and

WHEREAS, without any intended impact to any and all related prior actions heretofore, the Authority Board desires to reconsider, approve, adopt, and ratify (as necessary) the Skyline Corridor Inland Port Project Area Plan which was originally adopted on October 7, 2024;

NOW, THEREFORE, BE IT RESOLVED BY THE AUTHORITY BOARD as follows:

1. The Authority Board has found and determined that the adoption and amendment of the Skyline Corridor Inland Port Project Area Plan, attached as Exhibit A (the “Prior Approval”), is hereby approved, adopted and ratified (as necessary) without any intended impact to the Prior Approval and any and all related actions taken in reliance thereon.
2. This Resolution is effective March 11, 2025, upon the affirmative vote of the Authority Board.

PASSED AND ADOPTED by the Authority Board this 11th day of March, 2025.

Utah Inland Port Authority

Abby Osborne
Chair

A Utah Inland Port Project Area

Project Area Plan & Budget

October 7, 2024

DEFINITIONS

Term	Definitions
Authority Infrastructure Bank	“Authority Infrastructure Bank” or “AIB” means the UIPA infrastructure revolving loan fund, established in Utah Code 63A-3-402, with the purpose of providing funding, through infrastructure loans, for infrastructure projects undertaken by a borrower for use within a Project Area.
Base Taxable Value	The taxable value of property within any portion of a Project Area, as designated by board resolution, from which the property tax differential will be collected, as shown upon the assessment roll last equalized before the year in which UIPA adopts a project area plan for that area.
Development Project	A project for the development of land within a Project Area
Effective Date	Date designated in the UIPA board resolution adopting the Project Area Plan on which the Project Area Plan becomes effective. It is also the beginning date UIPA will be paid Differential generated from a Project Area.
Project Area	As to land outside the authority jurisdictional land, whether consisting of a single contiguous area or multiple non-contiguous areas, real property described in a project area plan or draft project area plan, where the development project set forth in the project area plan or draft project area plan takes place or is proposed to take place. The authority jurisdictional land (see Utah Code Ann. sections 11-58-102(2) and 11-58-501(1)) is a separate project area.
Legislative Body	For unincorporated land, the county commission or council. For land in a municipality, it is the legislative body of such municipality.
Loan Approval Committee	Committee consisting of the individuals who are the voting members of the UIPA board.
Project Area Budget	Multiyear projection of annual or cumulative revenues and expenses and other fiscal matters pertaining to a Project Area.
Project Area Plan	Written plan that, after its effective date, guides and controls the development within a Project Area.
Property Tax(es)	Includes a privilege tax and each levy on an ad valorem basis on tangible or intangible personal or real property.
Property Tax Differential	The difference between the amount of property tax revenues generated each tax year by all Taxing Entities from a Project Area, using the current assessed value of the property and the amount of Property Tax revenues that would be generated from that same area using the Base Taxable Value of the property but excluding an assessing and collecting levy, a judgment levy, and a levy for a general obligation bond. This is commonly referred to as tax increment.
Taxing Entity	Public entity that levies a Property Tax on property within a Project Area, other than a public infrastructure district that UIPA creates.

EXECUTIVE SUMMARY

The Utah Inland Port Authority (UIPA) was established to facilitate appropriate development of the Inland Port's jurisdictional land and other Project Areas within the state of Utah to further the policies and objectives of the Inland Port outlined in Chapter 58, Title 11 Utah Code Annotated 1953, as amended (UIPA Act). One mechanism for achieving these purposes is the creation of a Project Area where a Development Project is proposed to take place (Project Area). A Project Area is created as explained below under the Requirements section.

In order for a Project Area to be established by UIPA, the legislative body of the county or municipality in which the Project Area is located must provide written consent. The following public entities passed formal resolutions requesting the establishment of a UIPA Project Area on the following dates:

- Ephraim City passed a resolution on October 18, 2023
- Manti City passed a resolution on January 17, 2024
- Gunnison City passed a resolution on September 20, 2023
- Salina City passed a resolution on August 23, 2023
- Richfield City passed a resolution on May 28, 2024
- Wayne County passed a resolution on May 20, 2024

With multiple distinct zones, the Skyline Corridor Inland Port Project Area will provide for a wider pool of resources that exist across Central Utah. Through the collaborative efforts of these land use authorities and leveraging the resources available through UIPA, we have the opportunity to catalyze substantial economic growth and foster diversified development within the designated zones of the inland port project. Each zone will work independently as a piece of the larger project area, but will be unified by the need for growth and facilitate the expansion of the anticipated economic development.

Our statute requires the drafting of a Project Area Plan and Budget in conjunction with public process for adoption of the plan. This document, once adopted, would constitute the plan (Skyline Corridor Inland Port Project Plan) as required by law.

LOGISTICS INFRASTRUCTURE & VALUE PROPOSITION

The Skyline Corridor Project Area includes areas across the three county region of Sanpete, Sevier, and Wayne Counties. The communities where the project area parts will be located are Ephraim, Gunnison, Salina, and Richfield cities with the Wayne County project located in unincorporated Wayne County. Transportation assets include US 89, Interstate 70, and Utah State Route 24. Other important routes include Utah State Routes 132 and 28 connecting Ephraim and Gunnison to Nephi, Utah and Interstate 15. There is no immediate access to the national rail network in the three county region.

The three county region has a combined population of 52,445 residents as of the 2020 census. Sanpete and Sevier counties are the 13th and 14th largest counties respectively, and Wayne County is the third smallest county in Utah. The population of the three county region is expected to grow to 66,774 by 2060 representing a 79% increase to the current population. Total employment for the three county region is expected to increase from 27,716 in 2020 to 35,493 in 2060. Employment sectors include professional, technical, scientific, accommodation, and tourism.

The largest population centers in the three county region are Ephraim (Sanpete County), with a population of 5,611, Richfield (Sevier County) with a population of 7,551 and Loa (Wayne County) with a population of 572, all from the 2020 census.

Logistics Considerations

The Skyline Corridor Project Area spans multiple jurisdictions that may not initially appear to align with traditional logistics hubs. However, after several visits to area businesses and consultations with local officials, it is clear that this is a thriving and dynamic region teeming with opportunity. Historically, these areas have relied heavily on agriculture for economic output. Sanpete County is one of Utah's leading agricultural regions, particularly known for its turkey farming. The county is famous for producing high-quality turkeys. Sevier County has leaned heavily into tourism and recreation activities, known nationwide for the Paiute ATV trail system and extensive mountain biking trails and terrain. Wayne County is most famous for being the home of Capitol Reef National Park, one of Utah's mighty five national parks. In addition to a tourism and recreation based economy, Wayne County benefits significantly from ranching and farming activities.

SUPPLY AND DEMAND

Top supplied commodities from Sanpete County include live poultry, processed poultry or eggs, fresh dressed poultry, frozen dressed poultry, and field crops. Poultry products account for \$460M in economic output each year for the county. Sanpete County's top intrastate trading partners include Salt Lake and Utah counties with the total value of \$77M. Commodities supplied to both counties are primarily poultry products. The top interstate trading partner for the county includes the greater Los Angeles region with a total value of \$85M. Commodities to this region include poultry products and field crops. 99.88% of commodities originating in Sanpete County travel by truck. The remaining 0.12% travels by rail.

Top inbound commodities to Sanpete County include farm products, freight drayage and warehouse, food or kindred products, and petroleum or coal products.

Sevier County's top supplied commodities include coal, fertilizer products, livestock, and dairy farm products. Coal is by far the county's top export by tonnage (4.1M tons) and value (\$122M). Primary intrastate trading partners include Emery County to the east and Salt Lake County to the north. Commodities supplied to these regions include coal, livestock, and field crops. Top interstate trading partners include the greater Los Angeles region and the greater New York City region in Connecticut. Those commodities include nonmetallic minerals and farm products.

Top inbound commodities to Sevier County include petroleum or coal products, freight drayage and warehouse, and farm products. All commodities moving into and out of Sevier County move by truck.

Wayne County's top supplied commodities include farm products, freight drayage and warehouse, waste or scrap materials. Farm products (\$15.4M) and freight drayage and warehouse (\$14.8M) are the county's top export by value. Primary intrastate trading partners include Salt Lake (\$4.3M) and Cache (\$2.9M) counties. Commodities to these areas include farm products and waste or scrap materials. Wayne County's largest interstate trading partner is the Charlotte Metro Area in North Carolina (\$14.8M). Commodities from Wayne County to North Carolina include freight drayage and warehouse (\$14.7M) and farm products (\$193K).

RAIL

Much of the Skyline Corridor Project Area was rail-served prior to the 1983 Thistle landslide disaster in Spanish Fork canyon. The Dever & Rio Grande Western Railway operated 61 miles of track known as the Marysvale Branch that provided rail service to many of the towns in Sanpete and Sevier counties. Due to declining rail traffic on the line and in light of the months-long cleanup efforts due to the landslide, the decision was made to abandon the line. The ties and rails were removed in 1989. All former rail traffic was converted to trucks shortly thereafter.

TRUCK

The project area is serviced by several major arterial corridors comprising interstate highways, U.S. highways, state highways and other important thoroughfares. Noteworthy corridors include Interstate 70, U.S. 89, and Utah State Route 24. 99% of all commodities originating and terminating in the project area are handled via truck.

INFRASTRUCTURE: CURRENT STATE

Current infrastructure in the project area includes U.S. 89 with connections to U.S. 6 to the north and Interstate 70 to the south. Alternate routes to Interstate 15 include Utah State Route 132 from Ephraim to Nephi and Utah State Route 28 from Gunnison to Nephi, both connecting communities to Interstate 15. Salina is an interchange point between U.S. 50, U.S. 89, Utah State Route 24, and Interstate 70. Richfield also benefits from a direct connection to Interstate 70. Wayne County is connected to Interstate 70 via Utah State Route 24.

No rail connections exist in the project area. The closest connection to the railroad is at Levan, 36 miles to the west.

Airports and airfields inside and/or near the project area include the Salina-Gunnison Airport, the Richfield Municipal Airport, and the Wayne Wonderland Airport.

The Salina-Gunnison Airport is a public-use airport located five nautical miles northeast of the central business district of Salina. It is owned by the cities of Salina and Gunnison. It covers an area of 610 acres and has one asphalt runway (2/20) that measures 3,855 by 60 feet. For the 12 month period ending September 2023, the airport recorded 1,215 aircraft operations.

The Richfield Municipal Airport is a public-use airport located one nautical mile southwest of the central business district of Richfield. It is owned by the city of Richfield. The facility has one asphalt runway (1/19) that measures 7,100 by 100 feet. There was no information regarding airport operations from the FAA.

The Wayne Wonderland Airport is a public-use airport located three nautical miles southeast of Loa. It is owned by Wayne County. It has one asphalt runway (13/31) that measures 5,693 by 75 feet. There was no information regarding aircraft operations from the FAA.

No major gas transmission infrastructure exists in the project area. There is a large concentration of power infrastructure near Sigurd in Sevier County. The Sigurd Substation serves as a large distribution substation for the region.

INFRASTRUCTURE: SHORT TERM CONSIDERATIONS (3 - 5 YEARS)

According to UDOT, there are no capital roadway infrastructure projects programmed for the region. There are several minor projects such as sign modification and replacement as well as general maintenance and pavement rehabilitation scheduled to take place over the next three to five years.

As the project area develops, it is recommended that a general roadway improvement plan be developed in coordination with the cities and counties to plan for anticipated growth. Future businesses wishing to locate inside the project area will need to coordinate with Rocky Mountain Power and Enbridge Energy on the availability of power and gas infrastructure.

INFRASTRUCTURE: LONG TERM CONSIDERATIONS (5+ YEARS)

Long-term considerations for the project area include a transportation master plan for each city and county with specifics around optimizing logistics assets inside the project area.

OVERVIEW

Purposes and Intent

By adopting this Project Area Plan and creating the Skyline Corridor Project Area, UIPA will be maximizing long-term economic benefits to the Project Area, the region, and the State; maximize the creation of high-quality jobs, and other purposes, policies, and objectives described herein and as outlined in the Port Authority Act.

Area Boundaries

A legal description of the proposed area boundaries and a map can be found in [Appendices A](#) and [B](#).

Legislative Body Consent

Written consent from the Ephraim City Council (ECR 23-19, approved October 18, 2023), the Manti City Council (Resolution 2024-1, approved January 17, 2024), the Gunnison City Council (Resolution 2023-11, approved September 20, 2024), the Salina City Council (Resolution R229-2023, approved August 23, 2023), the Richfield City Council (Resolution 2024-8, approved May 28, 2024), and the Wayne County Commission (Resolution 052024, approved May 20, 2024) can be found in [Appendix C](#).

Landowner Exclusion

Pursuant to UCA 11-58-501, "an owner of land proposed to be included within a project area may request that the owner's land be excluded from the project area." A project area exclusion request must be submitted by the respective landowner in writing to the UIPA board no more than 45 days after their public meeting under Subsection 11-58-502(1), which states, "the board shall hold at least one public meeting to consider and discuss a draft project area plan." Landowners may submit notarized written requests either in person or via certified mail to Attn: Larry Shepherd, 60 E. South Temple, Suite 600, Salt Lake City, UT 84111.

Project Area Budget

UIPA will prepare a yearly budget for each year prior to expending tax differential revenues. A preliminary summary budget for the project area can be found in [Appendix D](#).

Environmental Review

For the UIPA Board to adopt a Project Area Plan, an environmental review for the project area must be completed. To ensure that any required environmental studies, documentation, or action is conducted according to federal, state, and local regulatory standards, the project area's environmental

considerations are reviewed to provide recommendations for next steps and/or approval before work, which could pose environmental impacts, may commence.

The environmental review consists of a desktop review of publicly available environmental data that considers the following elements as applicable: Environmental Justice, NEPA Reporting Requirements, Past and Present Land Uses, Geotechnical Resources, Historical and Cultural Resources including Tribal Lands, Natural Resources, Water Resources, Environmental Quality, and Air Quality.

A brief summary of environmental considerations for the Skyline Corridor Inland Port Project Area is included below. The full environmental review report can be found in [Appendix E](#).

SUMMARY OF SKYLINE CORRIDOR ENVIRONMENTAL CONSIDERATIONS

- Approximately 1,415 acres with noncontiguous areas in Sanpete, Sevier, and Wayne Counties
- Koosharem and Kanosh Bands of the [Paiute Indian Tribe of Utah](#) are located near the project area
- Utah Prairie Dog, Yellow-billed Cuckoo, Ute Ladies'-tresses, and Last Chance Townsendia are designated threatened species that may exist in the project area
 - no designated critical habitats are located within the project area
- 21 migratory birds are listed on the [US Fish and Wildlife Service \(USFWS\) Birds of Conservation Concern \(BCC\)](#) and may exist in the project area
- Multiple wildlife management areas and the Redmond Conservation Easement are located in proximity to the project area
- Several impaired water bodies exist in or in proximity to portions of the project area, including:
 - San Pitch River and tributaries from Gunnison Reservoir to U132
 - San Pitch River and tributaries from confluence with Sevier River to tailwaters of Gunnison Reservoir
 - Salina Creek and tributaries from confluence with Sevier River
 - Lost Creek and tributaries from confluence with Sevier River upstream ~6 miles
 - Fremont River and tributaries from Bicknell to Mill Meadow Reservoir
- According to the National Wetlands Inventory (NWI), wetlands exist within the project area
 - wetlands designated in the NWI may have changed since the date of characterization
 - updated qualified wetland delineation studies shall be the final determination
- Portions of the project area experience either a 0.2% or 1% annual chance flood hazard
- Sanpete, Sevier, and Wayne Counties are all currently in attainment for all criteria pollutants

Recruitment Strategy

UIPA will coordinate with each community on the recruitment sourcing strategy and may work in conjunction with the Governor's Office of Economic Opportunity (GOEO), Economic Development Corporation of Utah (EDCUtah) and other State and regional agencies on recruitment opportunities.

Incentives, if awarded, will be offered as post-performance rebates on generated property tax differential, based on capital investment dollars spent. UIPA will not be tracking wages of jobs created, but rather will target industries that create high-wage jobs.

UIPA may utilize tax differential on any given parcel in the Project Area. Generally, incentive amounts will not exceed 30% of the revenue generated by any business for more than 25 years. All incentives must be approved by the UIPA Board in a public meeting, following agreement with the local elected officials and land owners in the Project Area.

No businesses are guaranteed an incentive and the UIPA Board may decline an application at any time for any reason.

General guidelines for incentives are for businesses that are creating new growth as follows:

New Capital Investment	% of Tax Differential
\$ 25M	10%
\$ 50M	20%
\$ 100M	30%

Variables that could impact the percent of tax differential awarded include the following:

- Targeted industry businesses
- Logistics volume created
- Limited water use
- Platform and capabilities of the business
- Any further details will be determined in conjunction with Wayne County and participating municipalities

Additionally, incentive applications may favor industries that provide considerations for workforce development, including internships, targeting students in the local community, both for degree and non-degree seeking students, and/or for a certain percentage of ongoing hires and retention from the local population. Incentives may additionally be evaluated by performance indicators listed below on a 5-year cycle. The trigger for this review will occur on the fifth, tenth, fifteenth, twentieth, and twenty-fifth annual reviews, completed by the land use authority.

EPHRAIM INLAND PORT OVERLAY

Incentives will generally favor industries such as those listed below:

- Light to Medium Manufacturing
- Technology and Remote Hubs

GUNNISON VALLEY

Incentives will generally favor industries such as those listed below:

- Light to Medium Manufacturing
- Logistics and Transportation

SALINA INDUSTRIAL PARK

Incentives will generally favor industries such as those listed below:

- Light to Medium Manufacturing
- Logistics and Transportation
- Cold Storage

RICHFIELD CITY

Incentives will generally favor industries such as those listed below:

- Light to Medium Manufacturing
- Logistics and Transportation
- Agribusiness and Ag Processing
- Technology and Remote Hubs
- Healthcare and Senior Services

WAYNE INDUSTRIAL PARK

Incentives will generally favor industries such as those listed below:

- Light to medium manufacturing
- Agriculture Processing
- Renewable Energy
- Healthcare and Senior Services

Project Area Performance Indicators

UIPA will monitor and record the economic benefit of this Project Area and report this information biannually to the UIPA Board and the municipalities of Ephraim, Manti, Gunnison, Salina, Richfield and Wayne County. UIPA will work with the county and the municipalities to determine the right key performance indicators. The following represent likely performance indicators that UIPA will report on:

1. Number of high paying jobs as defined by state statute (average county wage or higher)
2. Change in county poverty rate
3. Total jobs created
4. Total attrition values
5. Commodity flow by type and value
6. Improvements to road and rail
7. Infrastructure improvements including power, water, sewage, fiber, etc.
8. Improvements to total power output generated inside the project area
9. Capital investment into the project area
10. Targeted recruiting of industries inside the project area

Conclusion

The Utah Inland Port Authority is honored to assist these communities with economic growth and development. This managed, sustainable growth brings numerous benefits, including job creation, improved infrastructure, and economic diversification, all of which contribute to a more resilient local economy. By attracting new businesses and supporting small enterprises, each community can reduce its dependence on traditional industries and offer higher household incomes, enhancing the overall quality of life. Additionally, revitalization efforts and sustainable practices help preserve each community's cultural heritage and natural beauty, fostering community pride and long-term economic stability.

These improvements position Ephraim, Manti, Gunnison, Salina, Richfield and Wayne County as forward-thinking communities capable of adapting to future challenges and opportunities, making them attractive places for residents and investors alike.

Staff Recommendation

The Administrative Staff of the Utah Inland Port Authority recommends the Board create the Skyline Corridor Inland Port as a Utah Inland Port Project Area.

REQUIREMENTS

The UIPA Act outlines certain steps that must be followed before the Skyline Corridor Project Area Plan is adopted. The requirements are as follows:

Statutory Requirement

A draft of the Project Area Plan must be prepared.

A Project Area Plan shall contain:

- (a) Legal description of the boundary of the project area;
- (b) The Authority's purposes and intent with respect to the project area; and
- (c) The board's findings and determination that:
 - (i) there is a need to effectuate a public purpose;
 - (ii) there is a public benefit to the proposed development project;
 - (iii) it is economically sound and feasible to adopt and carry out the project area plan; and
 - (iv) carrying out the project area plan will promote the goals and objectives stated in Subsection 11-58-203(1).

Adoption of the Project Area Plan is contingent on the UIPA Board receiving written consent to the land's inclusion in the project areas from:

- Legislative Body (See Exhibit C)

Source: UCA 11-58-501 Preparation of project area plan -- Required contents of project area plan.

The UIPA Board shall hold at least one public meeting to consider the draft Project Area Plan.

At least 10 days before holding the public meeting, the board shall give notice of the public meeting:

- (a) to each Taxing Entity;
- (b) to a municipality where the proposed project area is located or any municipality that is located within one-half mile of the proposed area; and,
- (c) on the Utah Public Notice Website.

After public input is received and evaluated and at least one public meeting is held, the UIPA Board may adopt this Project Area Plan, with such modifications as it considers necessary or appropriate.

Source: UCA 11-58-502 Public meeting to consider and discuss draft project area plan - Notice - Adoption of plan

In addition, after the Project Area Plan is adopted, its adoption must be properly advertised and notice given to certain governmental entities, along with an accurate map or plat, all as provided in the UIPA Act.

Source: UCA 11-58-503 Notice of project area plan adoption - Effective date of plan - Time for challenging a project area plan or project area

BOARD FINDINGS & DETERMINATION

Pursuant to UIPA Act, the Board makes the following findings and determination:

Public Purpose

“There is a need to effectuate a public purpose.”

