## **I. INTRODUCTION**

### **Purpose and Intent.**

The District is an independent unit of local government, separate and distinct from UIPA, and, except as may otherwise be provided for by State or local law or this Governing Document, its activities are subject to review by UIPA only insofar as they may deviate in a material matter from the requirements of the Governing Document. It is intended that the District will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the District and to operate and maintain all or a portion of the Public Improvements. The primary purpose of the District will be to finance the construction and operation and maintenance of these Public Improvements. The District is not being created to provide any ongoing operations and maintenance services. Notwithstanding Section 17D-4-201(1)(b)(iv), Utah Code, UIPA has elected to create the District as an independent political subdivision, which is separate and distinct from UIPA and is not a subsidiary of UIPA.

### **Need for the District.**

There are currently no other governmental entities, including UIPA, located in the immediate vicinity of the District that consider it desirable, feasible or practical to undertake the planning, design, acquisition, construction installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project or to provide for the operation and maintenance of the Public Improvements. Formation of the District is therefore necessary in order for the Public Improvements required for the Project to be provided and to be operated and maintained in the most economic manner possible.

### **Objective of UIPA Regarding District's Governing Document.**

UIPA's objective in approving the Governing Document for the District is to authorize the District to provide for the planning, design, acquisition, construction, installation, relocation and redevelopment of the Public Improvements from the proceeds of Debt to be issued by the District (or interlocal entity formed by the District) and to allow the District to operate and maintain the Public Improvements by charging Fees, Assessments or taxes. All Debt is expected to be repaid by tax differential, taxes imposed and collected for no longer than the Maximum Debt Mill Levy Imposition Term and at a tax mill levy no higher than the Maximum Debt Mill Levy, and/or fees and Assessments. All operation and maintenance relation to the Public Improvements is expected to be paid from Fees, Assessment, or taxes paid by property owners and other users. It is the intent of UIPA that the District will continue to charge or levy, as applicable, Fees, Assessments, and taxes and to operate and maintain the Public Improvements after payment or defeasance of all Debt incurred. Debt which is issued within these parameters will insulate property owners from excessive tax burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

This Governing Document is intended to establish a limited purpose for the District and explicit financial constraints that are not to be violated under any circumstances.

The primary purpose is to provide for the Public Improvements associated with development and regional needs and for the provision of operation and maintenance of the Public Improvements.

The District shall be authorized to finance the Public Improvements that can be funded from Debt to be repaid from Assessments or from tax revenues collected from a mill levy which shall not exceed the Maximum Debt Mill Levy on taxable properties and which shall not exceed the Maximum Debt Mill Levy Imposition Term on taxable properties (or repaid from a combination of Fees, Assessments or a mill levy). It is the intent of this Governing Document to assure to the extent possible that no taxable property bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy in amount and that no taxable property bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy Imposition Term in duration even under bankruptcy or other unusual situations. Generally, the cost of Public Improvements that cannot be funded within these parameters are not costs to be paid by the District.

Public Improvements shall

be subject to the ordinary inspection and approval procedures of the County and other governmental entities having proper jurisdiction.

Procurement. The District shall be subject to the Utah Procurement Code, Title 63G, Chapter 6a. Notwithstanding this requirement, the District may acquire completed or partially completed improvements for fair market value as reasonably determined by any one of a surveyor or engineer that the District employs or engages to perform the necessary engineering services for and to supervise the construction or installation of the improvements.

No Debt Issuance Limitation. So long as Debt is issued in accordance with the provisions of this Governing Document, there is no limit to the amount of Debt that may be issued by any District.

Bankruptcy Limitation. All of the limitations contained in the Governing Document, including, but not limited to, those pertaining to the Maximum Debt Mill Levy, Maximum Debt Mill Levy Imposition Term and the Fees have been established under the authority of UIPA to approve a Governing Document with conditions pursuant to Section 17D-4-201(5), Utah Code. Actions of the District which violate the limitations set forth in V.A.1-9 above or in VIII.B-G. shall be deemed to be material modifications to this Governing Document and UIPA shall be entitled to all remedies available under State and local law to enjoin such actions of the District.

Subject to the limitations and exceptions contained herein, this Governing Document may be amended by passage of resolutions of UIPA and the District approving such amendment.

The District may also rely upon various other revenue sources authorized by law. These will include the power to assess Fees, penalties, or charges, including as provided in Section 17D-4-304, Utah Code, as amended from time to time.