Taken from the Utah Inland Port Authority website, “The Utah Inland Port Authority was created to pioneer and implement strategic and sustainable logistics-backed economic solutions that enhance the lives of Utahns and establish Utah as a global industry connector.” This is important when considering a relationship between the Utah Inland Port Authority and the three region area comprising the Skyline Corridor Project Area.

Historically, this region has relied heavily on the coal, agriculture and tourism sectors, resulting in a cyclical pattern of boom and bust. The recent decline in coal production has exacerbated this trend, leading to prolonged economic downturns. However, through collaboration with the Utah Inland Port Authority, we have the opportunity to foster economic diversification and capitalize on the existing assets of the region. This partnership will facilitate the emergence of new industries, offering stable, high-paying jobs and generating additional tax revenue. Ultimately, this initiative aims to improve the overall quality of life for all residents of the region.

As a diverse region, there have been established zones for the project area, each with a specific purpose to better serve the diverse needs of the county, and to answer to the growing needs of industry.

EPHRAIM INLAND PORT OVERLAY

Ephraim City, Utah, founded in 1854 by Scandinavian settlers, has a history rooted in agriculture, with early economic activity centered around farming and livestock. The arrival of the Sanpete Valley Railroad in the 1880s connected Ephraim to broader markets, boosting trade and local businesses. The establishment of Snow College in 1888 marked a significant economic shift, as the college became a key driver of growth, attracting students and fostering local businesses. Over time, Ephraim's economy diversified beyond agriculture, incorporating education, healthcare, and retail, while maintaining its agricultural heritage.

As Ephraim City grows, we are committed to managing this growth responsibly, ensuring that both current and incoming families have the support they need as their children grow and start families of their own. By fostering local entrepreneurship, we aim to meet community needs and fill niche markets, further diversifying the economy and creating a thriving environment where businesses and families can prosper. Snow College continues to attract students globally, and our strong partnerships with local companies encourage these students to build their careers right here in Ephraim.

GUNNISON VALLEY

Gunnison City, Utah, established in the mid-19th century, has an economic history deeply rooted in agriculture and livestock, which were the primary industries for many decades. The city's economy initially revolved around farming, with early settlers cultivating crops such as wheat and alfalfa, and raising cattle and sheep. As transportation infrastructure improved, including the development of railroads, Gunnison's agricultural products gained access to broader markets, enhancing trade and local

prosperity. Over time, the city diversified its economy, with small businesses and manufacturing contributing to its growth. In recent years, Gunnison has continued to evolve, balancing its agricultural heritage with new economic opportunities in education, healthcare, and services, reflecting broader regional trends in economic development.

Gunnison City's recent success and growth have been driven by a strong presence in carbon fiber manufacturing. The Utah Inland Port Authority (UIPA) is committed to supporting Gunnison City in maintaining its growth trajectory and enhancing the quality of life for its residents, providing opportunities for those who wish to start and expand their businesses and attracting outside businesses to locate in Gunnison Valley.

SALINA INDUSTRIAL PARK

Salina, Utah, founded in the 1860s, has an economic history rooted in agriculture and mining. Early settlers focused on farming and livestock, taking advantage of the fertile lands in the area. The discovery of coal in nearby mines in the late 19th century significantly boosted Salina's economy, making it a key hub for coal production and transportation, particularly after the arrival of the railroad. Over the years, Salina's economy diversified to include small businesses, manufacturing, and services, though agriculture and mining continued to play important roles. Today, Salina balances its historical economic foundations with new growth opportunities in industries such as tourism, energy, and manufacturing, contributing to its ongoing development and community resilience.

Salina's strategic location along I-70 positions it as an ideal hub for transportation and logistics businesses. UIPA aims to help Salina leverage this advantage by creating shovel-ready development sites for businesses seeking to establish themselves along this heavily trafficked corridor.

RICHFIELD CITY

Richfield, Utah, established in the mid-19th century, initially developed as an agricultural community with early settlers focusing on farming and livestock. The city's economic landscape expanded with the arrival of the Sanpete Valley Railroad in the 1880s, which facilitated trade and bolstered local businesses. In the early 20th century, the establishment of Snow College significantly influenced Richfield's economy by attracting students and staff, contributing to the growth of local services and businesses. Over time, Richfield's economy diversified, incorporating sectors such as retail, healthcare, and technology, while continuing to benefit from its agricultural roots. Today, Richfield balances its historical economic foundations with modern growth opportunities, positioning itself as a central hub for commerce and education in the region.

UIPA aims to support Richfield in further diversifying its economy, accommodating rapid population growth, and enabling local children to thrive and build their own families. With multiple access points to I-70 and a bustling regional airport, Richfield offers a range of advantages that make it an attractive location for various industries.

WAYNE INDUSTRIAL PARK

Wayne County, Utah, established in the late 19th century, initially thrived on agriculture, with early settlers focusing on farming and livestock in its vast rural landscapes. The discovery of minerals, including copper and uranium, in the early 20th century brought a wave of mining activity that significantly influenced the county's economy. Over the decades, Wayne County's economy diversified further with the development of tourism, driven by its proximity to scenic natural attractions like Capitol Reef National Park. Today, while agriculture and mining remain important, tourism has become a major economic driver, complementing local businesses and contributing to the county's growth and resilience.

With its abundant natural beauty and resources, UIPA aims to help Wayne County further diversify its economy. This includes exploring the revival of previously declining industries and providing local entrepreneurs with the support and space needed to expand their businesses, thereby generating new jobs and enhancing the county's self-sufficiency.

Public Benefit

“There is a public benefit to the proposed Project Area.”

The region's priority is the movement from the historical boom and bust economic models of its past to a sustained continual growth model for the generations to come. In the more recent past, the region has faced the challenge of forced reduction in use of the coal industry and other stressful economic downturns. Residents have felt the rise and fall of industries whose models were reliant on external factors for growth and likewise, were subject to fall. Fortunately, the region has sustained their way of life through a long history of this kind of economic turmoil. By sustainably working to support greater economic resiliency in this area, the region will have the opportunity to move forward in ways that will sustain its residents for generations to come.

Creating the Skyline Corridor Project Area would stimulate economic development in each of these communities by attracting new businesses and encouraging expansion, leading to job creation and increased property values. The project area would enhance public infrastructure, reduce blight, and improve the overall quality of life for residents by providing better access to services and amenities. Additionally, the project area would expand each community's tax base, support affordable housing initiatives, and promote sustainable, planned growth that aligns with Ephraim, Manti, Gunnison, Salina, Richfield and Wayne County's individual long-term goals. By leveraging public funds to attract private investment, the Skyline Corridor Project Area will ensure the community's resilience and prosperity for years to come.

Economic Soundness and Feasibility

“It is economically sound and feasible to adopt and carry out the Project Area plan.”

UIPA determines and finds that development of the Skyline Corridor Project Area, as contemplated by UIPA, property owners, and the local governments will be economically sound and feasible.

A Project Area budget summary based on current estimates is included as [Appendix D](#). Through the investment of property tax differential, the Project Area will grow faster and in a more coordinated manner than would be possible otherwise. This will result in long-term financial returns for the taxing entities that are greater than would be achieved if the Project Area is not undertaken. The following table shows estimates of current taxable revenues for taxing entities and additional expected revenues once the project area is complete. The current yearly tax revenues shown for 2023 will continue to be sent to taxing entities, along with 25 percent of new growth. At the end of the project, all taxes will revert to taxing entities.

Taxing Entity*	Current Yearly Tax Revenues	2051 Estimated Incremental Tax Revenues
County Assessing & Collecting Levy	12,000	20,000
Ephraim City	8,000	90,000
Gunnison City	24,000	40,000
Multicounty Assessing & Collecting	1,000	2,000
Richfield City	70,000	120,000
Sanpete County	49,000	540,000
Sanpete Water Conservancy District	5,000	50,000
Sevier County	101,000	170,000
Sevier County School District	214,000	370,000
South Sanpete School District	158,000	1,730,000
	642,000	3,132,000

*Other taxing entities in the project area not shown due to the lack of currently planned development

The Project Area has infrastructure needs in order to optimize the project area and fully utilize rail in the area, and the Project Area will enable the use of property tax incentives to recruit companies that will provide jobs and make substantial economic investments in the area. The Project Area will allow for the reinvestment of differential in the area for both infrastructure and company incentives for targeted industries.

The property tax differential collected from the Skyline Corridor Project Area is 75% of the difference between the property tax revenues and the property tax revenue that would be generated from the base taxable revenues generated in 2023, with the remaining 25% flowing through to the taxing entities. Differential collected shall begin on a parcel-by-parcel basis on the date specified by board resolution and continue for 25 years for each parcel. The collection period may be extended for an additional 15 years by the board if it is determined that doing so produces a significant benefit. The expected initial trigger date for the tax differential is 2025.

UIPA is aware of the Tipperary Industrial Park Economic Development Area (EDA) that covers some parcels in The Skyline Corridor Project Area in Salina. An EDA collects tax increment similar to an Inland Port Project Area, but was created by the local governmental entity. These parcels in the project area have not been triggered under the EDA, and therefore no tax increment has been generated. Before UIPA can trigger these parcels as part of this project area, they will need to be legally removed from the EDA.

In addition to the differential and with a positive recommendation from the respective land-use entity, UIPA may sponsor Public Infrastructure Districts (PID) in the Project Area. A PID is a separate taxing entity that may levy taxes and issue bonds, often with the pledge of expected tax differential. A PID is formed following consent of property owners and is governed by a separate board. UIPA will not manage or control the PID, and no liability of the PID will constitute a liability against UIPA; however, the UIPA board must authorize the issuance of bonds from a PID. PIDs also require the creation of governing documents, which define the membership and tax rate of the PID. The purpose of PID-assessed taxes and bonds is to pay for public infrastructure needs in the district, especially those with a large benefit across the project area.

Bonds issued by the district may be guaranteed and paid back by tax differential revenues. An Authority Infrastructure Bank (AIB) loan for rail infrastructure needs could also be granted via separate approval by the UIPA board, and such loans would be repayable from tax differential proceeds or revenues from the loan recipient.

Projected tax differentials received by UIPA for the 25-year term of the Project Area are approximately \$42 million. UIPA will prepare and adopt a formal budget prior to expending tax differential funds, and current projections are preliminary and expected to change. UIPA may apply the funds collected to encourage growth in the Project Area as deemed appropriate by UIPA and the participating entities as contemplated in the Project Area Plan, including but not limited to the cost and maintenance of public infrastructure and other improvements located within or benefitting the Project Area.

UIPA will contract with qualified developers and other parties to spend tax differential on public infrastructure that benefits the community. Allowable uses of tax differential include:

- Roads
- Utilities
- Associated costs of public utilities
- Business recruitment incentives
- Rail infrastructure and rail crossings
- Other logistics infrastructure
- Administrative expenses
- Infrastructure bank loan repayment
- Repayment of PID bonds used for public infrastructure

UIPA will establish auditing rights with developers to ensure provided funding is used only for allowable uses and report findings to participating entities. Following the initial planned development and agreements, UIPA staff will coordinate with participating entities to determine if unencumbered Differential should be used for additional development or on other public infrastructure. Not less than every five years, UIPA will review with major Taxing Entities the Differential being remitted to UIPA and determine if any adjustments to the amount passed through to Taxing Entities or the administration percentage should be adjusted.

Promote Statutory Goals and Objectives

“Carrying out the Project Area Plan will promote UIPA goals and objectives.”

The Skyline Corridor Project Area promotes the following goals and objectives (U.C.A. 11-58-203) to be considered a UIPA Project Area:

- (a) maximize long-term economic benefits to the area, the region, and the state;
- (b) maximize the creation of high-quality jobs;
- (c) respect and maintain sensitivity to the unique natural environment of areas in proximity to the authority jurisdictional land and land in other authority project areas;
- (d) improve air quality and minimize resource use;
- (e) respect existing land use and other agreements and arrangements between property owners within the authority jurisdictional land and within other authority project areas and applicable governmental authorities;
- (f) promote and encourage development and uses that are compatible with or complement uses in areas in proximity to the authority jurisdictional land or land in other authority project areas;

- (g) take advantage of the authority jurisdictional land's strategic location and other features, including the proximity to transportation and other infrastructure and facilities, that make the authority jurisdictional land attractive to:
 - (i) businesses that engage in regional, national, or international trade; and
 - (ii) businesses that complement businesses engaged in regional, national, or international trade;
- (h) facilitate the transportation of goods;
- (i) coordinate trade-related opportunities to export Utah products nationally and internationally;
- (j) support and promote land uses on the authority jurisdictional land and land in other authority project areas that generate economic development, including rural economic development;
- (k) establish a project of regional significance;
- (l) facilitate an intermodal facility;
- (m) support uses of the authority jurisdictional land for inland port uses, including warehousing, light manufacturing, and distribution facilities;
- (n) facilitate an increase in trade in the region and in global commerce;
- (o) promote the development of facilities that help connect local businesses to potential foreign markets for exporting or that increase foreign direct investment;
- (q) encourage the development and use of cost-efficient renewable energy in project areas
- (r) aggressively pursue world-class businesses that employ cutting-edge technologies to locate within a project area; and,
- (s) pursue land remediation and development opportunities for publicly owned land to add value to a project area

APPENDICES

Appendix A: Legal Description of Project Area

EPHRAIM NORTH

A part of the Southeast Quarter of Section 33, Township 16 South, Range 3 East, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being South 88° 21' 48" West along the section line for a distance of 1307.99 feet and North 0° 0' 1" West for a distance of 517.24 feet from the Southeast Corner of Section 33 or POINT OF BEGINNING; and running thence North 0° 0' 0" West, a distance of 277.02 feet; thence North 89° 59' 57" West, a distance of 632.34 feet; thence North 89° 59' 57" West, a distance of 74.03 feet; thence North 0° 0' 3" West, a distance of 993.95 feet; thence North 69° 59' 29" East, a distance of 19.26 feet; thence North 89° 59' 59" West, a distance of 6.23 feet; thence North 0° 0' 0" West, a distance of 150.48 feet; thence North 25° 52' 0" East, a distance of 625.68 feet; thence South 89° 59' 52" East, a distance of 370.53 feet; thence South 0° 0' 0" East, a distance of 658.49 feet; thence South 90° 0' 0" East, a distance of 51.01 feet; thence North 90° 0' 0" East, a distance of 680.46 feet; thence South 0° 40' 38" West, a distance of 669.95 feet; thence South 90° 0' 0" West, a distance of 343.20 feet; thence South 0° 0' 0" East, a distance of 662.64 feet; thence South 90° 0' 0" West, a distance of 329.34 feet to the POINT OF BEGINNING.

Contains 40.48 acres more or less.

EPHRAIM CROSSING

Contains parts of the Eastern Half of Section 8, Section 9, and a part of the Northeast Corner of Section 17, Township 17 South, Range 3 East, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being South 88° 35' 17" West along the section line for a distance of 602.76 feet from the Southeast Corner of Section 8, Township 17 South, Range 3 East, Salt Lake Base & Meridian or POINT OF BEGINNING; and running thence North 0° 0' 2" East for a distance of 14.89 feet; South 18° 47' 29" West, a distance of 12.33 feet; thence South 89° 58' 42" West, a distance of 57.43 feet; thence South 0° 0' 1" East, a distance of 273.58 feet; thence North 89° 59' 58" West, a distance of 12.57 feet; thence North 0° 0' 19" East, a distance of 11.87 feet; thence South 88° 55' 29" West, a distance of 541.15 feet; thence North 1° 11' 23" West, a distance of 624.43 feet; thence North 89° 59' 57" East, a distance of 82.93 feet; thence North 7° 0' 0" East, a distance of 80.93 feet; thence North 90° 0' 0" East, a distance of 564.88 feet; thence South 89° 56' 3" East, a distance of 560.87 feet; thence South 89° 59' 57" East, a distance of 12.02 feet; thence North 89° 45' 3" East, a distance of 103.63 feet; thence North 89° 56' 46" East, a distance of 202.40 feet; thence North 34° 52' 44" East, a distance of 119.66 feet; thence South 0° 3' 25" East, a distance of 117.68 feet; thence South 89° 4' 8" East, a distance of 868.39 feet; thence South 89° 4' 12" East, a distance of 126.06 feet; thence North 1° 27' 25" West, a distance of 3.81 feet; thence North 89° 12' 55" East, a distance of 198.91 feet; thence North 89° 4' 8" East, a distance of 199.99 feet; thence North 88° 33' 49" East, a distance of 71.75 feet; thence North 25° 24' 54" East, a distance of 376.85 feet; thence North 89° 59' 51" East, a distance of 3.83 feet; thence North 26° 15' 4"

East, a distance of 398.01 feet; thence North 26° 20' 27" East, a distance of 746.92 feet; thence North 25° 0' 5" East, a distance of 531.24 feet; thence North 90° 0' 0" East, a distance of 24.01 feet; thence North 25° 15' 0" East, a distance of 300.00 feet; thence North 90° 0' 0" West, a distance of 266.57 feet; thence South 90° 0' 0" West, a distance of 106.10 feet; thence North 16° 4' 7" East, a distance of 166.03 feet; thence South 89° 48' 8" West, a distance of 73.27 feet; thence North 15° 46' 46" East, a distance of 34.07 feet; thence South 89° 59' 59" West, a distance of 731.76 feet; thence South 60° 58' 56" West, a distance of 67.72 feet; thence North 89° 59' 47" West, a distance of 234.95 feet; thence South 43° 0' 1" West, a distance of 11.05 feet; thence North 90° 0' 0" West, a distance of 346.25 feet; thence North 7° 46' 24" East, a distance of 56.97 feet; thence North 87° 44' 18" West, a distance of 663.21 feet; thence South 13° 36' 57" West, a distance of 113.81 feet; thence North 89° 58' 0" West, a distance of 333.50 feet; thence North 0° 1' 57" East, a distance of 436.36 feet; thence North 87° 41' 10" West, a distance of 101.55 feet; thence North 88° 26' 2" West, a distance of 177.81 feet; thence North 88° 27' 8" West, a distance of 672.56 feet; thence South 0° 0' 0" East, a distance of 486.34 feet; thence South 0° 0' 0" East, a distance of 167.01 feet; thence South 89° 59' 58" West, a distance of 96.60 feet; thence South 0° 0' 3" West, a distance of 45.25 feet; thence North 89° 59' 52" West, a distance of 695.30 feet; thence North 0° 0' 7" West, a distance of 15.85 feet; thence North 89° 59' 57" West, a distance of 652.06 feet; thence South 89° 57' 23" West, a distance of 23.78 feet; thence South 0° 0' 3" East, a distance of 333.95 feet; thence South 0° 0' 3" East, a distance of 30.77 feet; thence South 89° 59' 55" West, a distance of 140.16 feet; thence South 0° 0' 6" East, a distance of 346.50 feet; thence North 89° 59' 56" East, a distance of 147.66 feet; thence South 7° 59' 59" West, a distance of 1366.76 feet; thence South 89° 59' 58" West, a distance of 174.75 feet; thence South 0° 0' 8" East, a distance of 41.81 feet; thence South 0° 0' 4" West, a distance of 379.99 feet; thence South 0° 0' 4" East, a distance of 279.99 feet; thence South 0° 0' 0" West, a distance of 249.32 feet; thence South 89° 58' 59" West, a distance of 37.61 feet; thence South 0° 0' 17" West, a distance of 362.98 feet; thence South 89° 59' 58" East, a distance of 1353.02 feet; thence North 0° 0' 1" West, a distance of 34.22 feet; thence North 89° 59' 59" East, a distance of 63.61 feet; thence South 89° 59' 54" East, a distance of 691.69 feet; thence North 0° 0' 4" East, a distance of 909.12 feet to the POINT OF BEGINNING.

Contains 304.39 acres more or less.

EPHRAIM SOUTH AREA

A part of the Northwest Quarter of the Northeast Quarter of the Southeast Quarter of Section 9, Township 17 South, Range 3 East, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being South 88° 29' 31" West for a distance of 1372.65 feet and South 0° 30' 0" East for a distance of 306.72 feet from the East Corner of Section 9 or POINT OF BEGINNING; and running thence South 0° 30' 0" East, a distance of 380.62 feet; thence North 88° 45' 0" West, a distance of 542.00 feet; thence North, a distance of 378.18 feet; thence South 89° 0' 1" East, a distance of 20.35 feet; thence North, a distance of 56.32 feet; thence East, a distance of 25.08 feet; thence South 0° 0' 0" East, a distance of 56.76 feet; thence South 89° 0' 0" East, a distance of 493.20 feet to the POINT OF BEGINNING.

Contains 4.74 acres more or less.

GUNNISON VALLEY

Contains parts of the Southeast Quarter of Section 9, the Southwest Quarter of Section 10, the Northwest Quarter of Section 15, and the Northeast Corner of Section 16, Township 19 South, Range 1 East, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being North 0° 11' 25" East for a distance of 72.78 feet and North 89° 59' 54" West for a distance of 17.34 feet from the East Quarter Corner of Section 16 or POINT OF BEGINNING; and running thence North 89° 59' 59" West, a distance of 1320.01 feet; thence North 0° 0' 1" West, a distance of 1045.39 feet; thence North 89° 34' 3" West, a distance of 860.28 feet; thence North 86° 46' 31" West, a distance of 99.87 feet; thence North 1° 20' 28" East, a distance of 1576.87 feet; thence North 1° 20' 29" East, a distance of 651.82 feet; thence South 87° 3' 45" West, a distance of 283.89 feet; thence North 2° 13' 10" East, a distance of 681.20 feet; thence North 90° 0' 0" East, a distance of 638.23 feet; thence North 1° 52' 11" East, a distance of 27.16 feet; thence South 89° 50' 50" East, a distance of 70.22 feet; thence South 1° 34' 23" West, a distance of 26.97 feet; thence North 89° 59' 59" East, a distance of 5.14 feet; thence North 1° 57' 31" East, a distance of 23.75 feet; thence North 1° 57' 34" East, a distance of 28.97 feet; thence North 89° 56' 29" East, a distance of 700.00 feet; thence North 89° 58' 9" East, a distance of 535.00 feet; thence South 0° 0' 0" East, a distance of 1058.18 feet; thence South 89° 56' 19" West, a distance of 535.00 feet; thence North 0° 0' 8" East, a distance of 58.50 feet; thence South 89° 41' 5" West, a distance of 245.10 feet; thence South 0° 24' 59" East, a distance of 100.71 feet; thence South 0° 20' 54" East, a distance of 101.47 feet; thence South 0° 20' 39" East, a distance of 161.64 feet; thence South 89° 48' 58" East, a distance of 618.31 feet; thence North 89° 55' 37" East, a distance of 720.00 feet; thence North 0° 2' 16" East, a distance of 1312.96 feet; thence North 89° 27' 7" East, a distance of 1344.98 feet; thence North 89° 27' 12" East, a distance of 1344.98 feet; thence South 0° 8' 38" East, a distance of 1309.46 feet; thence South 89° 22' 38" West, a distance of 54.60 feet; thence South 0° 7' 36" East, a distance of 276.10 feet; thence South 7° 9' 23" West, a distance of 36.16 feet; thence South 0° 0' 0" East, a distance of 1072.50 feet; thence South 90° 0' 0" West, a distance of 2640.00 feet; thence North 88° 59' 58" West, a distance of 19.16 feet; thence South 0° 6' 33" West, a distance of 1283.40 feet to the POINT OF BEGINNING.

Contains 330.12 acres more or less

SALINA INDUSTRIAL PARK

A part of Section 35, Township 21 South, Range 1 East, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being South 88° 20' 6" West for a distance of 804.19 feet from the Southeast Corner of Section 35 or POINT OF BEGINNING; and running thence North 1° 41' 58" West, a distance of 140.22 feet; thence South 88° 18' 1" West, a distance of 58.43 feet; thence South 88° 18' 2" West, a distance of 453.71 feet; thence South 88° 18' 4" West, a distance of 3.48 feet; thence South 88° 18' 1" West, a distance of 183.29 feet; thence South 88° 21' 33" West, a distance of 897.82 feet; thence South 88° 22' 5" West, a distance of 232.16 feet; thence South 88° 20' 40" West, a distance of 702.86 feet; thence South 1° 59' 52" East, a distance of 99.84 feet; thence South 88° 21' 51" West, a distance of 614.74 feet; thence North 2° 0' 2" West, a distance of 1325.55 feet; thence North 88° 1' 0" East, a distance of 614.79 feet; thence North 88° 4' 43" East, a distance of 663.86 feet; thence North 88° 4' 47" East, a distance of 42.88 feet; thence North 1° 47' 33" West, a distance of 1332.91 feet; thence North 87° 47' 18" East, a distance of 727.35 feet; thence South 1° 34' 31" East, a distance of 394.59 feet; thence North 87° 29' 28" East, a distance of 241.99 feet; thence South 1° 38' 40" East, a distance of 299.59 feet; thence South 1° 46' 18" East, a distance of 301.01 feet; thence South 2° 53' 41" East, a distance of 343.96 feet; thence South 1° 55' 22" East, a distance of 69.66 feet; thence North 88° 4' 38" East, a distance of 155.41 feet; thence North 88° 4' 37" East, a distance of 151.41 feet; thence North 88° 4' 39" East, a distance of 21.55 feet; thence North 88° 4' 38" East, a distance of 517.83 feet; thence South 2° 15' 32" East, a distance of 1171.32 feet to the POINT OF BEGINNING.

Contains 116.60 acres more or less.

WAYNE COUNTY INDUSTRIAL PARK

Contains parts of Section 20 and 21, Township 28 South, Range 3 East, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being North 0° 1' 35" West for a distance of 20.22 feet and South 89° 59' 51" East for a distance of 13.18 feet from the Southwest Corner of Section reference point or POINT OF BEGINNING; and running thence North 0° 0' 10" East, a distance of 1105.25 feet; thence North 0° 0' 9" East, a distance of 190.59 feet; thence North 0° 0' 9" East, a distance of 101.57 feet; thence North 62° 9' 41" West, a distance of 605.75 feet; thence North 62° 20' 59" West, a distance of 531.26 feet; thence North 64° 29' 25" West, a distance of 194.59 feet; thence North 72° 37' 3" West, a distance of 120.45 feet; thence North 0° 11' 49" West, a distance of 2289.20 feet; thence South 37° 50' 43" East, a distance of 4440.81 feet; thence South 37° 50' 43" East, a distance of 160.26 feet; thence South 73° 47' 11" East, a distance of 73.63 feet; thence South 70° 14' 37" East, a distance of 268.97 feet; thence South 67° 6' 39" East, a distance of 131.61 feet; thence South 59° 0' 4" East, a distance of 196.81 feet; thence South 52° 10' 34" East, a distance of 359.20 feet; thence South 54° 41' 57" East, a distance of 275.45 feet; thence South 0° 0' 9" West, a distance of 35.13 feet; thence South 0° 0' 9" West, a distance of 24.01 feet; thence North 89° 59' 50" West, a distance of 2640.61 feet to the POINT OF BEGINNING.

Contains 122.13 acres more or less

RICHFIELD 1

A part of Section 24, Township 23 South, Range 3 West, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being North 88° 40' 9" West for a distance of 1276.22 feet from the Northeast Corner of Section 24 or POINT OF BEGINNING; and running thence North 88° 40' 9" West, a distance of 1276.22 feet; thence South 89° 49' 46" West, a distance of 1325.45 feet; thence South 0° 6' 41" East, a distance of 322.86 feet; thence South 89° 53' 0" West, a distance of 705.74 feet; thence North 0° 3' 21" West, a distance of 322.23 feet; thence South 89° 49' 57" West, a distance of 619.97 feet; thence South 89° 49' 58" West, a distance of 85.45 feet; thence South 0° 0' 0" West, a distance of 88.82 feet; thence South 0° 0' 0" West, a distance of 232.79 feet; thence South 0° 0' 0" East, a distance of 702.06 feet; thence North 48° 59' 9" East, a distance of 118.69 feet; thence North 48° 59' 8" East, a distance of 74.64 feet; thence North 62° 36' 28" East, a distance of 435.03 feet; thence North 63° 31' 9" East, a distance of 74.49 feet; thence North 61° 30' 48" East, a distance of 38.67 feet; thence South 9° 38' 34" East, a distance of 186.89 feet; thence South 16° 11' 22" East, a distance of 136.38 feet; thence North 63° 22' 33" East, a distance of 190.97 feet; thence North 63° 28' 32" East, a distance of 450.45 feet; thence North 63° 26' 53" East, a distance of 152.20 feet; thence South 0° 6' 40" East, a distance of 219.63 feet; thence South 0° 6' 41" East, a distance of 512.04 feet; thence North 89° 49' 42" East, a distance of 210.69 feet; thence South 54° 39' 43" West, a distance of 114.00 feet; thence South 64° 39' 18" West, a distance of 52.00 feet; thence South 72° 0' 0" East, a distance of 315.93 feet; thence South 34° 44' 52" East, a distance of 94.89 feet; thence South 55° 15' 8" West, a distance of 374.43 feet; thence South 54° 59' 59" West, a distance of 142.22 feet; thence South 54° 59' 59" West, a distance of 281.84 feet; thence South 12° 9' 19" East, a distance of 0.02 feet; thence South 12° 26' 3" East, a distance of 91.30 feet; thence South 12° 26' 3" East, a distance of 33.29 feet; thence South 12° 26' 3" East, a distance of 46.54 feet; thence South 90° 0' 0" West, a distance of 214.01 feet; thence South 22° 48' 26" West, a distance of 158.52 feet; thence South 22° 48' 26" West, a distance of 336.12 feet; thence South 22° 48' 26" West, a distance of 196.62 feet; thence South 20° 22' 48" West, a distance of 82.40 feet; thence South 20° 22' 47" West, a distance of 47.85 feet; thence North 69° 39' 38" West, a distance of 212.17 feet; thence North 69° 32' 50" West, a distance of 405.17 feet; thence South 17° 36' 0" East, a distance of 82.84 feet; thence South 12°

45' 17" West, a distance of 162.02 feet; thence South 18° 46' 53" West, a distance of 16.63 feet; thence South 18° 46' 54" West, a distance of 12.85 feet; thence South 20° 28' 15" West, a distance of 119.10 feet; thence South 39° 35' 31" West, a distance of 82.36 feet; thence South 57° 46' 42" West, a distance of 12.56 feet; thence South 57° 46' 42" West, a distance of 49.56 feet; thence South 84° 51' 41" West, a distance of 124.71 feet; thence South 86° 53' 40" West, a distance of 127.40 feet; thence South 77° 56' 55" West, a distance of 51.22 feet; thence South 45° 5' 5" West, a distance of 42.34 feet; thence South 14° 10' 48" West, a distance of 83.53 feet; thence South 13° 30' 20" West, a distance of 11.73 feet; thence South 13° 30' 23" West, a distance of 121.84 feet; thence South 12° 16' 1" West, a distance of 11.05 feet; thence South 12° 16' 2" West, a distance of 28.73 feet; thence South 12° 34' 33" West, a distance of 113.14 feet; thence South 12° 34' 31" West, a distance of 32.05 feet; thence South 76° 40' 22" East, a distance of 2.66 feet; thence South 76° 40' 41" East, a distance of 84.46 feet; thence North 11° 46' 33" East, a distance of 21.21 feet; thence South 78° 13' 27" East, a distance of 31.00 feet; thence South 78° 40' 52" East, a distance of 82.16 feet; thence North 11° 19' 9" East, a distance of 10.86 feet; thence North 14° 19' 15" East, a distance of 23.41 feet; thence North 20° 19' 33" East, a distance of 23.41 feet; thence North 26° 19' 43" East, a distance of 23.41 feet; thence North 32° 20' 3" East, a distance of 23.41 feet; thence North 38° 20' 17" East, a distance of 23.41 feet; thence North 44° 20' 29" East, a distance of 23.41 feet; thence North 39° 19' 6" West, a distance of 62.75 feet; thence North 79° 43' 0" West, a distance of 96.96 feet; thence North 10° 17' 2" East, a distance of 26.00 feet; thence South 79° 43' 0" East, a distance of 67.92 feet; thence North 54° 51' 42" East, a distance of 36.81 feet; thence North 44° 4' 26" East, a distance of 61.74 feet; thence South 43° 6' 29" East, a distance of 126.96 feet; thence North 78° 35' 39" East, a distance of 22.82 feet; thence North 84° 26' 48" East, a distance of 22.82 feet; thence South 89° 41' 58" East, a distance of 22.82 feet; thence North 88° 18' 27" East, a distance of 13.12 feet; thence North 78° 27' 54" East, a distance of 9.80 feet; thence South 21° 22' 24" East, a distance of 47.47 feet; thence South 61° 42' 39" East, a distance of 116.66 feet; thence South 61° 42' 37" East, a distance of 9.15 feet; thence North 28° 17' 17" East, a distance of 121.50 feet; thence South 61° 42' 39" East, a distance of 95.94 feet; thence South 74° 3' 24" East, a distance of 213.12 feet; thence South 89° 33' 50" East, a distance of 211.71 feet; thence South 89° 33' 50" East, a distance of 199.60 feet; thence South 0° 0' 40" East, a distance of 106.12 feet; thence South 90° 0' 0" East, a distance of 47.79 feet; thence South 42° 3' 30" East, a distance of 350.81 feet; thence South 0° 0' 0" West, a distance of 29.15 feet; thence South 0° 0' 1" West, a distance of 205.68 feet; thence South 0° 0' 57" East, a distance of 4.71 feet; thence North 89° 58' 42" West, a distance of 41.23 feet; thence South 0° 5' 0" East, a distance of 132.29 feet; thence South 89° 55' 0" West, a distance of 60.00 feet; thence South 0° 5' 1" East, a distance of 60.00 feet; thence South 0° 5' 0" East, a distance of 9.99 feet; thence South 0° 5' 0" East, a distance of 187.50 feet; thence South 0° 5' 0" East, a distance of 60.00 feet; thence South 0° 5' 1" East, a distance of 157.94 feet; thence North 66° 31' 0" East, a distance of 66.32 feet; thence North 67° 15' 6" East, a distance of 7.89 feet; thence North 62° 50' 22" East, a distance of 27.72 feet; thence North 58° 25' 39" East, a distance of 27.71 feet; thence North 54° 0' 58" East, a distance of 27.72 feet; thence North 49° 36' 12" East, a distance of 27.72 feet; thence North 47° 23' 48" East, a distance of 78.02 feet; thence North 45° 11' 46" East, a distance of 25.35 feet; thence North 40° 47' 35" East, a distance of 25.35 feet; thence North 36° 23' 29" East, a distance of 25.35 feet; thence North 31° 59' 18" East, a distance of 25.35 feet; thence North 27° 35' 11" East, a distance of 25.35 feet; thence North 25° 23' 6" East, a distance of 68.24 feet; thence North 27° 13' 41" East, a distance of 105.34 feet; thence North 27° 13' 41" East, a distance of 118.30 feet; thence North 39° 47' 40" East, a distance of 76.43 feet; thence North 42° 12' 16" East, a distance of 234.26 feet; thence North 32° 30' 42" East, a distance of 97.23 feet; thence North 32° 30' 39" East, a distance of 8.83 feet; thence North 30° 41' 0" East, a distance of 169.25 feet; thence North 0° 0' 41" West, a distance of 169.79 feet; thence South 89° 49' 5" West, a distance of 405.19 feet; thence North 0° 6' 41" West, a distance of 313.25 feet; thence North 89° 51' 18" East, a distance of 670.87 feet; thence North 9° 58' 11" East, a distance of 717.13 feet; thence North 9° 58' 11" East, a distance of 202.31 feet; thence South 85° 59' 16" East, a distance of 153.09

feet; thence South 85° 59' 16" East, a distance of 96.94 feet; thence South 85° 59' 16" East, a distance of 60.15 feet; thence South 85° 59' 16" East, a distance of 113.64 feet; thence North 0° 31' 2" West, a distance of 282.50 feet; thence North 86° 47' 13" West, a distance of 205.09 feet; thence North 86° 47' 13" West, a distance of 86.24 feet; thence North 3° 12' 48" East, a distance of 24.86 feet; thence North 10° 4' 34" East, a distance of 8.89 feet; thence North 10° 4' 45" East, a distance of 12.38 feet; thence North 12° 3' 57" East, a distance of 3.48 feet; thence North 14° 3' 57" East, a distance of 43.53 feet; thence North 17° 54' 42" East, a distance of 6.43 feet; thence North 22° 10' 12" East, a distance of 0.99 feet; thence North 22° 44' 5" East, a distance of 32.84 feet; thence North 26° 29' 5" East, a distance of 6.54 feet; thence North 33° 59' 1" East, a distance of 6.54 feet; thence North 41° 28' 38" East, a distance of 6.54 feet; thence North 45° 13' 50" East, a distance of 26.28 feet; thence North 47° 49' 23" East, a distance of 4.51 feet; thence North 50° 51' 50" East, a distance of 0.88 feet; thence North 51° 24' 17" East, a distance of 58.88 feet; thence North 51° 27' 40" East, a distance of 57.10 feet; thence North 48° 29' 35" East, a distance of 117.35 feet; thence North 49° 28' 7" East, a distance of 1.66 feet; thence North 50° 38' 1" East, a distance of 0.48 feet; thence North 50° 57' 15" East, a distance of 37.76 feet; thence North 73° 3' 48" East, a distance of 33.08 feet; thence North 0° 16' 1" West, a distance of 143.13 feet; thence North 89° 11' 30" West, a distance of 165.71 feet; thence North 89° 22' 1" West, a distance of 183.33 feet; thence North 0° 32' 39" East, a distance of 190.67 feet; thence North 0° 41' 7" West, a distance of 168.99 feet; thence South 89° 16' 31" West, a distance of 134.00 feet; thence South 89° 16' 31" West, a distance of 172.71 feet; thence North 54° 38' 1" East, a distance of 29.73 feet; thence North 54° 38' 1" East, a distance of 287.33 feet; thence North 54° 38' 1" East, a distance of 113.78 feet; thence North 33° 25' 24" West, a distance of 356.21 feet; thence North 42° 6' 8" East, a distance of 299.18 feet; thence North 42° 8' 47" East, a distance of 217.29 feet; thence North 40° 29' 41" East, a distance of 320.63 feet; thence North 0° 1' 34" East, a distance of 165.96 feet to the Point of Beginning.

Contains 141.83 acres more or less.

RICHFIELD 2

A part of Section 24, Township 23 South, Range 3 West, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being South 0° 14' 53" East for a distance of 2247.41 feet and North 90° 0' 0" East for a distance of 1435.32 feet from the Northwest Corner of Section 24 or POINT OF BEGINNING; and running thence North 0° 7' 24" East for a distance of 74.76 feet; North 39° 29' 8" East along a curve with a chord length of 8.88 feet and a radius of 7.09 feet; thence North 78° 50' 48" East, a distance of 48.41 feet; thence North 6° 23' 36" West, a distance of 66.06 feet; thence North 6° 23' 35" West, a distance of 131.29 feet; thence North 6° 12' 34" West, a distance of 0.02 feet; thence North 71° 33' 20" East, a distance of 10.63 feet; thence North 71° 33' 18" East, a distance of 512.42 feet; thence South 6° 40' 47" East, a distance of 140.29 feet; thence South 6° 40' 55" East, a distance of 119.99 feet; thence South 86° 52' 2" West, a distance of 126.64 feet; thence South 87° 39' 59" West, a distance of 29.08 feet; thence South 89° 16' 2" West, a distance of 29.08 feet; thence North 89° 55' 56" West, a distance of 111.50 feet; thence North 89° 55' 54" West, a distance of 26.76 feet; thence South 88° 45' 9" West, a distance of 19.01 feet; thence South 86° 8' 6" West, a distance of 19.01 feet; thence South 0° 13' 17" East, a distance of 65.89 feet; thence South 0° 0' 59" West, a distance of 0.02 feet; thence South 0° 7' 25" West, a distance of 118.18 feet; thence North 90° 0' 0" West, a distance of 196.97 feet to the POINT OF BEGINNING.

Contains 2.89 acres more or less.

RICHFIELD 3

A part of Section 24, Township 23 South, Range 3 West, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being North 0° 14' 56" West for a distance of 1391.42 feet and North 89° 59' 59" East for a distance of 1203.61 feet from the Southwest Corner of Section 24 or POINT OF BEGINNING; and running thence North 0° 0' 1" East, a distance of 60.40 feet; thence South 90° 0' 0" East, a distance of 123.99 feet; thence North 90° 0' 0" East, a distance of 79.01 feet; thence South 0° 0' 1" East, a distance of 23.59 feet; thence North 89° 59' 59" East, a distance of 33.93 feet; thence South 0° 21' 52" West, a distance of 91.24 feet; thence South 0° 21' 53" West, a distance of 175.90 feet; thence North 89° 30' 17" West, a distance of 59.89 feet; thence South 85° 57' 22" West, a distance of 50.20 feet; thence South 85° 57' 25" West, a distance of 12.47 feet; thence North 89° 52' 28" West, a distance of 13.96 feet; thence North 81° 10' 32" West, a distance of 13.96 feet; thence North 76° 49' 32" West, a distance of 30.15 feet; thence North 75° 38' 39" West, a distance of 35.43 feet; thence North 79° 12' 26" West, a distance of 35.43 feet; thence North 82° 46' 19" West, a distance of 35.43 feet; thence North 86° 20' 6" West, a distance of 35.43 feet; thence North 0° 0' 0" East, a distance of 147.70 feet; thence North 0° 0' 0" East, a distance of 55.35 feet to the Point of Beginning.

Contains 1.94 acres more or less.

RICHFIELD 4

A parcel of land in Section 25, Township 23 South, Range 3 West, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being South 0° 9' 29" West for a distance of 2206.99 feet and South 89° 32' 50" East for a distance of 2640.88 feet from the Northwest Corner of Section 25 or POINT OF BEGINNING; and running thence South 89° 32' 52" East, a distance of 52.17 feet; thence South 0° 24' 37" West, a distance of 134.18 feet; thence South 0° 24' 36" West, a distance of 9.50 feet; thence North 89° 32' 52" West, a distance of 51.51 feet; thence North 89° 32' 44" West, a distance of 16.56 feet; thence North 0° 34' 26" East, a distance of 143.68 feet to the Point of Beginning.

Contains 0.22 acres more or less.

RICHFIELD 5

A parcel of land in Section 25, Township 23 South, Range 3 West, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being South 0° 15' 55" East for a distance of 2186.69 feet and North 89° 37' 28" West for a distance of 948.91 feet from the Northeast Corner of Section 25 or POINT OF BEGINNING; and running thence North 89° 37' 28" West, a distance of 59.52 feet; thence South 0° 6' 11" West, a distance of 115.25 feet; thence North 89° 51' 55" West, a distance of 80.42 feet; thence South 0° 0' 0" West, a distance of 99.83 feet; thence South 89° 44' 48" East, a distance of 80.24 feet; thence South 89° 44' 49" East, a distance of 59.30 feet; thence North 0° 9' 41" East, a distance of 107.56 feet; thence South 89° 41' 8" East, a distance of 154.50 feet; thence North 0° 9' 38" East, a distance of 107.40 feet to the Point of Beginning.

Contains 0.86 acres more or less.

RICHFIELD 6

A part of Section 25, Township 23 South, Range 3 West, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being North 0° 15' 57" West for a distance of 2616.55 feet from the Southeast Corner of Section 25 or POINT OF BEGINNING; and running thence South 89° 29' 47" East, a distance of 4.55 feet; thence North 0° 8' 22" West, a distance of 208.00 feet; thence North 89° 30' 17" West, a distance of 14.90 feet; thence North 89° 29' 46" West, a distance of 213.23 feet; thence North 89° 29' 18" West, a distance of 72.62 feet; thence North 89° 29' 49" West, a distance of 114.50 feet; thence North 89° 29' 50" West, a distance of 100.02 feet; thence North 89° 34' 26" West, a distance of 214.15 feet; thence South 0° 0' 58" West, a distance of 0.02 feet; thence South 0° 5' 26" West, a distance of 40.12 feet; thence South 0° 5' 27" West, a distance of 110.89 feet; thence South 0° 5' 24" West, a distance of 27.43 feet; thence South 0° 5' 30" West, a distance of 36.79 feet; thence South 89° 44' 49" East, a distance of 213.81 feet; thence South 89° 31' 42" East, a distance of 100.00 feet; thence North 0° 11' 7" East, a distance of 38.99 feet; thence North 0° 11' 11" East, a distance of 25.06 feet; thence South 89° 29' 48" East, a distance of 114.34 feet; thence South 89° 45' 7" East, a distance of 72.62 feet; thence South 0° 14' 56" West, a distance of 23.48 feet; thence South 0° 14' 51" West, a distance of 34.35 feet; thence South 89° 29' 55" East, a distance of 224.99 feet to the Point of Beginning.

Contains 3.29 acres more or less.

RICHFIELD 7

A part of Section 25, Township 23 South, Range 3 West, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being North 0° 9' 33" East for a distance of 634.18 feet and South 89° 46' 12" East for a distance of 1512.37 feet from the Southwest Corner of Section 25 or POINT OF BEGINNING; and running thence South 89° 46' 12" East, a distance of 214.75 feet; thence South 0° 27' 56" West, a distance of 87.06 feet; thence South 89° 32' 36" East, a distance of 96.79 feet; thence South 89° 32' 35" East, a distance of 117.92 feet; thence North 0° 27' 56" East, a distance of 87.04 feet; thence North 0° 0' 59" East, a distance of 0.02 feet; thence North 89° 32' 35" West, a distance of 214.71 feet; thence North 0° 27' 55" East, a distance of 214.01 feet; thence North 89° 49' 53" West, a distance of 114.31 feet; thence South 0° 21' 35" West, a distance of 34.76 feet; thence North 89° 57' 11" West, a distance of 9.84 feet; thence South 0° 21' 33" West, a distance of 84.42 feet; thence South 49° 6' 57" West, a distance of 29.99 feet; thence North 89° 57' 10" West, a distance of 68.31 feet; thence South 0° 27' 46" West, a distance of 74.74 feet to the POINT OF BEGINNING.

Contains 1.19 acres more or less.

RICHFIELD 8

A part of Sections 26 & 35, Township 23 South, Range 3 West, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being North 89° 37' 58" East for a distance of 1519.43 feet from the Northwest Corner of Section 35 or POINT OF BEGINNING; and running thence South 23° 32' 26" West, a distance of 78.41 feet; thence South 27° 17' 26" West, a distance of 451.92 feet; thence South 17° 52' 3" West, a distance of 16.13 feet; thence South 17° 52' 9" West, a distance of 73.02 feet; thence South 17° 52' 8" West, a distance of 510.81 feet; thence South 47° 34' 15" East, a distance of 136.70 feet; thence South 49° 49' 42" East, a distance of 28.97 feet; thence South 54° 21' 8" East, a distance of 28.97 feet; thence South 58° 52' 36" East, a distance of 28.97 feet; thence South 62° 6' 46" East, a distance of 12.56 feet; thence North 36° 6' 0" East, a distance of 294.18 feet; thence North 20° 49' 2" East, a distance of 20.70 feet; thence North 18° 58' 59" East, a distance of 58.60 feet; thence North 11° 25' 0" East, a distance of 71.25 feet; thence North 9° 29' 1" East, a distance of 63.80 feet; thence North 6° 39' 0" East, a distance of 65.25 feet; thence North 2° 12' 0" East, a distance of 131.99 feet; thence North 2° 12' 0" East, a distance of 237.91 feet; thence North 19° 4' 59" East, a distance of 42.00 feet; thence North 31° 1' 0" East, a distance

of 47.40 feet; thence North 41° 10' 1" East, a distance of 48.20 feet; thence North 45° 54' 59" East, a distance of 70.40 feet; thence North 47° 57' 0" East, a distance of 127.40 feet; thence North 51° 32' 59" East, a distance of 43.40 feet; thence North 38° 26' 4" East, a distance of 27.30 feet; thence North 17° 16' 59" East, a distance of 48.20 feet; thence North 12° 14' 2" East, a distance of 10.10 feet; thence North 89° 54' 18" West, a distance of 17.57 feet; thence North 89° 54' 26" West, a distance of 252.55 feet; thence South 23° 43' 10" West, a distance of 0.01 feet; thence South 23° 32' 27" West, a distance of 45.91 feet to the POINT OF BEGINNING.

Contains 6.89 acres more or less.

RICHFIELD 9

A parcel in Section 35, Township 23 South, Range 3 West, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being South 0° 22' 15" West for a distance of 2485.41 feet and South 89° 59' 4" West for a distance of 840.41 feet from the Northeast Corner of Section 35 or POINT OF BEGINNING; and running thence North 0° 5' 24" East, a distance of 93.80 feet; thence North 0° 1' 0" East, a distance of 0.02 feet; thence North 89° 52' 54" West, a distance of 110.17 feet; thence North 89° 52' 54" West, a distance of 103.69 feet; thence South 0° 8' 24" West, a distance of 94.32 feet; thence North 89° 59' 4" East, a distance of 171.47 feet; thence North 89° 59' 3" East, a distance of 42.48 feet to the POINT OF BEGINNING.

Contains 0.46 acres more or less.

RICHFIELD 10

A part of Section 35, Township 23 South, Range 3 West, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being North 89° 37' 53" East for a distance of 1340.22 feet and North 0° 58' 15" East for a distance of 525.43 feet from the Southwest Corner of Section 35 or POINT OF BEGINNING; and running thence South 87° 32' 45" East, a distance of 120.53 feet; thence North 0° 17' 13" East, a distance of 297.54 feet; thence North 0° 17' 13" East, a distance of 256.26 feet; thence North 89° 48' 17" East, a distance of 60.00 feet; thence South 0° 17' 17" West, a distance of 212.76 feet; thence South 89° 42' 43" East, a distance of 170.00 feet; thence South 0° 17' 19" West, a distance of 204.19 feet; thence South 87° 32' 45" East, a distance of 180.14 feet; thence South 87° 32' 45" East, a distance of 70.17 feet; thence South 0° 17' 37" West, a distance of 128.70 feet; thence South 0° 22' 46" East, a distance of 287.40 feet; thence South 88° 4' 51" East, a distance of 226.02 feet; thence South 87° 29' 4" East, a distance of 227.28 feet; thence North 0° 23' 59" West, a distance of 285.14 feet; thence North 0° 34' 3" East, a distance of 290.01 feet; thence North 88° 4' 51" West, a distance of 38.74 feet; thence North 88° 4' 51" West, a distance of 161.69 feet; thence North 88° 4' 50" West, a distance of 55.94 feet; thence North 0° 1' 11" East, a distance of 158.33 feet; thence North 0° 1' 0" East, a distance of 0.02 feet; thence South 89° 5' 7" West, a distance of 0.04 feet; thence South 89° 37' 2" West, a distance of 100.28 feet; thence South 89° 37' 2" West, a distance of 99.73 feet; thence South 89° 37' 3" West, a distance of 67.44 feet; thence North 0° 17' 17" East, a distance of 11.43 feet; thence North 1° 42' 13" West, a distance of 24.16 feet; thence North 6° 26' 3" West, a distance of 24.16 feet; thence North 11° 9' 47" West, a distance of 24.16 feet; thence North 15° 53' 41" West, a distance of 24.16 feet; thence North 20° 37' 26" West, a distance of 24.16 feet; thence North 25° 32' 3" West, a distance of 26.12 feet; thence North 30° 38' 50" West, a distance of 26.12 feet; thence North 35° 45' 48" West, a distance of 26.12 feet; thence North 40° 52' 38" West, a distance of 26.12 feet; thence North 45° 59' 28" West, a distance of 26.12 feet; thence North 51° 6' 26" West, a distance of 26.12 feet; thence North 56° 0' 53" West, a distance of 24.02 feet; thence North 60° 43' 6" West, a distance of 24.02 feet; thence North 65° 25' 20" West, a distance of

24.02 feet; thence North 70° 7' 28" West, a distance of 24.02 feet; thence North 72° 28' 35" West, a distance of 225.91 feet; thence North 70° 35' 23" West, a distance of 21.70 feet; thence North 66° 49' 22" West, a distance of 21.70 feet; thence North 63° 3' 11" West, a distance of 21.70 feet; thence North 58° 44' 20" West, a distance of 28.02 feet; thence North 89° 45' 46" West, a distance of 32.08 feet; thence North 89° 45' 45" West, a distance of 91.19 feet; thence South 2° 1' 43" East, a distance of 0.02 feet; thence South 1° 59' 41" East, a distance of 15.50 feet; thence South 1° 59' 47" East, a distance of 134.49 feet; thence South 1° 56' 16" East, a distance of 131.89 feet; thence South 2° 6' 2" East, a distance of 77.27 feet; thence South 6° 44' 53" West, a distance of 178.43 feet; thence South 6° 44' 53" West, a distance of 289.65 feet; thence South 87° 32' 45" East, a distance of 124.64 feet; thence South 87° 32' 43" East, a distance of 12.32 feet to the POINT OF BEGINNING.

Contains 15.34 acres more or less.

RICHFIELD 11

A part of Section 35, Township 23 South, Range 3 West, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being South 0° 22' 15" West for a distance of 2485.41 feet, and South 89° 59' 4" West for a distance of 840.41 feet from the Southeast Corner of Section 35 or POINT OF BEGINNING; and running thence North 0° 5' 24" East, a distance of 93.80 feet; thence North 0° 1' 0" East, a distance of 0.02 feet; thence North 89° 52' 54" West, a distance of 110.17 feet; thence North 89° 52' 54" West, a distance of 103.69 feet; thence South 0° 8' 24" West, a distance of 94.32 feet; thence North 89° 59' 4" East, a distance of 171.47 feet; thence North 89° 59' 3" East, a distance of 42.48 feet; thence South 0° 22' 15" West, a distance of 633.32 feet; thence North 63° 19' 2" West, a distance of 559.99 feet; thence North 63° 19' 2" West, a distance of 255.44 feet; thence North 63° 15' 0" West, a distance of 425.84 feet; thence North 63° 15' 1" West, a distance of 76.48 feet; thence North 0° 0' 0" East, a distance of 96.83 feet; thence North 0° 0' 2" West, a distance of 8.85 feet; thence North 90° 0' 0" West, a distance of 163.79 feet; thence South 0° 0' 2" West, a distance of 9.37 feet; thence South 0° 0' 11" West, a distance of 2.81 feet; thence South 0° 0' 0" East, a distance of 101.69 feet; thence South 37° 8' 33" West, a distance of 9.03 feet; thence South 37° 8' 36" West, a distance of 11.20 feet; thence South 37° 8' 36" West, a distance of 39.51 feet; thence South 44° 4' 37" West, a distance of 55.70 feet; thence South 63° 43' 42" West, a distance of 74.97 feet; thence South 63° 43' 40" West, a distance of 117.21 feet; thence South 60° 57' 18" West, a distance of 125.17 feet; thence South 49° 5' 17" West, a distance of 96.45 feet; thence South 43° 20' 7" West, a distance of 114.97 feet; thence South 0° 59' 56" West, a distance of 40.77 feet; thence South 51° 35' 9" West, a distance of 133.67 feet; thence South 52° 21' 12" West, a distance of 126.33 feet; thence South 54° 21' 7" West, a distance of 344.05 feet; thence South 58° 51' 49" West, a distance of 155.92 feet; thence South 65° 55' 42" West, a distance of 199.45 feet; thence South 63° 6' 6" West, a distance of 47.78 feet; thence South 63° 6' 6" West, a distance of 158.23 feet; thence South 87° 42' 31" East, a distance of 140.47 feet; thence South 87° 42' 31" East, a distance of 426.96 feet; thence South 88° 28' 26" East, a distance of 198.30 feet; thence South 87° 16' 46" East, a distance of 274.51 feet; thence North 0° 0' 2" East, a distance of 7.02 feet; thence South 90° 0' 0" East, a distance of 222.00 feet; thence South 0° 0' 2" West, a distance of 17.57 feet; thence South 87° 16' 6" East, a distance of 4.64 feet; thence North 58° 3' 9" East, a distance of 93.63 feet; thence North 0° 19' 20" East, a distance of 516.12 feet; thence North 90° 0' 0" East, a distance of 134.59 feet; thence South 90° 0' 0" East, a distance of 173.50 feet; thence North 0° 0' 0" West, a distance of 278.91 feet; thence South 63° 49' 40" East, a distance of 69.02 feet; thence South 63° 49' 40" East, a distance of 177.78 feet; thence North 26° 53' 23" East, a distance of 133.66 feet; thence South 63° 41' 34" East, a distance of 355.39 feet; thence North 52° 25' 49" East, a distance of 96.23 feet to the POINT OF BEGINNING.

Contains 19.87 acres more or less.

RICHFIELD 12

A parcel in Section 36, Township 23 South, Range 3 West, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being North 89° 46' 12" East for a distance of 1509.11 feet, and South 0° 27' 56" West for a distance of 437.31 feet from the Northwest Corner of Section 36 or POINT OF BEGINNING; and running thence South 0° 27' 56" West, a distance of 160.71 feet; thence South 89° 32' 35" East, a distance of 214.71 feet; thence North 0° 27' 56" East, a distance of 160.70 feet; thence North 0° 0' 59" East, a distance of 0.02 feet; thence North 89° 32' 36" West, a distance of 214.71 feet to the POINT OF BEGINNING.

Contains 0.79 acres more or less.

A part of Section 36, Township 23 South, Range 3 West, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being South 0° 01' 50" West for a distance of 2296.44 feet from the North Quarter Corner of Section 36 or POINT OF BEGINNING; and running thence North 87° 59' 59" West, a distance of 115.22 feet; thence North 87° 44' 59" West, a distance of 33.00 feet; thence North 2° 15' 00" East, a distance of 165.50 feet; thence North 2° 01' 33" East, a distance of 0.02 feet; thence North 88° 00' 00" West, a distance of 297.68 feet; thence North 88° 00' 01" West, a distance of 33.64 feet; thence North 88° 00' 00" West, a distance of 133.11 feet; thence North 88° 00' 00" West, a distance of 100.80 feet; thence South 20° 51' 00" West, a distance of 305.38 feet; thence South 2° 15' 02" West, a distance of 42.31 feet; thence South 2° 15' 00" West, a distance of 217.30 feet; thence South 2° 14' 40" West, a distance of 1.94 feet; thence South 2° 15' 01" West, a distance of 51.56 feet; thence North 88° 43' 30" West, a distance of 45.28 feet; thence South 89° 49' 12" West, a distance of 291.60 feet; thence South 84° 43' 09" West, a distance of 119.37 feet; thence South 89° 44' 41" West, a distance of 49.49 feet; thence South 89° 44' 38" West, a distance of 14.70 feet; thence South 89° 44' 35" West, a distance of 3.65 feet; thence North 84° 32' 41" West, a distance of 100.50 feet; thence South 89° 44' 41" West, a distance of 72.64 feet; thence South 89° 44' 40" West, a distance of 24.40 feet; thence South 1° 00' 29" West, a distance of 433.95 feet; thence South 1° 02' 15" East, a distance of 261.08 feet; thence South 89° 02' 14" East, a distance of 114.62 feet; thence South 86° 34' 00" East, a distance of 101.48 feet; thence South 86° 34' 01" East, a distance of 55.10 feet; thence South 88° 16' 10" East, a distance of 233.07 feet; thence South 2° 07' 02" West, a distance of 62.10 feet; thence South 1° 56' 35" West, a distance of 136.36 feet; thence North 88° 30' 31" West, a distance of 112.35 feet; thence South 0° 00' 00" West, a distance of 140.36 feet; thence South 89° 59' 58" East, a distance of 32.28 feet; thence South 85° 33' 45" East, a distance of 10.06 feet; thence South 76° 41' 37" East, a distance of 10.06 feet; thence South 67° 48' 54" East, a distance of 10.06 feet; thence South 58° 56' 39" East, a distance of 10.06 feet; thence South 50° 04' 11" East, a distance of 10.06 feet; thence South 41° 11' 58" East, a distance of 10.06 feet; thence North 38° 28' 35" East, a distance of 17.94 feet; thence North 38° 28' 35" East, a distance of 187.62 feet; thence South 88° 29' 29" East, a distance of 52.16 feet; thence North 89° 51' 36" East, a distance of 42.84 feet; thence South 0° 30' 00" East, a distance of 176.55 feet; thence South 88° 00' 00" East, a distance of 331.63 feet; thence North 0° 29' 59" West, a distance of 322.83 feet; thence North 88° 00' 00" West, a distance of 331.63 feet; thence North 29° 00' 46" West, a distance of 58.50 feet; thence North 1° 16' 31" East, a distance of 349.24 feet; thence North 1° 16' 30" East, a distance of 312.11 feet; thence North 1° 16' 07" East, a distance of 0.83 feet; thence South 86° 55' 52" East, a distance of 44.27 feet; thence South 88° 00' 00" East, a distance of 320.47 feet; thence South 88° 00' 03" East, a distance of 10.85 feet; thence South 88° 00' 00" East, a distance of 331.32 feet; thence South 88° 00' 00" East, a distance of 33.00 feet; thence South 2° 15' 00" West, a distance of 661.30 feet; thence South 88° 00' 00" East, a distance of 140.84 feet; thence South 87° 59' 59" East, a distance of 19.26 feet; thence South 88° 00' 00"

East, a distance of 164.61 feet; thence South 88° 00' 00" East, a distance of 324.72 feet; thence North 2° 15' 00" East, a distance of 661.30 feet; thence North 2° 15' 00" East, a distance of 165.66 feet; thence North 2° 19' 36" East, a distance of 0.11 feet; thence North 2° 13' 18" East, a distance of 0.26 feet; thence North 2° 15' 00" East, a distance of 165.29 feet; thence North 2° 15' 00" East, a distance of 165.66 feet; thence North 88° 00' 00" West, a distance of 324.72 feet; thence North 88° 00' 00" West, a distance of 209.50 feet to the POINT OF BEGINNING.

Contains 42.18 acres more or less.

RICHFIELD 16

A part of Section 36, Township 23 South, Range 3 West and Section 1, Township 24 South, Range 3 West, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being North 89° 40' 01" East for a distance of 24.21 feet from the Southwest Corner of Section 36 or POINT OF BEGINNING; and running thence South 0° 00' 06" East, a distance of 3.12 feet; thence North 89° 44' 06" East, a distance of 39.61 feet; thence North 89° 44' 04" East, a distance of 68.94 feet; thence North 75° 28' 09" East, a distance of 1.06 feet; thence North 75° 26' 58" East, a distance of 268.73 feet; thence South 0° 00' 00" East, a distance of 66.31 feet; thence South 0° 03' 19" East, a distance of 0.26 feet; thence South 0° 00' 23" West, a distance of 1.89 feet; thence South 0° 00' 01" West, a distance of 33.54 feet; thence North 89° 59' 58" East, a distance of 24.53 feet; thence South 89° 59' 57" East, a distance of 8.47 feet; thence North 0° 00' 01" East, a distance of 22.22 feet; thence North 0° 00' 01" West, a distance of 11.32 feet; thence North 0° 00' 07" West, a distance of 2.04 feet; thence North 0° 00' 59" East, a distance of 0.26 feet; thence North 0° 00' 01" West, a distance of 94.16 feet; thence North 42° 30' 53" East, a distance of 21.40 feet; thence North 42° 30' 49" East, a distance of 220.60 feet; thence North 23° 38' 35" East, a distance of 141.00 feet; thence North 5° 08' 19" West, a distance of 27.41 feet; thence North 23° 13' 32" East, a distance of 155.49 feet; thence North 25° 23' 26" East, a distance of 10.20 feet; thence North 25° 23' 22" East, a distance of 69.53 feet; thence North 0° 30' 00" West, a distance of 327.51 feet; thence North 0° 30' 00" West, a distance of 250.12 feet; thence North 1° 00' 24" West, a distance of 0.02 feet; thence North 88° 00' 00" West, a distance of 303.61 feet; thence North 88° 00' 01" West, a distance of 19.33 feet; thence South 69° 13' 02" West, a distance of 35.41 feet; thence North 81° 21' 59" West, a distance of 26.78 feet; thence North 81° 22' 00" West, a distance of 107.89 feet; thence North 81° 22' 27" West, a distance of 1.94 feet; thence South 56° 39' 33" West, a distance of 212.92 feet; thence South 56° 39' 32" West, a distance of 50.33 feet; thence South 0° 00' 21" East, a distance of 535.22 feet; thence South 0° 00' 00" West, a distance of 452.58 feet; thence South 0° 00' 00" East, a distance of 107.28 feet to the POINT OF BEGINNING.

Contains 17.40 acres more or less.

RICHFIELD 17

A part of Section 36, Township 23 South, Range 3 West, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being North 89° 40' 03" East for a distance of 1340.22 feet and North 0° 12' 03" East for a distance of 959.69 feet from the POINT OF BEGINNING; and running thence North 89° 33' 22" West, a distance of 136.39 feet; thence North 89° 33' 23" West, a distance of 73.71 feet; thence North 89° 33' 27" West, a distance of 5.73 feet; thence North 1° 01' 47" West, a distance of 39.48 feet; thence South 89° 30' 43" East, a distance of 6.10 feet; thence South 89° 30' 41" East, a distance of 74.06 feet; thence South 89° 30' 41" East, a distance of 118.81 feet; thence South 89° 30' 42" East, a distance of 17.72 feet; thence South 89° 30' 41" East, a distance of 62.24 feet; thence South 89° 30' 38" East, a distance of 40.01 feet; thence South 89° 30' 43" East, a distance of 18.53 feet; thence South 89° 30' 40"

East, a distance of 150.46 feet; thence South 89° 30' 40" East, a distance of 154.96 feet; thence South 0° 48' 27" East, a distance of 606.27 feet; thence South 89° 50' 11" West, a distance of 308.64 feet; thence South 89° 50' 15" West, a distance of 5.99 feet; thence North 1° 42' 57" West, a distance of 158.16 feet; thence North 1° 42' 57" West, a distance of 412.74 feet; thence North 89° 33' 22" West, a distance of 103.15 feet to the POINT OF BEGINNING.

Contains 4.75 acres more or less.

RICHFIELD 18

A part of Section 36, Township 23 South, Range 3 West, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being North 89° 40' 02" East for a distance of 1837.52 feet from the Southwest Corner of Section 36 or POINT OF BEGINNING; and running thence North 0° 30' 00" West, a distance of 186.87 feet; thence South 88° 00' 00" East, a distance of 131.97 feet; thence South 0° 29' 59" East, a distance of 181.50 feet; thence South 0° 29' 53" East, a distance of 5.15 feet; thence South 89° 44' 15" West, a distance of 9.24 feet; thence South 89° 44' 05" West, a distance of 122.61 feet; thence North 0° 29' 58" West, a distance of 4.99 feet to the POINT OF BEGINNING.

Contains 0.57 acres more or less.

RICHFIELD 19

A parcel in Section 1, Township 24 South, Range 3 West, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being South 0° 07' 26" East for a distance of 1322.83 feet from the first traverse and North 89° 39' 18" East for a distance of 1439.20 feet from the second traverse and running thence North 1° 23' 09" East, a distance of 163.45 feet; thence North 0° 44' 46" East, a distance of 83.47 feet; thence North 0° 44' 46" East, a distance of 216.12 feet; thence North 1° 01' 17" East, a distance of 0.02 feet; thence South 88° 04' 23" East, a distance of 333.05 feet; thence South 0° 19' 01" East, a distance of 213.83 feet; thence South 0° 19' 01" East, a distance of 235.92 feet; thence South 0° 19' 03" East, a distance of 6.03 feet; thence South 0° 19' 01" East, a distance of 104.57 feet; thence North 88° 09' 33" West, a distance of 336.64 feet; thence North 88° 09' 36" West, a distance of 9.71 feet; thence North 1° 23' 09" East, a distance of 91.88 feet; thence North 1° 23' 02" East, a distance of 5.55 feet to the POINT OF BEGINNING.

Contains 4.36 acres more or less.

RICHFIELD 20

A part of Section 1, Township 24 South, Range 3 West, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being South 0° 07' 26" East for a distance of 1322.83 feet and North 89° 39' 18" East for a distance of 137.92 feet from the POINT OF BEGINNING; and running thence North 20° 55' 04" East, a distance of 195.44 feet; thence North 20° 55' 04" East, a distance of 101.68 feet; thence North 20° 55' 04" East, a distance of 244.97 feet; thence North 21° 16' 01" East, a distance of 0.02 feet; thence South 88° 04' 54" East, a distance of 102.81 feet; thence South 88° 04' 55" East, a distance of 314.88 feet; thence South 88° 04' 55" East, a distance of 166.34 feet; thence South 88° 04' 54" East, a distance of 155.54 feet; thence South 0° 07' 03" East, a distance of 297.38 feet; thence South 87° 59' 49" East, a distance of 48.13 feet; thence South 87° 59' 50" East, a distance of 120.07 feet; thence South 0° 00' 59" West, a distance of 0.02 feet; thence South 0° 00' 00" West, a distance of 171.72 feet; thence South 0° 00' 05" East, a distance of 5.27 feet; thence South 0° 00' 00" West, a distance of 66.87 feet;

thence South 87° 51' 10" West, a distance of 120.08 feet; thence South 87° 51' 11" West, a distance of 47.61 feet; thence South 0° 07' 03" East, a distance of 105.22 feet; thence North 88° 42' 57" West, a distance of 158.95 feet; thence North 88° 15' 01" West, a distance of 166.32 feet; thence North 88° 15' 01" West, a distance of 363.79 feet; thence North 88° 15' 00" West, a distance of 165.01 feet; thence North 80° 26' 24" West, a distance of 32.82 feet; thence South 21° 57' 05" West, a distance of 29.47 feet; thence North 89° 51' 42" West, a distance of 103.41 feet; thence North 20° 55' 03" East, a distance of 186.13 feet to the POINT OF BEGINNING.

Contains 14.14 acres more or less.

RICHFIELD 21

A part of Section 2, Township 24 South, Range 3 West, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being South 89° 37' 22" West for a distance of 985.63 feet from the Northeast Corner of Section 2 or POINT OF BEGINNING; and running thence South 1° 02' 39" West, a distance of 38.12 feet; thence South 1° 02' 07" West, a distance of 674.16 feet; thence North 87° 41' 43" West, a distance of 73.47 feet; thence North 63° 01' 23" West, a distance of 65.70 feet; thence North 63° 01' 23" West, a distance of 83.31 feet; thence North 63° 01' 23" West, a distance of 147.70 feet; thence North 63° 01' 21" West, a distance of 11.13 feet; thence South 18° 23' 09" West, a distance of 133.94 feet; thence South 19° 06' 01" West, a distance of 54.88 feet; thence South 18° 50' 01" West, a distance of 7.87 feet; thence South 18° 48' 54" West, a distance of 5.38 feet; thence South 18° 28' 13" West, a distance of 591.48 feet; thence South 18° 28' 54" West, a distance of 0.79 feet; thence South 18° 28' 12" West, a distance of 86.36 feet; thence North 88° 00' 03" West, a distance of 15.25 feet; thence North 88° 20' 06" West, a distance of 47.88 feet; thence North 0° 03' 40" East, a distance of 79.82 feet; thence North 0° 04' 52" East, a distance of 0.58 feet; thence North 0° 03' 41" East, a distance of 295.11 feet; thence North 0° 03' 40" East, a distance of 285.03 feet; thence North 0° 01' 00" East, a distance of 0.03 feet; thence North 0° 07' 07" East, a distance of 3.50 feet; thence North 0° 10' 38" East, a distance of 54.19 feet; thence North 83° 29' 36" West, a distance of 79.61 feet; thence North 87° 44' 13" West, a distance of 249.65 feet; thence North 87° 44' 13" West, a distance of 55.29 feet; thence North 87° 44' 16" West, a distance of 16.75 feet; thence North 87° 43' 24" West, a distance of 214.94 feet; thence North 44° 16' 19" West, a distance of 47.26 feet; thence North 9° 11' 15" East, a distance of 263.72 feet; thence North 8° 59' 21" East, a distance of 0.02 feet; thence North 59° 44' 44" East, a distance of 22.08 feet; thence North 59° 44' 47" East, a distance of 215.99 feet; thence North 59° 31' 06" East, a distance of 3.26 feet; thence North 59° 29' 51" East, a distance of 5.29 feet; thence North 59° 45' 52" East, a distance of 11.84 feet; thence North 59° 45' 52" East, a distance of 64.02 feet; thence North 59° 45' 53" East, a distance of 287.66 feet; thence North 62° 30' 13" East, a distance of 92.65 feet; thence South 87° 37' 11" East, a distance of 157.32 feet; thence South 87° 42' 57" East, a distance of 187.77 feet; thence South 87° 42' 57" East, a distance of 160.30 feet; thence South 87° 42' 29" East, a distance of 75.63 feet; thence South 87° 42' 56" East, a distance of 118.09 feet to the POINT OF BEGINNING.

Contains 20.16 acres more or less.

RICHFIELD 22

A part of Section 2, Township 24 South, Range 3 West, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being South 0° 39' 07" East for a distance of 5.00 feet from the POINT OF BEGINNING; and running thence North 89° 49' 13" East, a distance of 235.42 feet; thence North 89° 49' 11" East, a distance of 25.69 feet; thence South 89° 59' 00" East, a distance of 0.01 feet; thence South 88° 42' 37" East, a distance of 0.01 feet; thence North 89° 49' 13" East, a distance of 60.67 feet; thence

South 2° 28' 06" West, a distance of 2.95 feet; thence South 2° 28' 12" West, a distance of 34.76 feet; thence South 2° 28' 10" West, a distance of 164.86 feet; thence South 48° 38' 25" West, a distance of 42.84 feet; thence North 89° 34' 04" West, a distance of 32.25 feet; thence South 86° 24' 32" West, a distance of 32.25 feet; thence South 82° 23' 02" West, a distance of 32.25 feet; thence South 78° 14' 01" West, a distance of 34.27 feet; thence South 73° 57' 29" West, a distance of 34.27 feet; thence South 69° 40' 50" West, a distance of 34.27 feet; thence South 65° 24' 13" West, a distance of 34.27 feet; thence South 61° 07' 35" West, a distance of 34.27 feet; thence South 56° 51' 03" West, a distance of 25.34 feet; thence South 56° 50' 58" West, a distance of 8.94 feet; thence South 54° 32' 57" West, a distance of 2.93 feet; thence South 54° 13' 15" West, a distance of 1.12 feet; thence South 54° 12' 52" West, a distance of 0.96 feet; thence South 52° 11' 08" West, a distance of 30.49 feet; thence South 48° 22' 57" West, a distance of 30.49 feet; thence South 44° 34' 43" West, a distance of 30.49 feet; thence South 40° 46' 25" West, a distance of 30.49 feet; thence South 36° 58' 15" West, a distance of 30.49 feet; thence South 33° 10' 00" West, a distance of 30.49 feet; thence South 31° 15' 50" West, a distance of 277.53 feet; thence South 33° 37' 29" West, a distance of 29.59 feet; thence South 38° 20' 40" West, a distance of 29.59 feet; thence South 43° 03' 56" West, a distance of 29.59 feet; thence South 47° 47' 13" West, a distance of 29.59 feet; thence South 52° 30' 24" West, a distance of 29.59 feet; thence South 57° 13' 40" West, a distance of 29.59 feet; thence South 50° 20' 33" West, a distance of 127.40 feet; thence North 0° 18' 46" East, a distance of 15.43 feet; thence North 0° 14' 26" East, a distance of 122.55 feet; thence North 2° 28' 26" West, a distance of 29.84 feet; thence North 6° 56' 22" West, a distance of 29.84 feet; thence North 11° 24' 17" West, a distance of 29.84 feet; thence North 15° 52' 15" West, a distance of 29.84 feet; thence North 20° 20' 12" West, a distance of 29.84 feet; thence North 24° 48' 10" West, a distance of 29.84 feet; thence North 29° 16' 06" West, a distance of 29.84 feet; thence North 33° 44' 03" West, a distance of 29.84 feet; thence North 38° 12' 00" West, a distance of 29.84 feet; thence North 39° 57' 07" West, a distance of 111.24 feet; thence North 34° 41' 45" West, a distance of 24.50 feet; thence North 30° 15' 56" West, a distance of 24.50 feet; thence North 25° 50' 08" West, a distance of 24.50 feet; thence North 21° 24' 26" West, a distance of 24.50 feet; thence North 9° 28' 44" West, a distance of 99.31 feet; thence North 0° 04' 37" West, a distance of 22.64 feet; thence North 4° 25' 57" East, a distance of 3.14 feet; thence North 13° 26' 15" East, a distance of 3.14 feet; thence North 22° 27' 14" East, a distance of 3.14 feet; thence North 31° 27' 13" East, a distance of 3.14 feet; thence North 40° 28' 01" East, a distance of 3.14 feet; thence North 49° 27' 53" East, a distance of 3.14 feet; thence North 58° 28' 38" East, a distance of 3.14 feet; thence North 67° 29' 19" East, a distance of 3.14 feet; thence North 76° 29' 29" East, a distance of 3.14 feet; thence North 85° 29' 36" East, a distance of 3.14 feet; thence North 90° 00' 00" East, a distance of 207.55 feet; thence North 0° 15' 18" East, a distance of 7.50 feet; thence North 0° 15' 19" East, a distance of 4.02 feet; thence North 11° 36' 52" West, a distance of 26.60 feet; thence North 1° 42' 28" East, a distance of 12.43 feet; thence North 1° 42' 08" East, a distance of 2.51 feet; thence North 1° 42' 39" East, a distance of 140.50 feet; thence North 1° 44' 03" East, a distance of 1.22 feet; thence North 89° 52' 27" East, a distance of 226.17 feet; thence North 89° 52' 22" East, a distance of 270.10 feet to the POINT OF BEGINNING.

Contains 10.40 acres more or less.

RICHFIELD 23

A part of Section 2, Township 24 South, Range 3 West, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being North 89° 37' 53" East for a distance of 1340.22 feet from the Northwest Corner of Section 2 or POINT OF BEGINNING; and running thence South 1° 22' 06" East, a distance of 191.62 feet; thence North 89° 59' 58" West, a distance of 9.27 feet; thence South 0° 55' 26" East, a distance of 67.51 feet; thence South 90° 00' 00" West, a distance of 405.32 feet; thence South 16°

09° 53" West, a distance of 253.43 feet; thence South 31° 15' 48" West, a distance of 372.81 feet; thence South 26° 30' 34" West, a distance of 541.59 feet; thence South 26° 34' 55" West, a distance of 0.02 feet; thence South 26° 30' 37" West, a distance of 9.39 feet; thence South 26° 30' 35" West, a distance of 25.15 feet; thence North 59° 23' 29" East, a distance of 39.02 feet; thence North 60° 36' 16" East, a distance of 5.57 feet; thence North 60° 36' 20" East, a distance of 10.57 feet; thence North 61° 05' 32" East, a distance of 6.62 feet; thence North 62° 25' 59" East, a distance of 53.60 feet; thence North 64° 47' 41" East, a distance of 53.60 feet; thence North 67° 09' 22" East, a distance of 53.60 feet; thence North 69° 31' 05" East, a distance of 53.60 feet; thence North 71° 52' 48" East, a distance of 53.60 feet; thence North 74° 14' 30" East, a distance of 53.60 feet; thence North 76° 36' 12" East, a distance of 53.60 feet; thence North 77° 48' 40" East, a distance of 270.24 feet; thence North 77° 48' 39" East, a distance of 276.63 feet; thence North 0° 00' 02" West, a distance of 22.84 feet; thence North 0° 00' 00" East, a distance of 184.83 feet; thence North 0° 00' 00" East, a distance of 188.09 feet; thence North 0° 00' 00" West, a distance of 97.02 feet; thence North 0° 00' 00" East, a distance of 224.67 feet; thence North 0° 00' 03" West, a distance of 7.48 feet; thence North 45° 00' 00" East, a distance of 192.23 feet; thence North 44° 59' 58" East, a distance of 9.90 feet; thence North 90° 00' 00" West, a distance of 146.52 feet to the POINT OF BEGINNING.

Contains 13.08 acres more or less.

RICHFIELD 24

A part of Section 2, Township 24 South, Range 3 West, Salt Lake Base & Meridian, U.S. Survey:

Beginning at a point, said point being South 89° 58' 39" East for a distance of 811.39 feet and North 7° 06' 58" West for a distance of 6.74 feet from the West Quarter Corner or POINT OF BEGINNING; and running thence North 3° 49' 26" West, a distance of 25.04 feet; thence North 4° 20' 21" West, a distance of 147.38 feet; thence North 4° 20' 21" West, a distance of 149.98 feet; thence North 4° 20' 21" West, a distance of 151.98 feet; thence North 4° 20' 22" West, a distance of 145.07 feet; thence North 4° 20' 20" West, a distance of 137.48 feet; thence North 3° 24' 18" West, a distance of 50.00 feet; thence North 3° 24' 19" West, a distance of 171.32 feet; thence North 3° 06' 19" West, a distance of 0.02 feet; thence North 88° 45' 57" East, a distance of 29.71 feet; thence North 88° 56' 08" East, a distance of 5.06 feet; thence North 88° 56' 03" East, a distance of 407.25 feet; thence South 2° 01' 17" East, a distance of 326.53 feet; thence South 11° 42' 20" East, a distance of 371.01 feet; thence South 1° 59' 04" East, a distance of 292.15 feet; thence South 1° 59' 26" East, a distance of 1.79 feet; thence South 89° 55' 23" West, a distance of 435.13 feet; thence South 89° 55' 24" West, a distance of 33.59 feet to the POINT OF BEGINNING.

Contains 10.26 acres more or less.

EPHRAIM CITY RESOLUTION ECR 23-19

A RESOLUTION SUPPORTING THE CREATION OF A UTAH INLAND PORT AUTHORITY PROJECT AREA IN EPHRAIM CITY

WHEREAS Ephraim City (the “City”) is a political subdivision of the State of Utah, and the Council of Ephraim City (the “Council”) is a public entity with authority to make resolutions with respect to the City; and

WHEREAS The City desires the Utah Inland Port Authority (the “Port Authority”) Board to create a Project Area (“Project Area”) to help fund the development of a Project Area in our City and

WHEREAS a Project Area fits the City’s economic development vision by encouraging the retention and expansion of existing companies and the recruitment of new companies to create employment opportunities for our residents. This project will bring new primary employment opportunities to the City and it will provide enhanced logistics to local and regional companies. Additionally, this project fits the City’s general plan and the zoning for this area; and

WHEREAS The general public will benefit from the creation of this Project Area through the creation of new primary employment opportunities; through expanded logistics service opportunities; through improved movement of materials in and out of Utah; and by better utilizing our community’s railroad infrastructure, and maximizing our transportation resources regionally.

NOW THEREFORE, BE IT RESOLVED BY THE COUNCIL OF EPHRAIM CITY AS FOLLOWS that the Council hereby: (1) consents to include a site in the proposed Utah Inland Port Authority Project Area; and (2) requests the Port Authority to consider a project area in our City and designate and approve a site as a Project Area to aid in its development, all in accordance with Utah Code Annotated § 11-58-501 *et. Seq.*

RESOLVED, ADOPTED, AND ORDERED this 18th day of October, 2023.

EPHRAIM CITY

MANTI CITY RESOLUTION 2024-1

A RESOLUTION SUPPORTING THE CREATION OF A UTAH INLAND PORT AUTHORITY PROJECT AREA IN MANTI CITY

WHEREAS Manti City (the “City”) is a political subdivision of the State of Utah, and the Council of the City (the “Council”) is a public entity with authority to make resolutions with respect to the City; and

WHEREAS The City desires the Utah Inland Port Authority (the “Port Authority”) Board to create a Project Area (“Project Area”) to help fund the development of a Project Area in our City and

WHEREAS a Project Area fits the City’s economic development vision by encouraging the retention and expansion of existing companies and the recruitment of new companies to create employment opportunities for our residents. This project will bring new primary employment opportunities to the City and it will provide enhanced logistics to local and regional companies. Additionally, this project fits the City’s general plan and the zoning for this area; and

WHEREAS The general public will benefit from the creation of this Project Area through the creation of new primary employment opportunities; through expanded logistics service opportunities; through improved movement of materials in and out of Utah; and by the possible restoration of our community’s railroad infrastructure, and maximizing our transportation resources regionally.

NOW THEREFORE, BE IT RESOLVED BY THE COUNCIL OF MANTI CITY AS FOLLOWS that the Council hereby: (1) consents to include a site in the proposed Utah Inland Port Authority Project Area; and (2) requests the Port Authority to consider a project area in our City and designate and approve a site as a Project Area to aid in its development, all in accordance with Utah Code Annotated § 11-58-501 *et. Seq.*

RESOLVED, ADOPTED, AND ORDERED this 17th day of January, 2024.

RESOLUTION 2023-11

**A RESOLUTION CONSENTING TO THE CREATION OF
A UTAH INLAND PORT AUTHORITY PROJECT AREA IN GUNNISON CITY**

WHEREAS, Gunnison City ("City") is a fifth class city of the State of Utah; and

WHEREAS, The Gunnison City Council ("Council") is the governing body of the City; and

WHEREAS, The City desires that the Utah Inland Port Authority Board ("Port Authority") create a project area ("Project Area") to help fund the development of economic development opportunities in the Gunnison Valley region;

WHEREAS, The Project Area fits the City's economic development vision by encouraging the retention and expansion of existing companies and the recruitment of new companies to create employment opportunities for residents of the City and the surrounding communities; and

WHEREAS, The Project Area will be consistent with the City's general plan and zoning designations; and

WHEREAS, The Project Area will include lands near or adjacent to logistical network infrastructure of Interstate 15, Interstate 70, Highway 89, Highway 28, and the Salina-Gunnison municipal airport (44U);

WHEREAS, The Port Authority Project Area will be a beneficial tool to optimize development in the vicinity of the above stated logistical infrastructure; and

WHEREAS, Creation of the Project Area will be a public benefit by creating new primary employment opportunities and will help to improve public infrastructure in the area.

NOW THEREFORE, BE IT HEREBY RESOLVED by the Gunnison City Council

1. Pursuant to Utah Code Ann. §11-58-501(2), the Gunnison City Council hereby consent to the creation of a Utah Inland Port Authority Project Area in Gunnison City. Should additional area be annexed to Gunnison City, such additional area may be included in the Project Area if it is included in the Project Area plan or an amended project area plan adopted by the Port Authority.
2. This resolution shall become effective immediately upon passage.

PASSED by the City Council of the City of Gunnison, Utah this 20th day of September 2023.

RESOLUTION R229-2023

A RESOLUTION SUPPORTING THE CREATION OF A UTAH INLAND PORT AUTHORITY PROJECT AREA IN SALINA CITY, UTAH

WHEREAS, Salina City (the "City") is a political subdivision of the Sevier County in the state of Utah, and the City Council (the "Council") is a public entity with authority to make resolutions with respect to the city; and

WHEREAS, The City desires the Utah Inland Port Authority (the "Port Authority") Board to create a Project Area ("Project Area") to help fund the development of a regional economic development opportunity; and

WHEREAS, The project Area fits the City's economic development vision by encouraging the retention and expansion of existing companies and the recruitment of new companies to create employment opportunities for our residents. This project will bring new primary employment opportunities to the City. Additionally, this project will fit the City's general plan and the zoning for the area; and

WHEREAS, After several years of planning, it is evident that the Port Authority's Project Area is the tool needed to optimize development. The project area will enable the Site to better serve the rest of the county and surrounding region. Companies located from throughout Sevier County would help these businesses succeed in Central Utah; and

WHEREAS, The general public will benefit from the creation of this Project Area through the creation of new primary employment opportunities; through improved movement of materials in and out of central Utah; and by better utilizing our community's infrastructure, eliminating much of the unnecessary traffic, and maximizing our transportation resources regionally.

NOW THEREFORE, BE IT RESOLVED by the Salina City Council as follows that the Council hereby: (1) consents to the creation of a Utah Inland Port Authority Project Area in Salina City in accordance with Utah Code Annotated (section) 11-58-501

PASSED, APPROVED AND ADOPTED by the Mayor and City Council of the City of Salina, this 23rd day of August, 2023

WAYNE COUNTY RESOLUTION 052024

A RESOLUTION SUPPORTING THE CREATION OF A UTAH INLAND PORT
AUTHORITY PROJECT AREA IN WAYNE COUNTY

Whereas Wayne County ("County") is a political subdivision of the State of Utah, and the Board of Wayne County Commissioners (the "Board") is a public entity with authority to make resolutions with respect to the County; and

Whereas the County desires the Utah Inland Port Authority (the "Port Authority") Board to create a Project Area ("Project Area") to help fund the development of a regional economic development opportunity; and

Whereas the Project Area fits the County's economic development vision by encouraging the retention and expansion of existing companies and the recruitment of new companies to create employment opportunities for our residents. This project will bring new primary employment opportunities to the County. Additionally, this project will fit the County's general plan and the zoning for this area; and

Whereas after several years of planning, it is evident that the Port Authority's Project Area is the tool needed to optimize development. The Project Area will enable the Site to better serve the rest of the County and the surrounding region; and

Whereas The general public will benefit from the creation of this Project Area through the creation of new primary employment opportunities; through expanded rail service opportunities; and through improved movement of materials in and out of southwestern Utah.

NOW THEREFORE, BE IT RESOLVED by the board of Wayne County Commissioners as follows that the Board hereby consents to the creation of a Utah Inland Port Authority Project Area in Wayne County in accordance with UTAH CODE SECTION 11-58-501 *et. Seq.*

Passed and adopted by the board of County Commissioners of Wayne County, Utah, this the 20th day of May 2024,

Roger Brian
Wayne County Commission Chair

Appendix E: Environmental Review

INTRODUCTION

For the Utah Inland Port Authority (UIPA) Board to adopt a Project Area Plan, an environmental review for the Project Area must be completed. This report provides an overview of environmental considerations to ensure compliance with all federal, state, and local requirements related to future opportunities associated with the development and optimization of the project area. The Utah Inland Port Authority, in conjunction with development parties and government stakeholders, will review these environmental considerations before work, which could pose adverse impacts, may commence in the project area.

SUMMARY OF ENVIRONMENTAL CONSIDERATIONS

While several cultural resources in Sanpete, Sevier, and Wayne Counties have been previously designated as worthy of preservation and recorded on the National Register of Historic Places (NRHP), none of them are present in the project area.

While there are no land-areas of federally recognized tribes located in the project area, both Koosharem and Kanosh Bands of the [Paiute Indian Tribe of Utah](#) have reservations approximately 15 miles outside of the Richfield City zone of the project area. Tribal Chairwoman Tamra Borchardt-Slayton represents the Paiute Indian Tribe of Utah, with headquarters located at 440 North Paiute Drive in Cedar City, Utah.

The Utah Prairie Dog is a threatened species that may be present in the project area and may be adversely impacted. Portions of the project area may contain suitable habitat for the Utah Prairie Dog.

The yellow-billed cuckoo is a threatened species that may be present in the project area. Monarch butterflies are listed as candidate species and may exist in the project area. Ute ladies'-tresses and the Last Chance Townsendia are listed as a threatened plant species and may exist in the project area. No critical habitats have been designated for either Monarch butterflies, Ute ladies'-tresses, or Last Chance Townsendia. There are no critical habitats in the project area.

There are 21 migratory bird species that occur on the US Fish and Wildlife Service (USFWS) Birds of Conservation Concern (BCC) list that may warrant special attention in the project area with breeding seasons ranging between December 1 and August 31.

While there are no wildlife or waterfowl management areas (WMAs) located within the project area, several designated WMAs as well as the [Redmond Conservation Easement](#) are located in proximity to portions of the project area.

San Pitch River and tributaries from Gunnison Reservoir to U132 have been designated as impaired. These impaired water bodies are located in close proximity to the Ephraim Inland Port Overlay zone of the project area.

San Pitch River and tributaries from confluence with Sevier River to tailwaters of Gunnison Reservoir have been designated as impaired. These impaired water bodies are located in close proximity to the Gunnison Valley zone of the project area.

Salina Creek and tributaries from confluence with Sevier River, located along S State Street in Salina, Utah, have been designated as impaired. Lost Creek and tributaries from confluence with Sevier River upstream approximately 6 miles, located along Lost Creek Canyon Road, have been designated as impaired.

These impaired water bodies are located in close proximity to the Salina Industrial Park zone in the project area.

Fremont River and tributaries from Bicknell to Mill Meadow Reservoir have been designated as impaired. These impaired water bodies are located in close proximity to the Wayne Industrial Park zone of the project area.

According to the National Wetlands Inventory (NWI), wetlands are located within portions of the project area. Wetlands designated in the NWI may have changed since the date of the imagery and/or field work used for their characterization. Updated qualified wetland delineation studies shall be the final determination for existing wetlands.

Different portions of the project area experience either a 0.2% or 1% annual chance flood hazard, according to FEMA's National Flood Hazard Layer (NFHL) Viewer.

Sanpete, Sevier, and Wayne Counties are all currently in attainment for all criteria pollutants.

PROJECT AREA DESCRIPTION

The combined Skyline Corridor Inland Port Project Area comprises approximately 1,420 acres and consists of several noncontiguous areas within five distinct zones.

Ephraim Inland Port Overlay

The Ephraim Inland Port Overlay zone (Figure 1-1) of the Skyline Corridor Inland Port Project Area is located in Ephraim City, Utah, along North Main Street.

Gunnison Valley

The Gunnison Valley zone (Figure 1-2) of the Skyline Corridor Inland Port Project Area is located on the northwest side of Gunnison City, Utah, along US Highway 89.

Salina Industrial Park

The Salina Industrial Park zone (Figure 1-3) of the Skyline Corridor Inland Port Project Area is located southwest of Salina, Utah, north of I-70 and south of SR-24.

Richfield City

The Richfield City North and South zones (Figure 1-4 and 1-5) of the Skyline Corridor Inland Port Project Area is located throughout Richfield, Utah, along I-70 with proximity to the Richfield Municipal Airport.

Wayne Industrial Park

The Wayne Industrial Park zone (Figure 1-6) of the Skyline Corridor Inland Port Project Area is located south of Lyman, Utah and northwest of Bicknell, Utah, just east of Fremont River.

ENVIRONMENTAL JUSTICE CONSIDERATIONS

Environmental Justice considerations are key components for federal funding opportunities.

It is important to consider the composition of the affected area, to determine whether minority populations, low-income populations, or Indian tribes are present and if so whether they may incur disproportionately high and adverse human health or environmental effects. The Bureau of the Census (BOC) has data available that can be used to identify the composition of the potentially affected population.

Geographic distribution by race, ethnicity, and income, as well as a delineation of tribal lands and resources, should all be examined.

Public engagement and participation in the decision-making process can help assure meaningful community representation throughout the process. Opportunities for the public, especially nearby community members, to provide public comment and voice concerns should be provided.

The Environmental Protection Agency (EPA) has an environmental justice mapping and screening tool called [EJScreen](#). It is based on nationally consistent data and an approach that combines environmental and demographic indicators in maps and reports. The EJScreen community reports for Sanpete, Sevier, and Wayne Counties are below.

EJScreen Community Report

This report provides environmental and socioeconomic information for user-defined areas, and combines that data into environmental justice and supplemental indexes.

Sanpete County, UT

County: Sanpete
Population: 28,816
Area in square miles: 1602.23

COMMUNITY INFORMATION

BREAKDOWN BY RACE

BREAKDOWN BY AGE

LIMITED ENGLISH SPEAKING BREAKDOWN

Notes: Numbers may not sum to totals due to rounding. Hispanic population can be of any race. Source: U.S. Census Bureau, American Community Survey (ACS) 2018-2022. Life expectancy data comes from the Centers for Disease Control.

LANGUAGES SPOKEN AT HOME

LANGUAGE	PERCENT
English	90%

Other Indo-European	1%
Other Asian and Pacific Island	1%
Total Non-English	10%

Report for County: Sanpete
Report produced August 14, 2024 using EJScreen Version 2.3

Environmental Justice & Supplemental Indexes

The environmental justice and supplemental indexes are a combination of environmental and socioeconomic information. There are thirteen EJ indexes and supplemental indexes in EJScreen reflecting the 13 environmental indicators. The indexes for a selected area are compared to those for all other locations in the state or nation. For more information and calculation details on the EJ and supplemental indexes, please visit the EJScreen website.

EJ INDEXES

The EJ indexes help users screen for potential EJ concerns. To do this, the EJ index combines data on low income and people of color populations with a single environmental indicator.

EJ INDEXES FOR THE SELECTED LOCATION

SUPPLEMENTAL INDEXES

The supplemental indexes offer a different perspective on community-level vulnerability. They combine data on percent low income, percent persons with disabilities, percent less than high school education, percent limited English speaking, and percent low life expectancy with a single environmental indicator.

Environmental Justice & Supplemental Indexes

The environmental justice and supplemental indexes are a combination of environmental and socioeconomic information. There are thirteen EJ indexes and supplemental indexes in EJScreen reflecting the 13 environmental indicators. The indexes for a selected area are compared to those for all other locations in the state or nation. For more information and calculation details on the EJ and supplemental indexes, please visit the EJScreen website.

EJ INDEXES

The EJ indexes help users screen for potential EJ concerns. To do this, the EJ index combines data on low income and people of color populations with a single environmental indicator.

EJ INDEXES FOR THE SELECTED LOCATION

SUPPLEMENTAL INDEXES

The supplemental indexes offer a different perspective on community-level vulnerability. They combine data on percent low income, percent persons with disabilities, percent less than high school education, percent limited English speaking, and percent low life expectancy with a single environmental indicator.

SUPPLEMENTAL INDEXES FOR THE SELECTED LOCATION

Report for County: Wayne

Report produced August 14, 2024 using EJScreen Version 2.3

PAST AND PRESENT LAND USES

Public land records—including historical city directories, fire insurance maps, topographic maps, and aerial imagery—can be accessed online and reviewed to help determine previous ownership and identify any structures on properties/adjacent properties in the project area, or indications of environmental contamination.

A visual site inspection should be conducted to observe properties in the project area, any structures on the properties and adjacent properties to identify indications of environmental contamination that may have resulted from activities that took place on the site or from activities at neighboring properties.

Past and present landowners, operators, and/or occupants of properties, along with any knowledgeable local government officials should be interviewed to gather information around past and present land uses of properties in the project area.

It is the responsibility of each landowner to assess past and present land uses for indications of environmental contamination on their respective properties.

GEOTECHNICAL RESOURCES

In order to characterize subsurface conditions and provide design parameters needed to proceed with site development, geotechnical constraints must be identified for the project area.

Potential geotechnical constraints may include:

- anticipated foundation system
- anticipated excavation equipment
- pavement
- anticipated seismic site class
- anticipated frost depth
- bedrock constraints
- blasting anticipated
- groundwater constraints
- dewatering anticipated
- corrosive soils
- karst constraints
- sinkholes
- seismic liquefaction
- settlement monitoring likely required
- fill anticipated on-site
- site usage

Field explorations via soil borings and/or test pits are recommended to determine the geotechnical constraints for the project area. It is the responsibility of each landowner to assess geotechnical constraints on their respective properties.

GEOLOGY AND SOILS

Geological constraints of a project area that should be considered include:

- soil grade,
- soil composition,
- soil permeability and compressibility,
- soil stability,
- soil load-bearing capacity,
- soil corrosivity,
- soil shrink-swell potential,
- soil settlement potential, and
- soil liquefaction potential

It is the responsibility of each landowner to assess geological constraints on their respective properties.

The United State Department of Agriculture (USDA) Natural Resources Conservation Service (NRCS) maintains the [Web Soil Survey](#) (WSS) which provides soil data and information produced by the [National Cooperative Soil Survey](#), a nationwide partnership dedicated to soils since 1899. The WSS provides soil maps and data for more than 95% of the nation's counties and is updated and maintained online as the single authoritative source of soil survey information. WSS data can be used for planning purposes and to assess an area's soil health.

The USDA NRCS defines [soil health](#) as “the continued capacity of soil to function as a vital living ecosystem that sustains plants, animals, and humans. Healthy soil gives us clean air and water, bountiful crops and forests, productive grazing lands, diverse wildlife, and beautiful landscapes”. Soil health research has identified the following principles to manage soil and improve soil function:

- Maximize presence of living roots
- Minimize disturbance
- Maximize soil cover
- Maximize biodiversity

It is the responsibility of each landowner to assess soil health and constraints on their respective properties. Figures 2-1 through 2-6 display the WSS maps for the project area. Map units are defined below.

HYDROGEOLOGY AND HYDROLOGY

Groundwater constraints of the project area that should be considered include:

- depth to groundwater,
- groundwater flow direction, and
- contamination migration potential

Field explorations via soil borings are recommended to determine and document groundwater depths, flow direction, and contamination migration potential. It is the responsibility of each landowner to assess hydrogeological and hydrological constraints on their respective properties.

HISTORICAL AND CULTURAL RESOURCES

The [National Register of Historical Places](#) (NRHP) lists cultural resources previously recorded on the official list of the Nation's historic places worthy of preservation.

Additional previously recorded resources may be on-file at the Utah State Historic Preservation Office (SHPO). If additional information is needed from the Utah SHPO, a qualified cultural resource

professional will need to be consulted. Utah SHPO provides [Archaeological Compliance Guidance](#) for projects that affect cultural resources listed on the NRHP.

It is the responsibility of each landowner to assess potential impacts to historical and cultural resources on their respective properties.

The table below lists cultural resources in Sanpete, Sevier, and Wayne Counties that have been previously recorded on the official list of the Nation's historic places worthy of preservation, none of which occur in the project area.

TRIBAL LANDS

The U.S. Domestic Sovereign Nations: [Indian Lands of Federally-Recognized Tribes of the United States map](#) (commonly referred to as Indian lands) identifies tribal lands with the Bureau of Indian Affairs (BIA) Land Area Representation (LAR). It is the responsibility of each landowner to coordinate with respective tribal representatives in the event that their property exists on tribal lands.

While there are no land-areas of federally recognized tribes located in the project area, both Koosharem and Kanosh Bands of the [Paiute Indian Tribe of Utah](#) have reservations approximately 15 miles outside of the Richfield City zone of the project area. Tribal Chairwoman Tamra Borchardt-Slayton represents the Paiute Indian Tribe of Utah, with headquarters located at 440 North Paiute Drive in Cedar City, Utah.

NATURAL RESOURCES

The Endangered Species Act (ESA) provides a program for the conservation of threatened and endangered plants and animals and the habitats in which they are found per [50 CFR 17](#).

The lead federal agencies for implementing ESA are:

- U.S. Fish and Wildlife Service (FWS)
 - The FWS maintains a worldwide list of endangered species. Species include birds, insects, fish, reptiles, mammals, crustaceans, flowers, grasses, and trees

- U.S. National Oceanic and Atmospheric Administration (NOAA) Fisheries Service

The [U.S. Fish & Wildlife Information for Planning and Consultation \(IPaC\) tool](#) identifies any listed species, critical habitat, migratory birds, or other natural and biological resources that may be impacted by a project. It is the responsibility of each landowner to assess potential impacts to threatened and endangered species on their respective properties.

The Utah Prairie Dog is a threatened species that may be present in the project area and may be adversely impacted. Portions of the project area may contain suitable habitat for the Utah Prairie Dog.

Clearance surveys for Utah Prairie Dogs are recommended to be conducted by a qualified biologist during the active season for Utah Prairie Dogs (approximately April 1 to August 31) of the year prior to the sale and/or development of properties within the project area.

The yellow-billed cuckoo is a threatened species that may be present in the project area. Monarch butterflies are listed as candidate species and may exist in the project area. Ute ladies'-tresses and the Last Chance Townsendia are listed as a threatened plant species and may exist in the project area. No critical habitats have been designated for either Monarch butterflies, Ute ladies'-tresses, and Last Chance Townsendia. There are no critical habitats in the project area.

It is recommended to determine whether project area is likely to adversely affect threatened and candidate plant and animal species in the project area.

There are 21 migratory bird species that occur on the US Fish and Wildlife Service (USFWS) Birds of Conservation Concern (BCC) list or warrant special attention in the project area with breeding seasons ranging between December 1 and August 31. These migratory bird species of concern include the American Avocet, American White Pelican, Bald Eagle, Broad-tailed Hummingbird, California Gull, Cassin's Finch, Clark's Grebe, Clark's Nutcracker, Evening Grosbeak, Forster's Tern, Franklin's Gull, Golden Eagle, Lewis's Woodpecker, Marbled Godwit, Northern Harrier, Pinyon Jay, Rufous Hummingbird, Sage Thrasher, Virginia's Warbler, Western Grebe, and Willet. It is recommended that construction activities are completed outside of the BCC breeding season (12/1 - 8/31).

While there are no wildlife or waterfowl management areas (WMAs) located within the project area, several designated WMAs as well as the [Redmond Conservation Easement](#) are located in proximity to portions of the project area. More information regarding these areas can be found on the [Utah Division of Wildlife Resources website](#).

UTAH NATURAL HERITAGE PROGRAM

The [Utah Natural Heritage Program \(UNHP\)](#), an integral part of the Utah Division of Wildlife Resources and the Utah Department of Natural Resources (UDNR), is the central repository for information on Utah's native plant and animal species, with a focus on rare and other high-interest species.

Through the UNHP, Utah DWR maintains a database of Utah's rare plant and animal species which identifies "species of greatest conservation need" throughout the State of Utah. More information about each of these species and their corresponding habitats can be found in the [Utah Species Field Guide](#). It is the responsibility of each landowner to assess potential impacts to species of greatest conservation need on their respective properties.

The UNHP Online Species Search Report for the Skyline Corridor Project Area is below.

Utah Division of Wildlife Resources

Utah Natural Heritage Program Online Species Search Report

Project Information

Project Name

Skyline Corridor Project Area

Project Description

The Skyline Corridor Project Area consists of multiple noncontiguous areas throughout Sanpete, Sevier, and Wayne counties.

Location Description

The project area consists of distinct zones in Ephraim City, Gunnison City, Salina, Richfield, and Wayne County.

Definitions

State Status

SGCN Species of greatest conservation need listed in the [Utah Wildlife Action Plan](#)

U.S. Endangered Species Act

LE A taxon that is listed by the U.S. Fish and Wildlife Service as "endangered" with the probability of worldwide extinction

ET A taxon that is listed by the U.S. Fish and Wildlife Service as "threatened" with becoming endangered

LE/XN An "endangered" taxon that is considered by the U.S. Fish and Wildlife Service to be "experimental and nonessential" in its designated use areas in Utah

C A taxon for which the U.S. Fish and Wildlife Service has on file sufficient information on biological vulnerability and threats to justify it being a "candidate" for listing as endangered or threatened

PT/PE A taxon "proposed" to be listed as "endangered" or "threatened" by the U.S. Fish and Wildlife Service

Disclaimer

The information provided in this report is based on data existing in the Utah Division of Wildlife Resources' central database at the time of the request. It should not be regarded as a final statement on the occurrence of any species on or near the designated site, nor should it be considered a substitute for on-the-ground biological surveys. Moreover, because the Utah Division of Wildlife Resources' central database is continually updated, any given response is only appropriate for its respective request.

The UDWR provides no warranty, nor accepts any liability, occurring from any incorrect, incomplete, or misleading data, or from any incorrect, incomplete, or misleading use of these data.

The results are a query of species tracked by the Utah Natural Heritage Program, which includes all species listed under the U.S. Endangered Species Act and species on the Utah Wildlife Action Plan. Other significant wildlife values might also be present on the designated site. Please [contact](#) UDWR's regional habitat manager if you have any questions.

For additional information about species listed under the Endangered Species Act and their Critical Habitats that may be affected by activities in this area or for information about Section 7 consultation under the Endangered Species Act, please visit <https://ecos.fws.gov/ipac/> or contact the U.S. Fish and Wildlife Service Utah Ecological Services Field Office at (801) 975-3330 or utahfieldoffice_esa@fws.gov.

Please contact our office at (801) 538-4759 or habitat@utah.gov if you require further assistance.

Your project is located in the following UDWR region(s): Central region , Southern region

WATER RESOURCES

The Clean Water Act (CWA) establishes the basic structure for regulating discharges of pollutants into the waters of the United States and regulating quality standards for surface waters. It is the responsibility of each landowner to assess potential impacts to surface waters and comply with water quality regulations for their respective properties.

The Utah Division of Water Quality (DWQ) is the regulatory agency responsible for enforcing [Utah's Water Quality Laws and Rules](#), including [Utah Administrative Code – Title R317](#) and the [Utah Water Quality Act](#). The [Utah Water Quality Board](#) guides the development of water quality policy and regulation within the state. It is the responsibility of each landowner to comply with Utah's water quality laws and rules for their respective properties.

Impaired Water Bodies are bodies of water that are too polluted or otherwise degraded to meet the water quality standards set by states, territories, or authorized tribes. [Section 303\(d\) of the CWA](#), requires states to identify waters where current pollution control technologies alone cannot meet the water quality standards set for that water body. The impaired waters are prioritized based on the severity of the pollution and the designated use of the waterbody. States must establish the total maximum daily load(s) (TMDL) of the pollutant(s) in the water body for impaired waters on their list.

The Utah DWQ provides a [web-based mapping tool](#) that identifies designated beneficial uses of surface waters in Utah as well as their water quality conditions based on scientific assessments. If a waterbody is listed as impaired (as indicated in the “2010 Assessment” data field) and water quality restoration plans have been approved, the “TMDL Information” field and web link will appear, providing the plan to restore the waterbody to its designated beneficial use. The information provided on this web page is not the official record of impaired waters. The Utah [Water Quality Monitoring Program](#) provides details for assessing surface water resources and establishing their protections.

San Pitch River and tributaries from Gunnison Reservoir to U132 have been designated as impaired. These impaired water bodies are located in close proximity to the Ephraim Inland Port Overlay zone of the project area.

San Pitch River and tributaries from confluence with Sevier River to tailwaters of Gunnison Reservoir have been designated as impaired. These impaired water bodies are located in close proximity to the Gunnison Valley zone of the project area.

Salina Creek and tributaries from confluence with Sevier River, located along S State Street in Salina, Utah, have been designated as impaired. Lost Creek and tributaries from confluence with Sevier River upstream approximately 6 miles, located along Lost Creek Canyon Road, have been designated as impaired. These impaired water bodies are located in close proximity to the Salina Industrial Park zone in the project area.

Fremont River and tributaries from Bicknell to Mill Meadow Reservoir have been designated as impaired. These impaired water bodies are located in close proximity to the Wayne Industrial Park zone of the project area.

More information regarding these impaired water bodies and their classification can be found in the Utah Division of Water Quality's [Final 2022 Integrated Report on Water Quality](#).

WETLANDS

Section 404 of the Clean Water Act (CWA) establishes a program to regulate the discharge of dredged or fill material into waters of the United States, including wetlands. Activities in waters of the United States regulated under this program include fill for development, water resource projects (such as dams and levees), infrastructure development (such as highways and airports) and mining projects. Section 404 requires a permit before dredged or fill material may be discharged into waters of the United States, unless the activity is exempt from Section 404 regulation (e.g., certain farming and forestry activities).

An individual permit may be required if the project poses potentially significant impacts to the nearby wetland, or if fill from the project area would be discharged into the nearby wetland. Individual permits are reviewed by the U.S. Army Corps of Engineers, which evaluates applications under a public interest review, as well as the environmental criteria set forth in the [CWA Section 404\(b\)\(1\) Guidelines](#). [33 CFR 320](#) establishes general regulatory policies for wetlands.

The [National Wetlands Inventory \(NWI\)](#) was established by the United States Fish and Wildlife Service (USFWS) to conduct a nationwide inventory of U.S. wetlands to provide information on the distribution and type of wetlands to aid in conservation efforts. The NWI is not meant to be the final determination of existing wetlands. Wetlands or other mapped features in the NWI may have changed since the date of the imagery and/or field work used for characterization. Updated qualified wetland delineation studies shall be the final determination for existing wetlands. It is the responsibility of each landowner to assess potential impacts to wetlands and comply with wetland regulations for their respective properties.

Per UIPA's [wetland policy](#), upon approval of UIPA's Board, tax differential funds designated towards wetland mitigation in UIPA project areas with Great Salt Lake and Utah Lake wetlands may be used for water purchases, land easements for natural buffer zones, wetland characterization beyond what is federally required, and/or wetland mitigation methods identified by the EPA and the Army Corps (restoration, establishment, enhancement, or preservation).

According to the National Wetlands Inventory, Figures 3-1 through 3-6 display nationally characterized wetlands located in the project area.

FIGURE 3-1: EPHRAIM INLAND PORT OVERLAY ZONE NATIONAL WETLANDS INVENTORY MAP

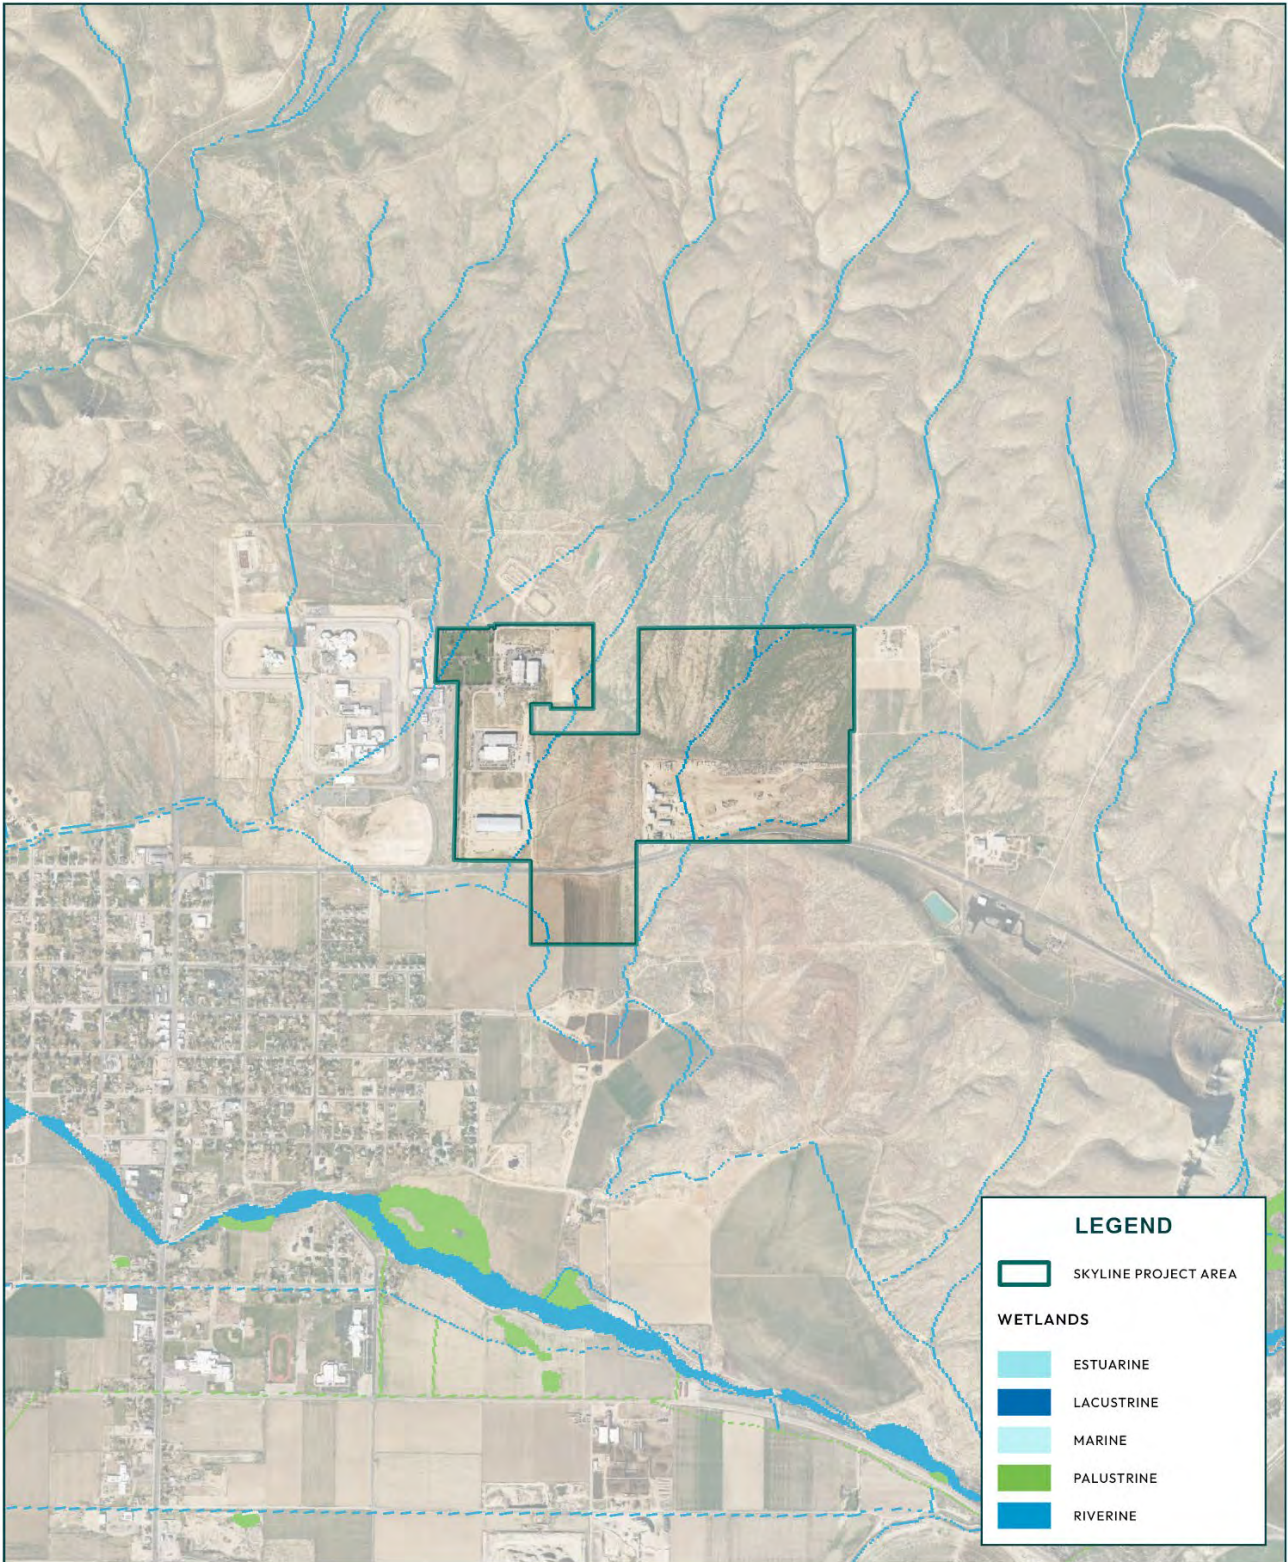

FIGURE 3-2: GUNNISON VALLEY ZONE NATIONAL WETLANDS INVENTORY MAP

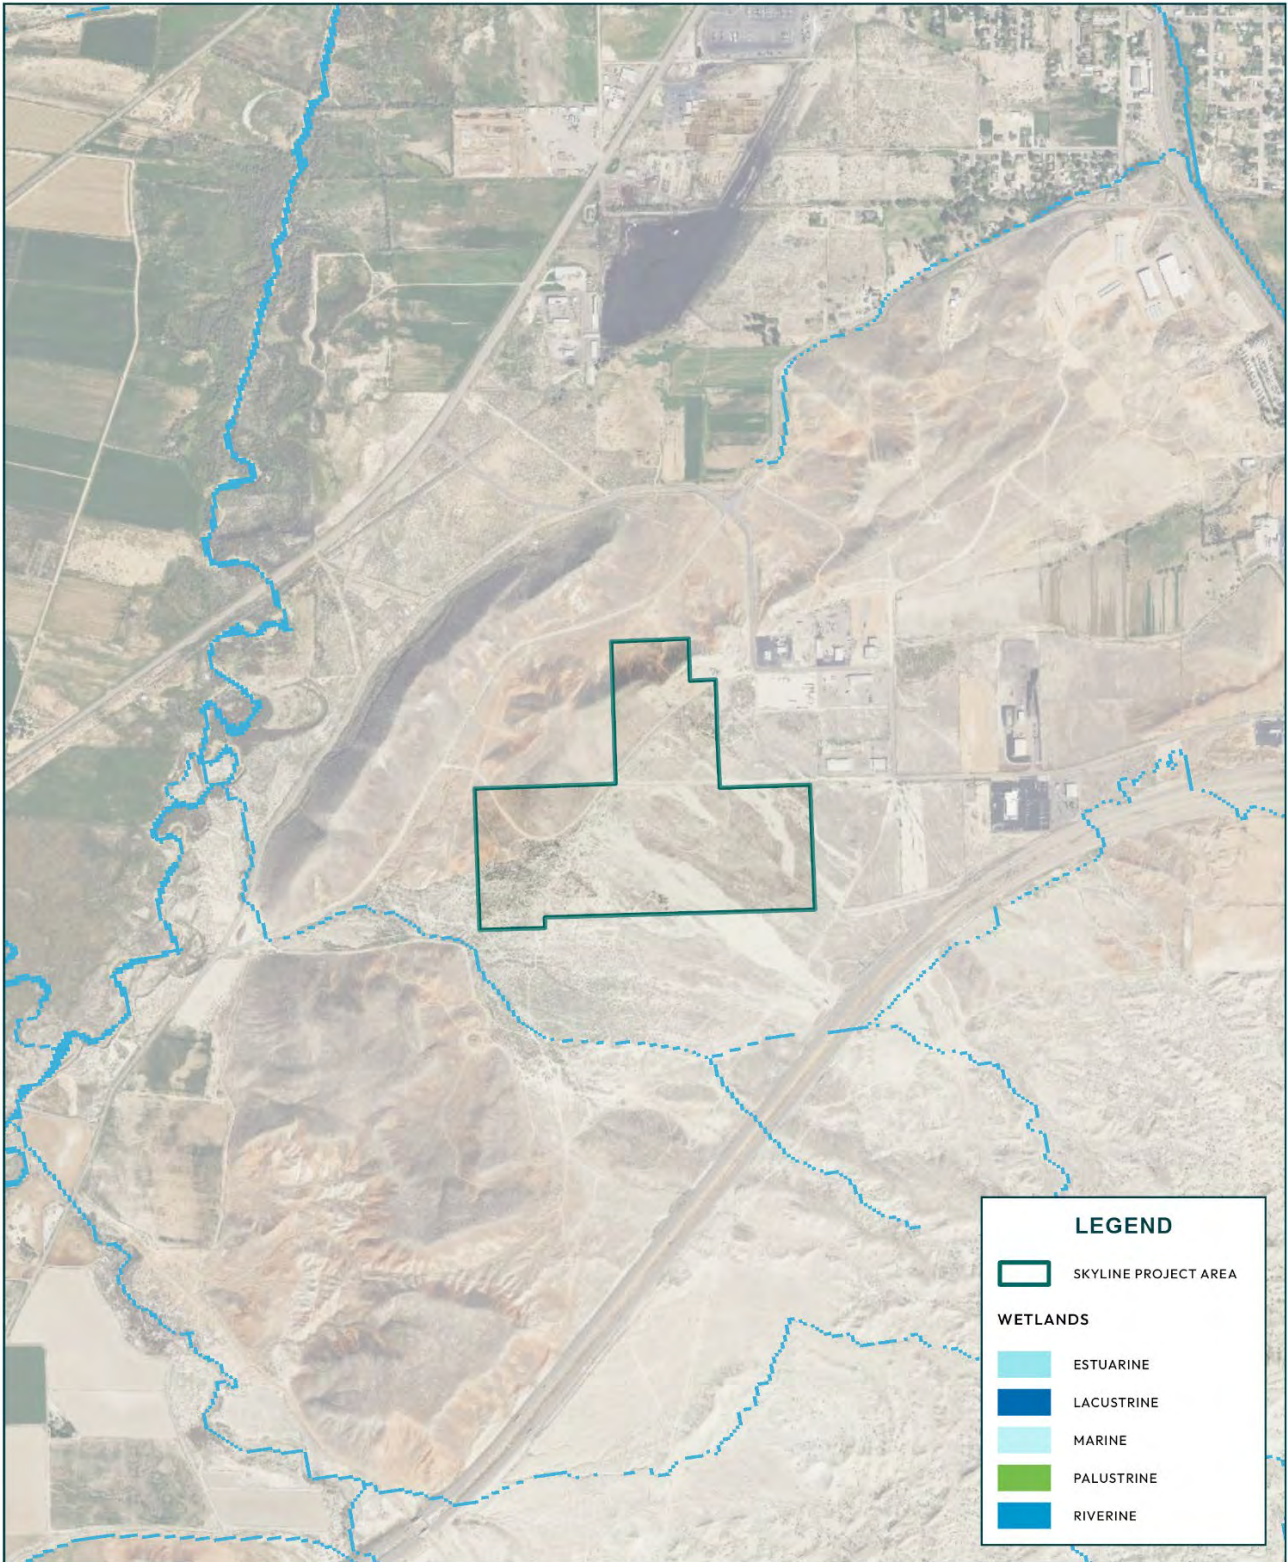

FIGURE 3-3: SALINA INDUSTRIAL PARK ZONE NATIONAL WETLANDS INVENTORY MAP

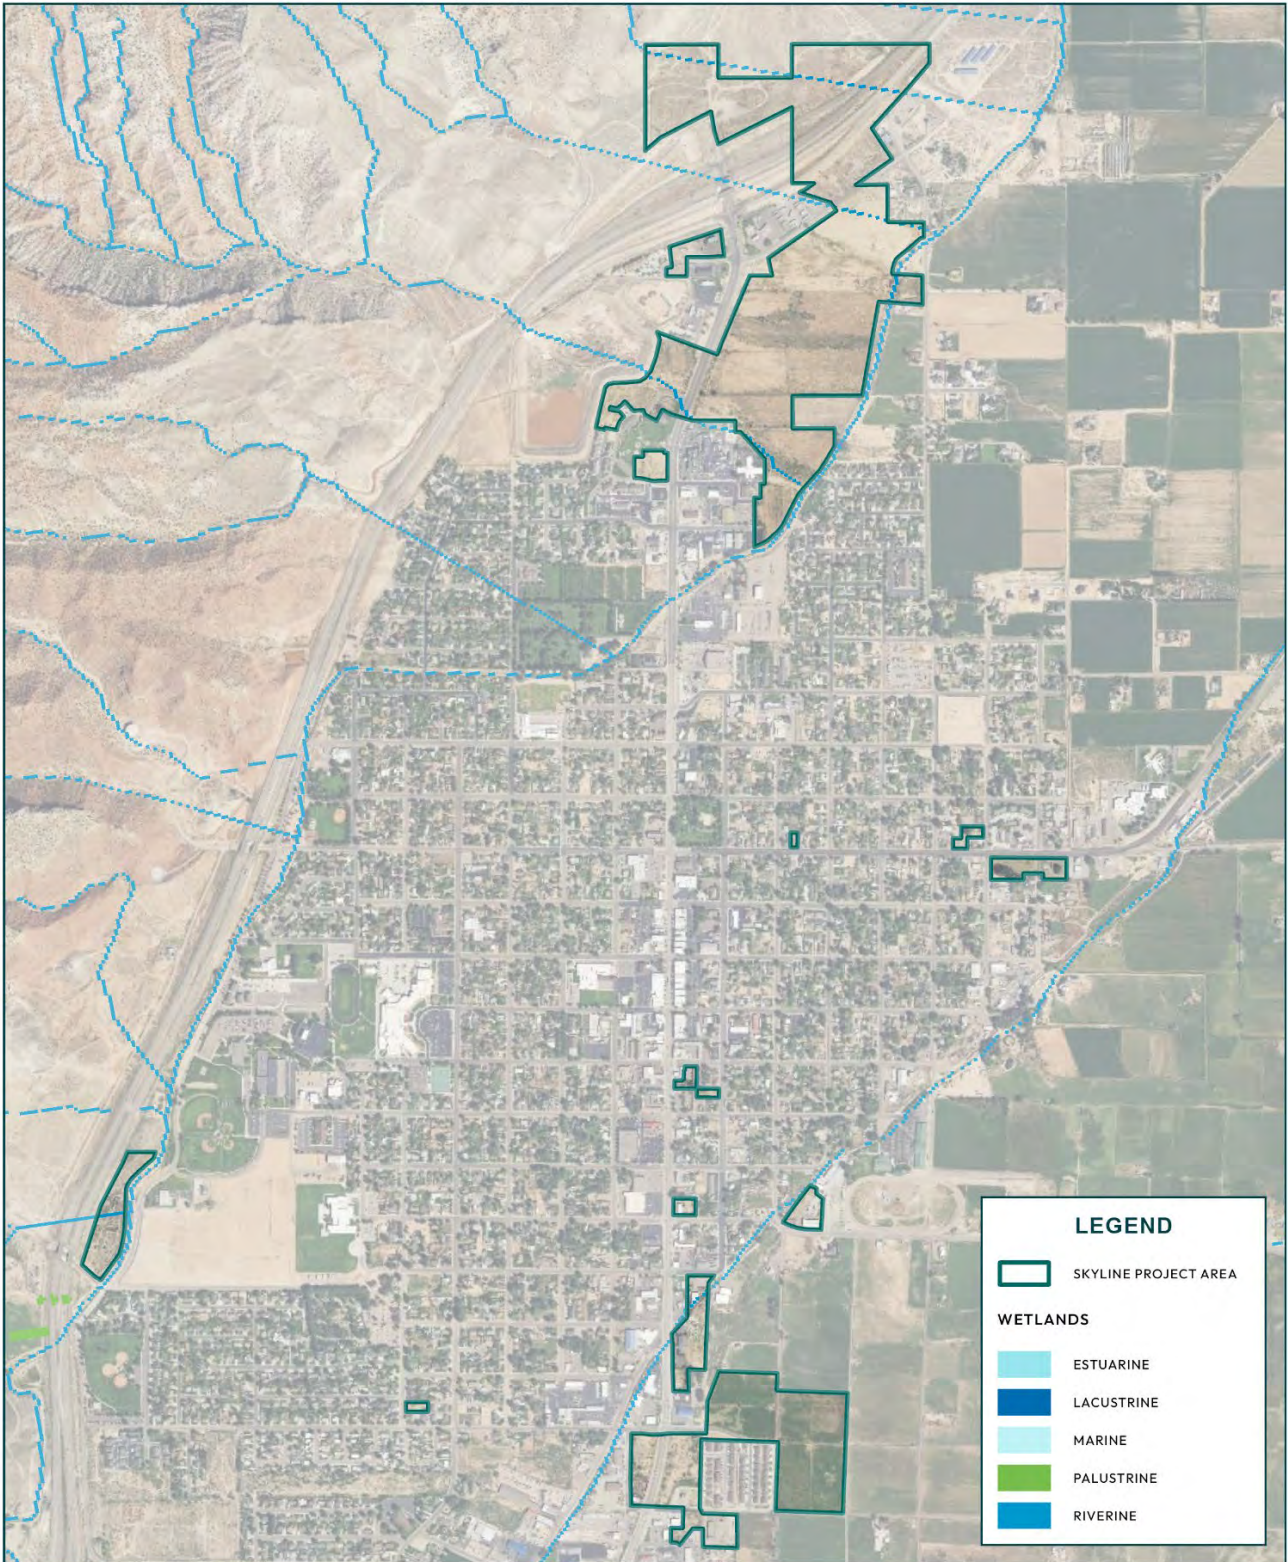

FIGURE 3-4: RICHFIELD CITY NORTH ZONE NATIONAL WETLANDS INVENTORY MAP

FIGURE 3-5: RICHFIELD CITY SOUTH ZONE NATIONAL WETLANDS INVENTORY MAP

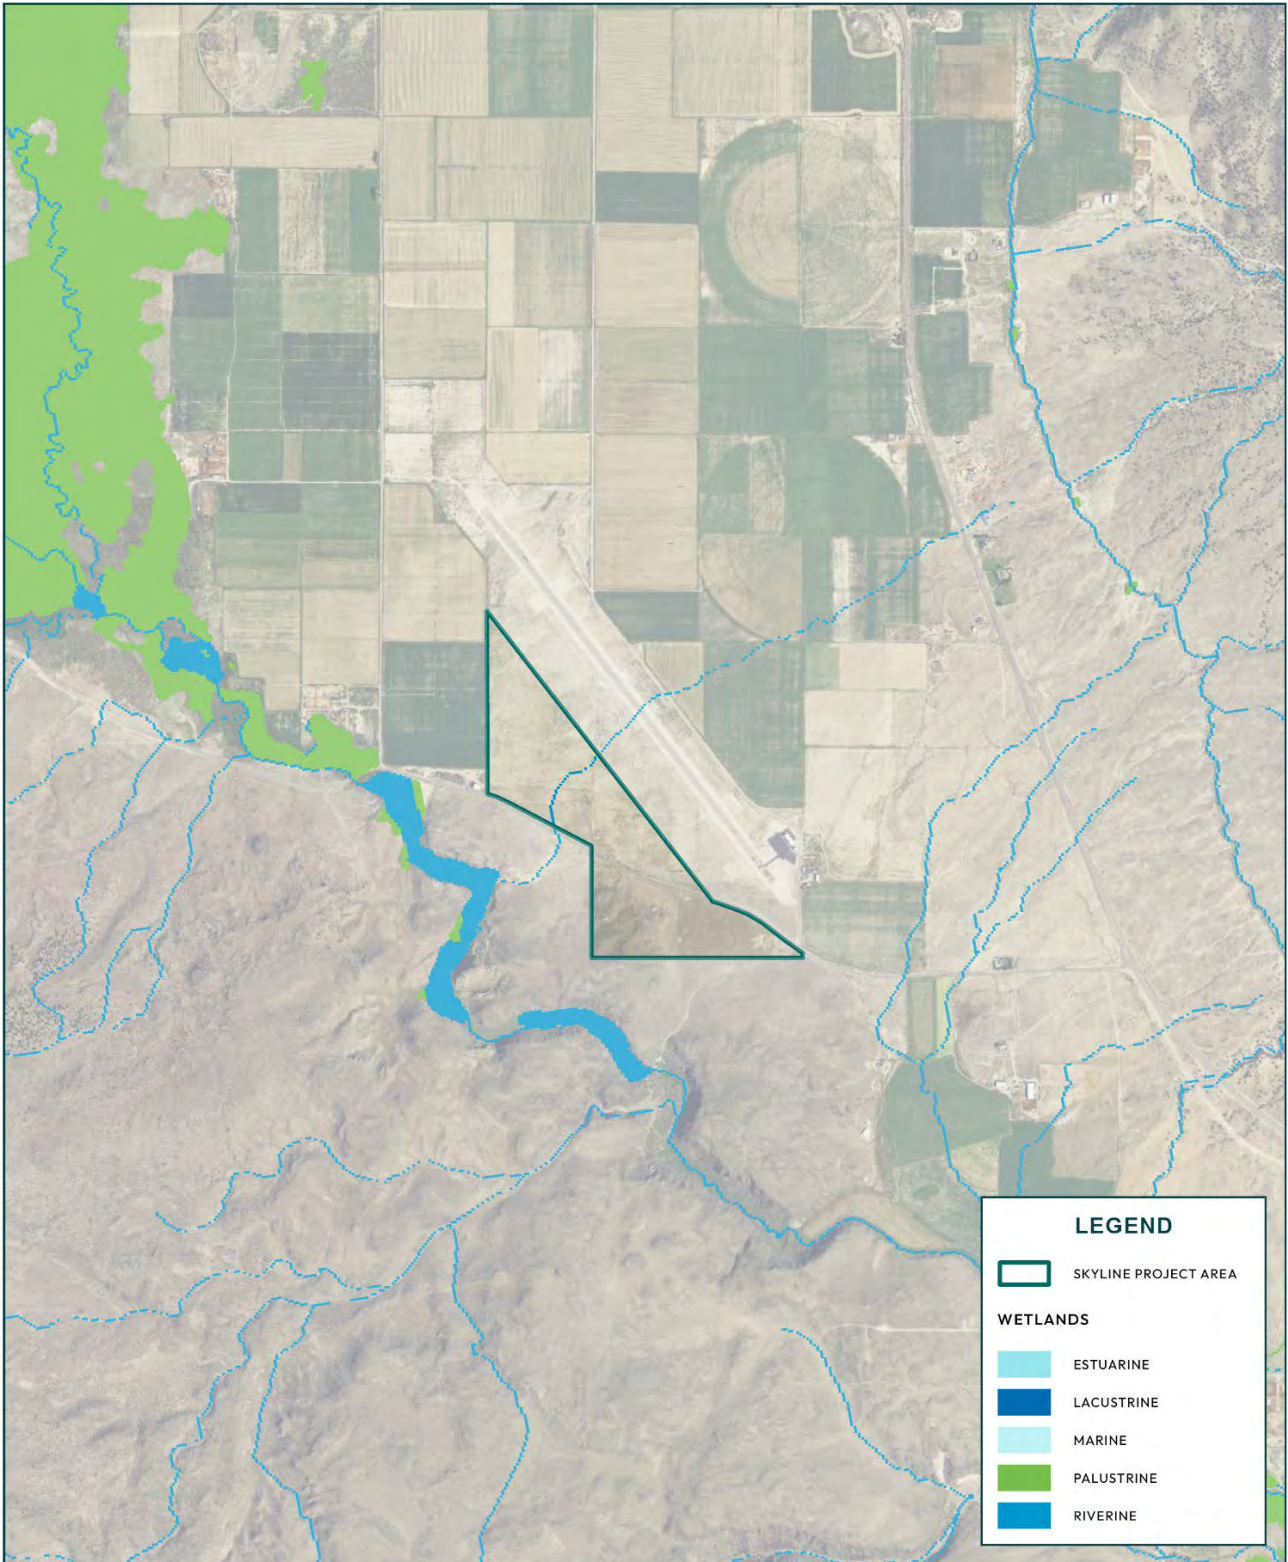

FIGURE 3-6: WAYNE INDUSTRIAL PARK ZONE NATIONAL WETLANDS INVENTORY MAP

FLOODPLAINS

Congress established the National Flood Insurance Program (NFIP) with the passage of the [National Flood Insurance Act of 1968](#). Since the inception of NFIP, [additional legislation](#) has been enacted. The NFIP goes through periodic [Congressional reauthorization](#) to renew the NFIP's statutory authority to operate.

Flood maps are one tool that communities use to know which areas have the highest risk of flooding. FEMA maintains and updates data through [flood maps](#) and [risk assessments](#).

FEMA's [National Flood Hazard Layer \(NFHL\) Viewer](#) is a map tool that identifies flood hazard areas. It is the responsibility of each landowner to assess potential flood hazards and risk for their respective properties.

Flood hazard survey maps that are available for zones of the project area are below (Figures 4-1 through 4-3).

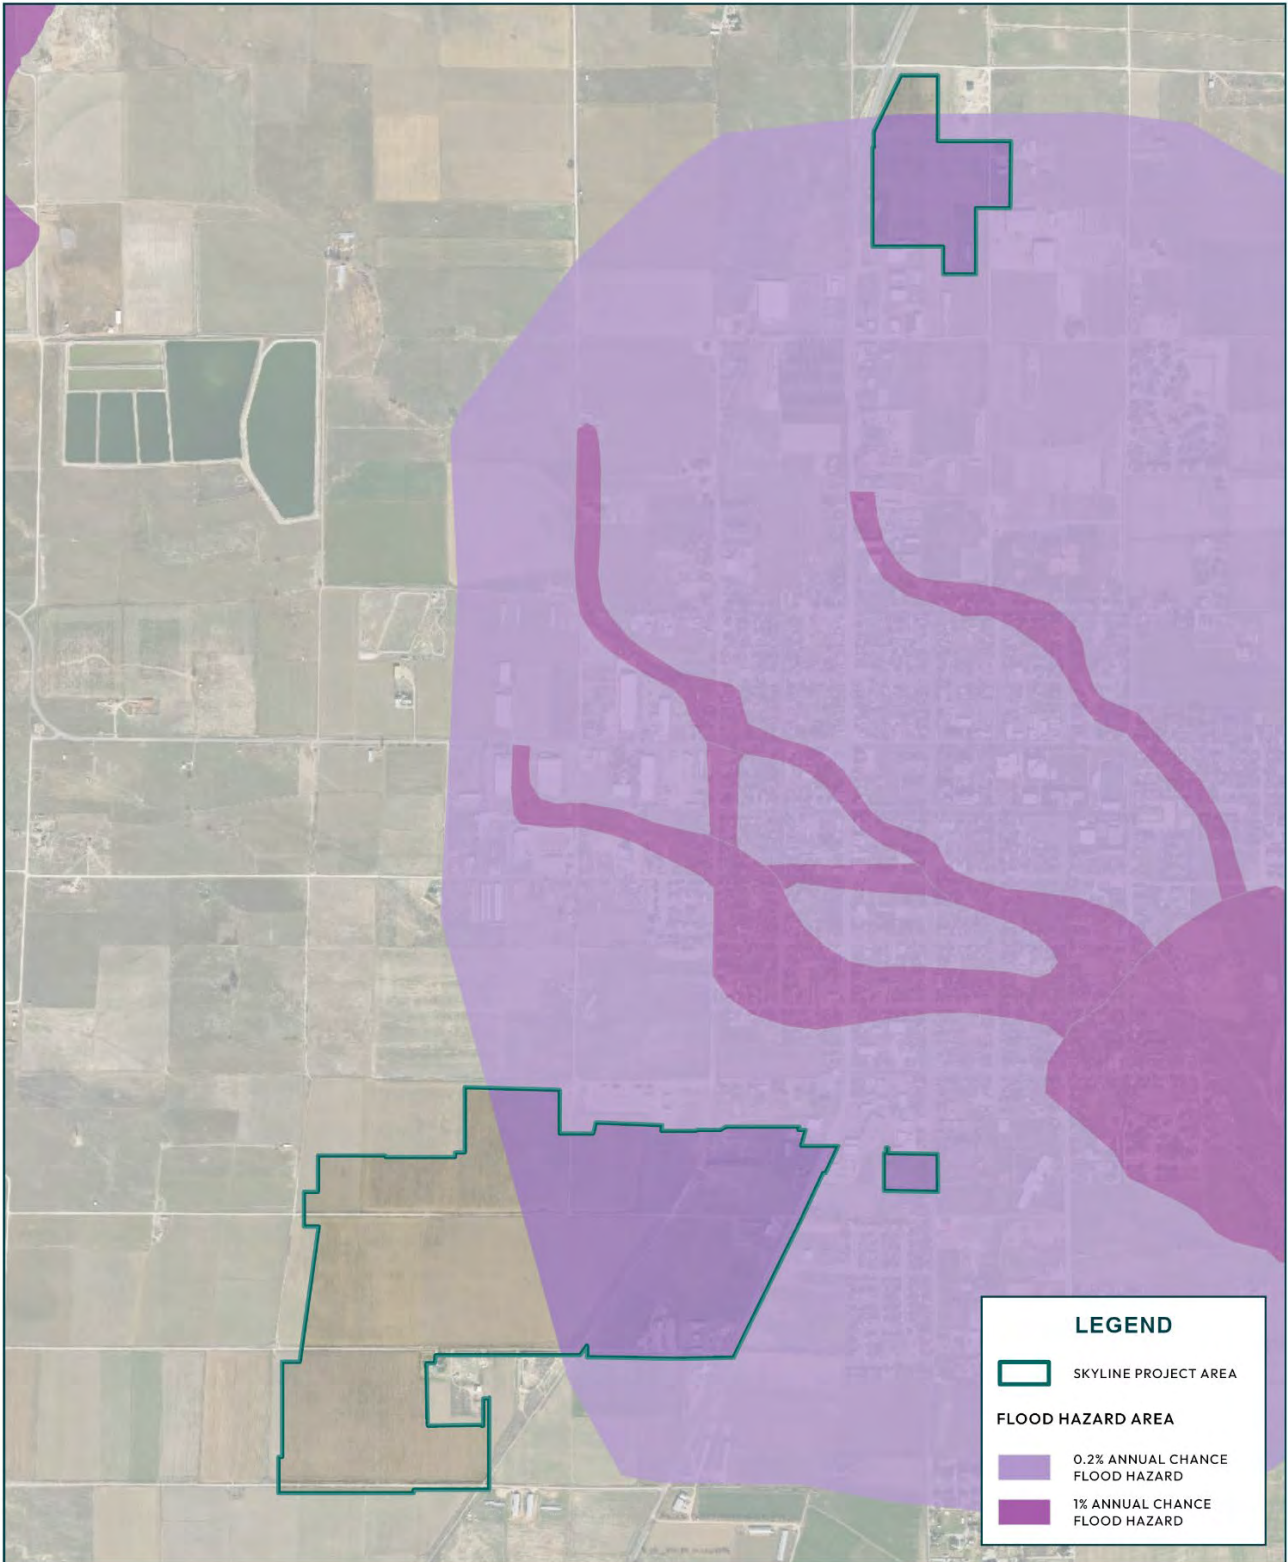

FIGURE 4-1: EPHRAIM INLAND PORT OVERLAY ZONE FLOOD HAZARD SURVEY MAP

FIGURE 4-2: GUNNISON VALLEY ZONE FLOOD HAZARD SURVEY MAP

FIGURE 4-3: RICHFIELD CITY SOUTH ZONE FLOOD HAZARD SURVEY MAP

ENVIRONMENTAL QUALITY

It is the responsibility of each landowner to assess potential and historic sources of contamination and comply with regulations pertaining to contamination and hazardous materials for their respective properties.

PREVIOUSLY IDENTIFIED SOURCES OF CONTAMINATION

To determine whether previously identified sources of contamination are present at the project area, Federal, State, and local government records of sites or facilities where there has been a release of hazardous substances and which are likely to cause or contribute to a release or threatened release of hazardous substances on the property, including investigation reports for such sites or facilities; Federal, State, and local government environmental records, obtainable through a Freedom of Information Act request, of activities likely to cause or contribute to a release or threatened release of hazardous substances on the property, including landfill and other disposal location records, underground storage tank records, hazardous waste handler and generator records and spill reporting records; and such other Federal, State, and local government environmental records which report incidents or activities which are likely to cause or contribute to release or threatened release of hazardous substances on the property can be reviewed.

These data sources include the following regulatory database lists and files, and the minimum search distances in miles, as well as other documentation (if available and applicable):

- Comprehensive Environmental Response, Compensation, and Liability Information System (CERCLIS), -.5 mile;
- National Priorities List (NPL), - 1.0 mile;
- Facility Index Listing (FINDS), - subject sites;
- Federal Agency Hazardous Waste Compliance Docket, - 1.0 mile;
- Federal RCRA TSD Facilities List, - 1.0 mile; and
- Federal RCRA Generators List, - Subject sites and adjoining properties.

For additional information regarding previously identified sources of contamination, it is recommended that property owners complete a Freedom of Information Act request for Federal, State, and local government environmental records.

ENVIROFACTS

Envirofacts is a single point of access to select U.S. EPA environmental data. This website provides access to several EPA databases to provide information about environmental activities that may affect air, water, and land anywhere in the United States.

Envirofacts allows the search of multiple environmental databases for facility information, including toxic chemical releases, water discharge permit compliance, hazardous waste handling processes, Superfund status, and air emission estimates.

Facility information reports regarding toxic chemical releases, water discharge permit compliance, hazardous waste handling processes, Superfund status, and air emission estimates is publicly available and accessible on the [Envirofacts website](#).

UTAH ENVIRONMENTAL INTERACTIVE MAP

The Utah Department of Environmental Quality (UDEQ) maintains an [Environmental Interactive Map](#) that contains information about drinking water, water quality, air quality, environmental response and remediation, waste management and radiation control, and environmental justice.

The information contained in this interactive map has been compiled from the UDEQ database(s) and is provided as a service to the public. This interactive map is to be used to obtain only a summary of information regarding sites regulated by UDEQ.

HAZARDOUS MATERIALS

Information gathered relating to past and present land use as well as previously identified sources of contamination can be used to evaluate if readily available evidence indicates whether the presence or likely presence of hazardous materials on or under the property surface exist and attempt to determine if existing conditions may violate known, applicable environmental regulations.

The range of contaminants considered should be consistent with the scope of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) and should include petroleum products. The EPA maintains a [List of Lists](#), which serves as a consolidated chemical list and includes chemicals subject to reporting requirements under the Emergency Planning and Community Right-to-Know Act (EPCRA), also known as Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA), the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), and section 112(r) of the Clean Air Act (CAA).

WASTE GENERATION, STORAGE, AND DISPOSAL

To determine whether hazardous or non-hazardous waste generation, storage, and disposal activities currently exist, it is necessary to conduct a visual site inspection of properties, associated facilities, improvements on real properties, and of immediately adjacent properties. The site inspection should include an investigation of any chemical use, storage, treatment and disposal practices on the properties. Review of Federal, State, and local government environmental records, including landfill and other disposal location records, may determine whether hazardous or non-hazardous waste generation, storage, and disposal activities existed previously on the property.

ABOVEGROUND AND UNDERGROUND STORAGE TANKS (ASTS AND USTs)

Aboveground Storage Tanks are typically regulated by local fire departments. Cleanup of petroleum spills may be handled through [Utah State's Underground Tank Program](#). Additionally, permitting of tanks may be required through the [State's air quality program](#).

AIR QUALITY

The Clean Air Act (CAA) is a federal law that requires the Environmental Protection Agency (EPA) to establish National Ambient Air Quality Standards (NAAQS) for pollutants that are harmful to public health and the environment. NAAQS are established for criteria pollutants which include carbon monoxide (CO), lead (Pb), nitrogen dioxide (NO₂), ozone (O₃), particle pollution (PM₁₀ and PM_{2.5}), and sulfur dioxide (SO₂). [Current Nonattainment Counties for All Criteria Pollutants](#) are maintained by the EPA and updated regularly.

Prior to the initiation of construction or modification of an installation that might reasonably be expected to be a source of air pollution, the owner or operator of such source must submit to the Executive Secretary of the [Utah Air Quality Board](#) a notice of intent (NOI) to construct for an air quality approval order (AO).

A New Source Review AO is required if:

- emissions of criteria pollutants (ozone, particulate matter [PM], carbon monoxide [CO], lead, sulfur dioxide [SO_x], and nitrogen dioxide [NO_x]) are five tons per year or greater, or
- hazardous air pollutant (HAP) emissions are greater than 500 pounds per year for an individual HAP or 2000 pounds per year for all HAPs combined.

It is the responsibility of each landowner to assess potential sources of air pollution and comply with regulations pertaining to air quality for their respective properties.

Sanpete, Sevier, and Wayne Counties are all currently in attainment for all criteria pollutants.
